LD 2 An Act To Prevent Bad Faith Assertions of Patent Infringement

**Accepted Report A
(ONTP)**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DEVIN M CARPENTER M	ONTP OTP-AM OTP	

Current law prohibits a person from making a bad faith assertion of patent infringement against another person. A person who does make a bad faith assertion may have to pay remedies awarded by the court, including equitable relief, damages, costs and fees and punitive damages; however, the law exempts persons seeking relief pursuant to 35 United States Code, Section 271(e)(2) or 42 United States Code, Section 262 from the law prohibiting bad faith assertions of patent infringement, which may include businesses such as pharmaceutical companies. This bill removes the exemption.

Committee Amendment "A" (H-12)

This amendment is a minority report. It replaces the bill and narrows the existing exemption to apply to only good faith demand letters and good faith assertions of patent infringement arising under 35 United States Code, Section 271(e)(2) or 42 United States Code, Section 262.

This amendment was not adopted.

LD 21 An Act To Amend the Law Regarding the Execution of Temporary Powers of Attorney

PUBLIC 42

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
SANDERSON D	OTP-AM	H-22

Under current law, nonprofit legal services providers whose primary purpose is to provide free legal services are exempt from the requirement that organizations that assist parents or guardians with the process of executing a power of attorney for the temporary care of a minor ensure that a background check is completed for the agent and any adult members of the agent's household. This bill extends that exemption to nonprofit hospitals.

Committee Amendment "A" (H-22)

This amendment adds language to make clear that preparation of the powers of attorney contemplated by the current law must be in compliance with current law prohibiting the unauthorized practice of law.

Enacted Law Summary

Public Law 2017, chapter 42 exempts nonprofit hospitals from the requirement that organizations that assist parents or guardians with the process of executing a power of attorney for the temporary care of a minor ensure that a background check is completed for the agent and any adult members of the agent's household. Chapter 42 clarifies that preparation of the powers of attorney contemplated by the law must be in compliance with current law prohibiting the unauthorized practice of law.

LD 39 An Act To Clarify Landowners' Liability Regarding Public Access

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
SAVIELLO T BLACK R	ONTP	

Under the current law, known as the "Landowner Liability Law," liability for recreational or harvesting activities is not limited for an injury suffered in any case where permission to pursue any recreational or harvesting activities was granted for a consideration other than consideration paid to the landowner or the landowner's agent for use of the premises on which the injury was suffered, as long as certain conditions exist. This bill extends the limitation of liability to situations in which consideration is paid to the sublessee or the holder of an easement from the landowner, as long as certain conditions exist. See also LD 112.

LD 46 An Act To Provide Consistency with Regard to Jury Duty Exemption

PUBLIC 275

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LIBBY N	OTP-AM	S-46

Current law requires that all persons chosen for jury service must be selected at random from the broadest feasible cross-section of the population. The bill proposes achieving consistency in exemptions among medical professionals by adding nurse practitioners who are providing active patient care to other medical professionals who are providing active patient care and are currently exempt. This bill exempts certified nurse practitioners providing active patient care from jury duty.

Committee Amendment "A" (S-46)

This amendment creates consistency among medical professionals and others by removing all statutory exemptions from jury duty except for the Governor, active duty military and deployed state National Guard, thus increasing the juror pool.

Enacted Law Summary

Public Law 2017, chapter 275 creates consistency among medical professionals and others with regard to serving as a juror by removing all statutory exemptions from jury duty except for the Governor, active duty military and deployed state National Guard, thus increasing the juror pool.

LD 63 An Act To Ensure Complete Investigations by Guardians Ad Litem

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
PICCHIOTTI J CYRWAY S	ONTP	

This bill removes the sunset provision from the consolidated law governing children's guardians ad litem in the Maine Revised Statutes, Title 4, chapter 32.

This bill also requires a guardian ad litem appointed in cases under Title 18-A, Title 19-A or Title 22 of the Maine Revised Statutes to prepare reports to the court and the parties using court-approved forms. Each report must demonstrate that the guardian ad litem fulfilled each of the specific duties assigned to the guardian ad litem in the

Joint Standing Committee on Judiciary

court's order of appointment.

LD 64 An Act To Require Mediation within 90 Days of a Homeowner's Receipt of a Foreclosure Notice ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
PIERCE J	ONTP	

This bill makes several changes to the foreclosure mediation program.

First, it makes the mediation program mandatory for all parties when a plaintiff commences an action for the foreclosure of an owner-occupied residential property of no more than four units that is the primary residence of the owner-occupant.

Second, it requires the mediation to start not more than 90 days after the defendant receives the foreclosure complaint.

Third, the bill requires the cost of mediation to be paid equally by the plaintiff and the defendant. Currently, the plaintiff pays for mediation services, although they are usually passed on to the defendant.

Fourth, the bill eliminates the requirement that the attorneys for the plaintiff and the defendant, if the defendant is represented, attend the mediation.

LD 81 An Act Regarding the Payment of Back Child Support

PUBLIC 102

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DIAMOND B ORDWAY L	OTP-AM	S-75

This bill removes the presumption that a child support order has been paid after 20 years and clarifies that the equitable defense of laches is unavailable in actions to enforce a child support judgment or agreement.

Committee Amendment "A" (S-75)

This amendment clarifies that a child support order entered either by a court or by an administrative agency is not presumed to have been paid after 20 years. This amendment also removes the section of the bill that states that the equitable defense of laches is unavailable in actions to enforce a child support judgment, which is unnecessary given the Law Court's decision in *Brochu v. McLeod*, 2016 ME 146, 148 A.3d 1220.

Enacted Law Summary

The Probate and Trust Law Advisory Commission submitted legislative recommendations in a report to the Joint Standing Committee on Judiciary of the 127th Legislature on December 6, 2014 and included revisions to the recommendations in a subsequent report submitted November 20, 2015. The purpose of this bill is to adopt the Uniform Probate Code as the Maine Uniform Probate Code, incorporating the changes recommended by the Probate and Trust Law Advisory Commission, and to reorganize the Probate Code to be more logical, while bringing the language into conformity with current drafting standards, clarifying current law and eliminating inconsistencies within Title 18-A.

LD 196 An Act To Protect Personal Information of Participants in a Community Well-being Check Program **PUBLIC 118**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MALABY R	OTP-AM	H-126

This bill creates a public records exception under the Freedom of Access Act to protect the confidentiality of personal information of participants in community well-being check programs. A community well-being check program, sometimes known as a "Good Morning Program," is a voluntary program that involves daily, or regular, telephone contact with participants and, when telephone contact cannot be made, sends local law enforcement or other designated first responders to check on the well-being of the participant at the participant's residence. The bill makes an exception to the confidentiality provision to allow for the sharing of a participant's personal information, including health information, with local law enforcement or other designated first responders as necessary to administer the program.

Committee Amendment "A" (H-126)

This amendment revises the bill to provide that the information may be made available to first responders but only

Joint Standing Committee on Judiciary

as necessary to implement the program. It also amends the bill to take out the limitation to telephone contact between the participant and the program, allowing any form of contact that the program uses. It also revises the language to use the broader term of "first responder" to cover the persons who the program sends to check on the participant's well-being and who may receive the personal information about the participant only when necessary to implement the program.

Enacted Law Summary

Public Law 2017, chapter 118 creates a public records exception under the Freedom of Access Act to protect the confidentiality of personal information of participants in community well-being check programs. A community well-being check program is a voluntary program that involves daily, or regular, contact with participants and, when contact cannot be made, sends local law enforcement or other designated first responders to check on the well-being of the participant at the participant's residence. Chapter 118 makes an exception to the confidentiality provision to allow for the sharing of a participant's personal information, including health information, with first responders as necessary to administer the program.

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
ORDWAY L WOODSOME D	OTP-AM	H-74

This bill provides that a landlord is not liable in a civil action for personal injury, death, property damage or other damages caused by an assistance animal on the landlord's rental property.

Committee Amendment "A" (H-74)

This amendment replaces the bill, which amends the Maine Human Rights Act, and instead amends the law governing rental property.

The amendment provides that a landlord is not liable in a civil action for personal injury, death, property damage or other damages caused by an assistance animal on the landlord's property. "Dwelling unit" is currently defined in the Maine Revised Statutes, Title 14, section 6021, subsection 1 to include mobile homes, apartments, buildings or other structures, including the common areas thereof, which are rented for human habitation.

Joint Standing Committee on Judiciary

Title 5, section 4582-A, subsection 3 provides that an individual with a physical or mental disability who uses an assistance animal is liable for any damage done to the premises or facilities by the assistance animal.

Under Title 7, section 3961, the owner or keeper of an animal is liable in a civil action to a person who is injured or whose property is damaged for the amount of damage done if the damage was not occasioned through the fault of the person injured.

Enacted Law Summary

Public Law 2017, chapter 61 provides that a landlord is not liable in a civil action for personal injury, death, property damage or other damages caused by an assistance animal on the landlord's property.

COLLINS R SHERMAN R	ONTP	

This bill provides that, following reasonable notice and an opportunity to be heard, a condominium association may bring an action against a unit owner or a group of unit owners for violating requirements imposed by association documents and that, following reasonable notice and an opportunity to be heard, a unit owner or a group of unit owners may bring an action against an association for violating requirements imposed by those same documents.

LD 280 An Act To Include Tax-exempt, Nonprofit Regional Transportation Providers under the Maine Tort Claims Act Died Between Houses

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
FOLEY R COLLINS R	ONTP OTP-AM	

This bill adds tax-exempt, nonprofit regional public transportation agencies to the Maine Tort Claims Act, which limits liability for governmental entities.

Committee Amendment "A" (H-464)

This amendment, which is the minority report, replaces the bill. The Maine Tort Claims Act currently includes

Joint Standing Committee on Judiciary

"transit districts," defined in Title 30-A, section 3501, subsection 1, within the definition of "political subdivision" and thus covered by the immunity and limited liability of the Act. This amendment amends the public transportation statutes to expressly treat the tax-exempt nonprofit agencies selected by the Department of Transportation as regional public transportation agencies as transit districts, but for the purposes of the Maine Tort Claims Act only.

This amendment was not adopted.

LD 281 An Act To Amend the Percentage of Votes Needed for Condominium Governance Veto Sustained

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
HYMANSON P HILL D	OTP-AM	H-430

This bill amends the Maine Condominium Act to change the number of votes, depending on the number of units in the association, needed by owners of units in the association in order to convey or use as collateral common elements of the condominium or to amend the declaration of the condominium. Under this bill, if an association consists of nine or fewer units, agreement by all of the owners is necessary; if an association consists of 10 or more units, agreement by the owners of at least 80% of the votes allocated to units, rounded up to the next whole number, in the association is necessary.

Committee Amendment "A" (H-430)

This amendment replaces the bill but addresses the same issue, which is to allow a vote that is less than unanimous to make changes to a condominium declaration. The amendment, modeled on a law in Washington, requires the approval of all of the owners of the units particularly affected, as well as the approval of 90% of the owners of the total number of units, rather than 100%.

LD 282 An Act To Support Caregivers When Children Have Been Abandoned by Their Parents ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
PICCHIOTTI J	ONTP	

This bill addresses concerns of caretaker relatives and others who take on the care and custody of a child when the child's parents have essentially abandoned the child to the caregiver's care and custody. When the arrangement is without a formal guardianship appointment and without a power of attorney executed by the parent, the caregiver may be considered a de facto guardian after sufficient time has elapsed with a demonstrated lack of consistent participation by the parent. A de facto guardian may petition the court to be appointed as a guardian when the parent does not consent to the appointment if the court finds a demonstrated lack of consistent participation by the parent. Current law provides that the duties of a parent include, but are not limited to, providing the child with necessary food, clothing, shelter, health care and education and a nurturing and consistent relationship and other care and control necessary for the child's physical, mental and emotional health and development.

The bill amends the list of factors the court must consider to determine the best interest of the child when deciding whether to appoint a guardian for the child to add, if there has been a demonstrated lack of consistent participation by a parent, the current capacity and disposition of the parent to comply with the duties imposed upon a parent by the parent-child relationship.

The bill provides that, if the parent or legal custodian objects to the appointment of the de facto guardian as the

Joint Standing Committee on Judiciary

guardian for the child, the court may appoint the de facto guardian as the guardian if the court finds that the parent or legal custodian is currently unwilling or unable to comply with the duties imposed upon a parent by the parent-child relationship.

The bill provides that, after the de facto guardian is appointed the guardian and the parent petitions the court to terminate the guardianship, a party opposing the termination has the burden of proving by a preponderance of the evidence that the parent seeking to terminate the guardianship is currently unfit to regain custody of the child. In determining whether a parent is unfit to regain custody, if the guardian was appointed because of a demonstrated lack of consistent participation by the parent, the court shall require the parent to show by a preponderance of the evidence that the parent is willing and able to comply with the duties imposed upon a parent by the parent-child relationship.

LD 331 An Act To Correct the Maine Uniform Trust Code Concerning Certain Beneficiaries

	OTP	

This bill is a recommendation of the Probate and Trust Law Advisory Commission pursuant to the Maine Revised Statutes, Title 18-A, section 1-803, subsection 2.

The bill addresses the rights of a charitable organization to enforce a trust of which it is a beneficiary. The Maine Revised Statutes, Title 18-B, section 110 provides that a charitable organization is considered a qualified beneficiary of the trust if it would be considered a distributee or permissible distributee of trust income or principal in three different situations. One situation is whether the charitable organization would be a distributee or permissible distributee on the date the status is being determined, without providing additional criteria. That provision of current law is inconsistent with the Uniform Trust Code approved by the Uniform Law Commissioners. The

Joint Standing Committee on Judiciary

Uniform Trust Code provides that a charitable organization is a qualified beneficiary if it would be a distributee or permissible distributee of the trust if the trust were to terminate on that date. This bill amends the current law to be consistent with the Uniform Trust Code, making it clear that the determination is based on whether the charitable organization would be a distributee or permissible distributee if the trust were to terminate on the date that the beneficiary status determination is being made.

Enacted Law Summary

Public Law 2017, chapter 39 implements a recommendation of the Probate and Trust Law Advisory Commission pursuant to the Maine Revised Statutes, Title 18-A, section 1-803, subsection 2. Chapter 39 addresses the rights of a charitable organization to enforce a trust of which it is a beneficiary by clarifying that determination of whether the charitable organization would be a distributee or permissible distributee is made based on its status if the trust were to terminate on the date the determination is being made.

This bill establishes prohibitions concerning restricting the sharing and use of immigration and citizenship information. It prohibits restricting the enforcement of federal immigration law. It authorizes law enforcement agencies to transport aliens who are unlawfully present in the United States to a federal facility. It establishes a complaint process, a private right of action and a duty to report.

Committee Amendment "A" (H-289)

This amendment is the minority report of the committee. It deletes the provisions of the bill authorizing law enforcement agencies to transport aliens who are unlawfully present in the United States to a federal facility and creating private rights of action. It removes from the complaint process the provision that a government entity is ineligible to receive state funds if the Attorney General determines the entity is in violation of the provisions

concerning the sharing and use of immigration and citizenship information or restricting the enforcement of federal immigration law.

The amendment also provides that if the Attorney General, upon investigation, determines that a government entity is violating the law, the Attorney General must issue an opinion stating that finding. The government entity has 30 days to appeal the finding to the Superior Court. If the Superior Court agrees with the Attorney General, the court must immediately enjoin the policy or practice. Each day the government entity continues the policy or practice results in a \$500 fine. If the Superior Court disagrees with the Attorney General, the Attorney General must immediately certify that the government entity is in compliance with the law.

This bill allows damages for the willful or negligent injury or death of a dog to include, but not be limited to, actual damages, including veterinary fees and the value of the dog; damages for loss of companionship; damages for pain and suffering; and punitive damages. The prevailing party in any action may recover attorney's fees from the nonprevailing party.

Committee Amendment "A" (H-134)

This amendment is the minority report. It replaces the bill and changes the title. It creates a cause of action for noneconomic damages to be collected by a pet owner when another person or the person's animal kills the pet or injures the pet and the injuries lead to the death of the pet. The person must have been acting unlawfully and either intentionally or negligently. Damages are limited to \$5,000 for the loss of the reasonably expected companionship, love and affection of the pet. The \$5,000 limit does not apply to causes of action for intentional infliction of emotional distress or any other civil action other than the direct and sole loss of a pet.

The amendment does not apply to a nonprofit entity or governmental agency, or its employees, negligently causing the death of a pet while acting on the behalf of public health or animal welfare, and it does not authorize an award

of noneconomic damages in an action for professional negligence against a licensed veterinarian. It also does not apply to the killing of a dog when the killing is authorized under the Maine Revised Statutes, Title 12, section 12404, subsection 6 concerning nuisance dogs chasing, killing, wounding, worrying or attacking moose, deer, other wild animals, domestic animals, livestock or poultry.

This bill amends the law to stipulate that parents have a fundamental right to make decisions concerning the upbringing, education and care of their minor children and requires courts to order shared parental rights and responsibilities unless the limitation of one parent's fundamental rights is supported by a compelling state interest and narrowly tailored to serve that interest through the least restrictive means possible.

Committee Amendment "A" (H-441)

This amendment, which is the minority report of the committee, strikes the portion of the bill requiring a court to order shared parental rights and responsibilities in a divorce or parental rights and responsibilities proceeding unless it finds a compelling state interest to justify an alternative arrangement. The amendment instead provides that the State or a political subdivision of the State may not infringe a parent's fundamental right to direct the care, custody and control of the parent's child unless the infringement is justified by a compelling state interest and narrowly tailored to achieve that compelling state interest through the least restrictive means necessary.

Article 3-A of the Uniform Commercial Code

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
COOPER J BREEN C	OTP-AM	H-431

The Maine Revised Statutes, Title 11, section 3-1118, subsection (1) in Article 3-A of the Uniform Commercial Code, which governs negotiable instruments, provides for a six-year statute of limitations for enforcement of negotiable instruments. In 2004, the Maine Supreme Judicial Court sitting as the Law Court held in *Fleet National Bank v. Liberty*, 2004 ME 36, 845 A.2d 1183, that Title 11, section 3-1118, subsection (1) did not repeal the 20-year statute of limitations for some types of instruments in Title 14, section 751, either expressly or by implication. This bill provides that the six-year statute of limitations in Title 11, section 3-1118, subsection (1) applies to all negotiable instruments, notwithstanding the 20-year statute of limitations for some types of instruments in Title 14, section 751.

This bill also provides that the six-year statute of limitations does not apply to certain negotiable instruments until 90 days after the legislation takes effect. It requires the Department of Professional and Financial Regulation, Bureau of Financial Institutions and Bureau of Consumer Credit Protection to give written notice to all financial institutions, mortgage servicers and debt collectors regulated by or registered with them and to other entities and agencies that have interests in loans that may be affected by this legislation.

Joint Standing Committee on Judiciary

Committee Amendment "A" (H-431)

This amendment replaces the bill. Like the bill, it clarifies that the six-year statute of limitations included in Article 3-A of the Uniform Commercial Code, not the 20-year statute of limitations in Title 14, section 751, applies to all negotiable instruments.

This amendment includes language to specifically apply the language to negotiable instruments executed on or after the effective date of this legislation. Negotiable instruments executed before the effective date are governed by the existing law.

Enacted Law Summary

Public Law 2017, chapter 251 provides that the six-year statute of limitations included in Article 3-A of the Uniform Commercial Code, not the 20-year statute of limitations in Title 14, section 751, applies to all negotiable instruments.

CARPENTER M	OTP-AM	S-229

This bill requires servicers of residential mortgage loans to act in good faith when dealing with homeowners who are borrowers under those loans. The bill also makes changes in the foreclosure mediation process providing that, if courts have previously sanctioned the conduct of a mortgage servicer in a foreclosure process, the courts are authorized to directly sanction the mortgage servicer if the mortgage servicer's conduct evidences a failure to mediate in good faith. The bill requires the collection of data on sanctions imposed to provide that, when a mortgage servicer is found to have failed to act in good faith, the court may take into account previous conduct in determining a sanction sufficient to deter such conduct in the same case or future cases.

Committee Amendment "A" (S-229)

This amendment replaces the bill. It imposes the duty to act in good faith and with fair dealing and consistently with specified standards of care on any person who services a consumer credit transaction that is made to finance or refinance the acquisition of real estate or the initial construction of a dwelling or that is secured by a first-lien mortgage on real estate. This amendment specifies that the duties and standards of care may not be waived or modified.

This amendment allows an aggrieved consumer to recover all damages or an amount determined by the court not less than \$250 nor more than \$2,000. Under current law, an aggrieved consumer may recover no more than \$1,000. The amendment provides that the court may, in addition to awarding actual damages, award a homeowner or borrower under the Maine Consumer Credit Code statutory damages not to exceed \$15,000 if the creditor, assignee or servicer engaged in a pattern or practice of violating the duties and standards of care.

LOCKMAN L	ONTP OTP	

This bill reinforces the recognition that political speech is deserving of the greatest protection from abridgment by the government. The United States Supreme Court in *Citizens United v. Federal Election Commission*, 558 U.S. 310 (2010), continued the protection of protected political speech, no matter the source or message. This bill provides explicit legislative findings to reinforce the United States Supreme Court decision and to clearly state the

need for statutory protections of protected political speech.

The bill specifically prohibits the Attorney General from investigating, joining an investigation initiated by another state or the Federal Government or prosecuting any person based on that person's protected political speech. It also prohibits the Attorney General from using the Attorney General's prosecutorial power to favor or disfavor protected political speech.

The bill also prohibits the State from favoring or disfavoring any person based on the person's climate change policy preferences with regard to grants, contracts or employment.

SAMPSON H WOODSOME D	ONTP OTP	

This bill addresses the application of foreign law in this State with the goal of protecting American citizens' constitutional rights when foreign laws and foreign legal doctrines are applied in judicial and administrative tribunals. The bill provides that:

1. A court or administrative ruling violates the public policy of this State and is void and unenforceable if it is based in whole or in part on a foreign law, legal code or legal system that would not grant the same liberties, rights and privileges as are granted under the United States Constitution and the Constitution of Maine;
2. A contract's choice of law provision that chooses such a foreign law, legal code or legal system to govern aspects of the contract is void and unenforceable if the foreign law, legal code or legal system does not protect the same liberties, rights and privileges as are protected under the United States Constitution and the Constitution of Maine;
3. A contract's choice of personal jurisdiction provision that provides jurisdiction over the parties that applies a foreign law, legal code or legal system to govern aspects of the contract is void and unenforceable if the foreign law, legal code or legal system does not protect the same liberties, rights and privileges as are protected under the United States Constitution and the Constitution of Maine; and
4. The court must deny a claim of forum non conveniens or related claim if granting the claim would subject the nonclaimant to a foreign forum that applies a foreign law, legal code or legal system that does not protect the same liberties, rights and privileges as are protected under the United States Constitution and the Constitution of Maine.

The bill provides that these provisions do not apply to a corporation, partnership, limited liability company, business association or legal entity that contracts to subject itself to a foreign law, legal code or legal system in a jurisdiction other than this State or the United States and do not limit the free exercise of religion or require or authorize a court to adjudicate issues within a religious organization that would violate the First Amendment's establishment clause.

The bill also provides that these provisions may not be interpreted to conflict with any relevant treaty or international agreement.

Current law provides that attorney's fees must be paid to mortgagors when the mortgagee does not prevail in a foreclosure action, which creates a loophole that allows the mortgagee to escape the attorney's fees provisions when the plaintiff does not prevail because it is determined that the plaintiff is not the true mortgagee. This bill rectifies that loophole by clarifying that a plaintiff who claims to be a mortgagee who does not prevail in a foreclosure action must still pay attorney's fees to the prevailing mortgagor.

Committee Amendment "A" (S-198)

This amendment is the majority report. It simplifies the language of the bill to make it clear that if the plaintiff in

This bill provides that a conveyance after January 1, 2018 of an easement or right-of-way leading to or touching upon a water body does not include any right by implication to install a dock or other fixture on that water body unless such a right is expressly stated in the easement or right-of-way.

This bill also provides that a municipality may, at the request of the owner of land subject to an easement or right-of-way, conveyed after January 1, 2018, leading to or touching upon a water body that does not expressly include a right to install a dock or other fixture on that water body, after notice and hearing, direct any person who has built a dock or other fixture on that water body under a claim of an implied right under that easement or right-of-way to remove the dock or fixture at that person's expense.

Committee Amendment "A" (H-276)

This amendment replaces the bill to clearly state that, unless the written instrument that establishes an easement or right-of-way that leads to or touches upon a water body expressly includes the right to construct a dock on or using the easement or right-of-way, no such right exists in an easement or right-of-way created on or after January 1, 2018. 2. It provides that in any hearing held by the court prior to issuing an order in a child protection proceeding, a parent of the child who is the subject of the proceeding has the right to hear all evidence presented, except for testimony by the guardian ad litem, prior to testifying in the hearing.
3. It changes the standard of proof required for a preliminary protection order from a preponderance of the evidence to clear and convincing evidence.

4. This bill removes the provisions of law that allow driver's license suspensions for failure to pay a fine in offenses not related to driving. This bill provides that the statutory exemptions from attachment and execution for certain property apply to the enforcement of fines owed to the State.

Committee Amendment "A" (H-532)

This amendment adds a sunset to the bill of October 1, 2021, thus prohibiting driver's license suspensions for failure to pay a fine in offenses not related to driving until October 1, 2021 and allowing two full fiscal years of information about the fiscal effect of eliminating driver's license suspension as a tool to collect fines. Without further legislative action, the law in effect prior to this Act takes effect on October 1, 2021, reinstating the ability of the court to suspend driver's licenses for nonpayment of fines.

House Amendment "A" To Committee Amendment "A" (H-550)

The bill eliminates the ability of the court to suspend a person's driver's license for failure to pay a court-ordered fine for an offense not related to driving. This amendment amends the committee amendment to give the court the option of restricting a person's driver's license to work, work-search or education purposes if the person has the ability to pay a fine and fails to do so.

Current law requires that the final written decision of a state executive branch or legislative branch employer relating to disciplinary action of an employee that is appealed to an arbitrator be made public when the arbitrator issues a final written decision on the matter or within 120 days after a written request for the decision is made to the employer, whichever is earlier. This bill changes the law to making the employer's final written decision relating to disciplinary action of the employee public upon the issuance and release of the arbitrator's written decision on the matter, regardless of the time frame in which the arbitrator's decision is issued and released.

Committee Amendment "A" (H-433)

LD 1239 An Act To Increase Efficiency in Enforcement of the Maine Human Rights Act

Died Between Houses

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
TUELL W KATZ R	OTP-AM ONTP	

This bill implements several recommendations of a review panel created by the Governor to review operations of the Maine Human Rights Commission.

Under the bill, if both parties are in agreement, the commission is authorized to make binding determinations pertaining to violations of the Maine Human Rights Act. The commission is authorized to order remedies that the court is currently authorized to impose. Final decisions of the commission are appealable under the Maine Administrative Procedure Act as final agency actions.

The bill provides for the commission to suspend an investigation if a complainant files an affidavit with the commission stating that the complainant will seek a right-to-sue letter when permitted under law. Current law allows a complainant to ask for a right-to-sue letter, bypassing the commission findings, after 180 days have elapsed since the complaint was filed. Because the commission will suspend the investigation once the affidavit stating that the complainant will seek a right-to-sue letter is filed, the complainant may not withdraw the affidavit.

The bill provides for the commission to issue a right-to-sue letter to a complainant if 180 days have elapsed since the complaint was filed and the commission has not filed a civil action in the case and has not entered into a conciliation agreement in the case.

The bill authorizes the commission to impose sanctions and seek penalties for perjury, false swearing, making a false statement, providing false information or violating the nondisclosure requirements. Sanctions may include the imposition of adverse inference, liability or other remedies.

The bill authorizes the commission to establish by rule procedures to discourage abuse of the complaint and investigation process. These procedures may include, but are not limited to, refusing to accept more than five complaints from the same complainant in a 12-month period and other requirements designed to eliminate the filing of frivolous complaints.

The bill provides funding for two new paralegal positions and one new consumer outreach position.

The bill directs the commission to purchase a computer system to provide for electronic data management that allows parties and their attorneys to access the status of their cases electronically.

Committee Amendment "A" (H-434)

This amendment is the majority report. It strikes the bill but retains the provisions providing funding for the two paralegal positions and one consumer outreach position and the requirement that the Maine Human Rights Commission purchase a computer system. It adds a \$10,000 appropriation for the initial step in evaluating the commission's computer system needs.

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
SAMPSON H KEIM L	ONTP	

This bill amends the Child and Family Services and Child Protection Act in several ways.

1. The bill prohibits the Department of Health and Human Services from discriminating against parents who engage in nontraditional methods of parenting when the department determines whether to take any child protective actions and in determining what actions to take.
2. The bill requires the court to give appropriate weight to the importance of maintaining the familial bond connecting the child and a relative requesting placement when determining the best interests of the child.
3. The bill requires the department to share confidential records with a person designated by one or both parents as a participant.
4. The bill clarifies that the restrictions on the release of confidential information do not prohibit a parent, other family member, participant or caretaker of a child from sharing any information about the child, the family or the circumstances involving the child that is the subject of an investigation or proceeding under this Act as long as the information shared was not obtained by the parent, other family member, participant or caretaker from confidential records of the department.
5. The bill requires the department to develop a roster of appropriate professionals capable and appropriately credentialed to investigate, interview or provide expert testimony that may be admissible in a proceeding under this Act. At the request of a parent, the court is required to order a professional on the roster to investigate, interview or provide expert testimony in addition to any investigation, interview or expert testimony provided by one or more persons already involved by the department. The State is responsible for paying the costs of the additional expert's services.
6. The bill amends the law concerning rehabilitation and reunification plans to ensure that the department provide or make available any services the department identifies as necessary for a parent to receive and complete to be reunited with the child. If the department fails to provide or make those services available, the department is required to report the failure to the court, and the court will extend the time within which the parent is required to meet the requirements of the plan. Related to the failure of the department to provide or make available the identified services is the adjustment to the calculation of the time the child is considered in foster care for the purpose of triggering the termination of parental rights. The period of time during which the department is required to provide or make available services but fails to do so is not included in the time the child is considered in foster care.

Joint Standing Committee on Judiciary

7. Current law provides that the department may file a termination of parental rights petition when the child has been in foster care for at least 15 of the most recent 22 months. The bill extends those periods to 24 months and 30 months, respectively.

8. The bill provides an opportunity for a parent who has been convicted of a crime to show the rehabilitative steps taken to address the underlying criminal behavior, and thus rebut the presumption favoring termination of parental rights.

The bill provides a victim of a sexual assault the opportunity to petition for an order that is a fixed period of time that may be longer than two years, including an order that may be permanent. The bill also adds to the types of relief that a court may order for a sexual assault victim the requirement that the defendant refrain from knowingly coming within or knowingly remaining within a specified distance of a specified location.

This bill changes the criteria for designation of records of the Efficiency Maine Trust as confidential from requiring that each of four criteria be met to instead require that one of two criteria be met. This bill also provides that the director of the Efficiency Maine Trust, instead of the Efficiency Maine Trust Board, may disclose or authorize disclosure of otherwise confidential information in certain specified circumstances.

This bill prohibits a person, either in the public or private sector, from being required to join a labor organization or pay any labor organization dues or fees as a condition of employment or continuation of employment, notwithstanding any state law to the contrary. Current law expressly allows a public employer to take this deduction without signed authorization from the public employee. This bill also eliminates language from the election statutes that exempts a public employer from the Class C crime of misuse of a state government computer system for deducting dues or other funds from an employee's pay and remitting those funds to the employee's collective bargaining agent.

DEVIN M BREEN C	OTP-AM ONTP	

This bill creates a rebuttable presumption that a personal injury to a paid or volunteer firefighter or a paid or volunteer emergency medical services person considered an employee within the meaning of the Maine Workers' Compensation Act of 1992 is considered to arise out of and in the course of employment and is compensable under the Act if the personal injury occurs at any time after the firefighter or emergency medical services person receives notice of a fire or emergency and is in the process of responding. It also prohibits an insurer or employer providing self-insurance from limiting benefits for such emergency first responders to personal injuries that occur after the emergency first responder begins travelling on a public way.

Committee Amendment "A" (H-43)

This amendment, which is the majority report, replaces the bill with a resolve directing the Workers' Compensation Board to study shortcomings in workers' compensation insurance coverage for emergency first responders and to report its findings and proposed solutions to the joint standing committee by December 15, 2017. Current law provides that an employee whose employment has ceased is entitled to earned wages from the employer, including unused vacation time when paid vacation was included in the terms of employment, upon a reasonable time after that employee makes a demand for such payment from the employer, and that the employee may bring a civil action against an employer that does not comply with this requirement.

This bill eliminates the requirement that the employee make a demand for the earned compensation with the employer. Instead, earned wages must be paid by the employer within a reasonable amount of time after the cessation of employment, regardless of whether the employee has made a demand for the wages.

Died On Adjournment

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
VOLK A ESPLING E	OTP-AM	S-9

This bill includes Other Special Revenue Funds allocations totaling \$76,365 in fiscal year 2017-18 and \$26,985 in fiscal year 2018-19 to the Department of Professional and Financial Regulation for the costs associated with requiring individuals practicing midwifery in the State to be licensed by January 1, 2020.

This bill also includes corresponding transfers of funds from the General Fund unappropriated surplus to the Licensing and Enforcement, Other Special Revenue Funds account within the Department of Professional and Financial Regulation in fiscal years 2017-18, 2018-19 and 2019-20 to support these costs.

Committee Amendment "A" (S-9)

This amendment eliminates the transfers of funds from the General Fund unappropriated surplus to the Licensing and Enforcement, Other Special Revenue Funds account within the Department of Professional and Financial Regulation in fiscal years 2018-19 and 2019-20 due to anticipated licensing fee revenues from the licensure of individuals practicing midwifery in the State. This amendment also reduces the Other Special Revenue Funds allocations in fiscal years 2017-18 and 2018-19 to the Department of Professional and Financial Regulation based on decreased estimates of the costs of the Board of Complementary Health Care Providers associated with establishing the new licensing requirements.

The revised appropriations and allocations in this amendment are based on an assumption that the Board of Complementary Health Care Providers will be ready to accept and process applications for licensure of individuals practicing midwifery during fiscal year 2017-18 and that 20 individuals will submit applications and fees before June 30, 2018. This amendment also assumes that an additional 16 midwives will apply for licensure in fiscal year 2018-19. The resulting licensing fees will increase dedicated revenues to the Board of Complementary Health Care Providers by an estimated \$13,920 in fiscal year 2017-18 and an estimated \$24,636 in fiscal year 2018-19.

The substance of this bill was included in Part VVVVVV of the Biennial Budget, Public Law 2017, chapter 284 (LD 390).

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
	OTP-AM	H-493

This bill provides additional clarity, requirements and resources for the Maine Economic Growth Council's efforts to fulfill its current statutory mandate to develop, monitor and maintain a long-range strategic economic improvement plan for the State. This bill would increase the annual General Fund appropriation to the Maine Economic Growth Council from its current \$55,000 to \$175,000 and would provide a one-time additional appropriation of \$150,000 for development of the initial plan in order to meet the timelines required in this bill.

Committee Amendment "A" (H-493)

Protection Agency's Lead Renovation, Repair and Painting Rule Houses**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LIBBY N PIERCE J	OTP-AM ONTP	

This bill requires the on-site presence of a person certified by the United States Environmental Protection Agency under the federal renovation, repair and painting rule when the following activities are contracted for on a building constructed before 1978: painting, remodeling, maintenance or repair activities. The bill also requires persons performing maintenance on a multi-unit residential building, the owner of which receives public money in the form of a housing subsidy or voucher, to be certified by the United States Environmental Protection Agency.

Committee Amendment "A" (S-38)

This amendment, which is the majority report of the committee, replaces the bill and requires all individuals and business entities that renovate housing constructed prior to 1978 to comply with the United States Environmental Protection Agency's renovation, repair and painting rule, 40 Code of Federal Regulations, Part 745, Subpart E (2016). The amendment also requires the Commissioner of Environmental Protection to prepare guidance materials to explain the renovation, repair and painting rule's requirements.

In addition, the amendment provides a \$100,000 annual appropriation to the Department of Environmental Protection to provide grants to up to 250 individuals and business entities each year to offset the costs associated with obtaining certification from the United States Environmental Protection Agency to engage in renovation of housing constructed prior to 1978. CHACE P	ONTP OTP-AM	H-208 S-263 BELLOWS S

This bill allows pharmacists to administer vaccines on the recommended vaccination schedule to a person 11 years of age and older, instead of 18 years of age and older as in current law, if the patient has a valid prescription from an authorized Maine practitioner or the pharmacist has a written standing order from an authorized practitioner in this State.

The bill also authorizes pharmacists to provide vaccines to adults based on a written standing order or treatment protocol that the pharmacist has with a practitioner in this State, even in circumstances where the adult has a preexisting relationship with a primary care physician or nurse practitioner.

Committee Amendment "A" (H-208)

This amendment, which is the minority report of the committee, replaces the bill and reorganizes the law that allows pharmacists to administer vaccines other than the influenza vaccine. Under the amendment, pharmacists may administer booster vaccines listed on the United States Centers for Disease Control and Prevention's recommended immunization schedule to a person 11 years of age or older and under 18 years of age according to a valid prescription from the person's primary care physician or nurse practitioner as long as the pharmacist notifies the prescriber of the administration within three business days.

This amendment also authorizes pharmacists to administer vaccines on the recommended immunization schedule to adults according to a valid prescription, treatment protocol or written standing order from an authorized practitioner in this State. This amendment retains the requirement in current law that a pharmacist may not administer a vaccine that is not on the recommended immunization schedule unless the adult seeking the vaccine has a valid prescription stating that the vaccine is medically necessary.

House Amendment "A" To Committee Amendment "A" (H-335)

This amendment requires that a pharmacist who administers a vaccine to a person who is under 18 years of age report the administration of that vaccine to the Maine Center for Disease Control and Prevention for inclusion in the immunization information system referred to as "ImmPact."

This amendment was not adopted.

This bill is a concept draft pursuant to Joint Rule 208.

This bill proposes to regulate the use of so-called noncompete agreements, which are contracts entered into by an employee prohibiting the employee from working in the same or a similar profession within a time certain after leaving employment with the employer and within a specified geographical area. This bill would restrict the use of noncompete agreements by public and private employers by:

1. Prohibiting their use for low-wage employees;
2. Requiring employers to include in any advertisement for a job a statement that the person hired will be required to sign a noncompete agreement;
3. Requiring employers to notify prospective employees of the noncompete requirement and provide a copy of the noncompete agreement before extending a job offer;
4. Requiring employers to provide additional compensation to those employees who agree to sign a noncompete agreement;
5. Restricting the use of noncompete agreements to those situations when they are necessary to protect trade secrets or confidential information held by that employer;
6. Limiting the duration of noncompete agreements so that they would have to be renegotiated and agreed to after a certain period of time; and
7. Allowing an employee harmed by the unlawful use of a noncompete agreement to bring suit against the employer and, if the employee prevails, be awarded damages, attorney's fees and court costs.

Committee Amendment "A" (H-49)

Joint Standing Committee on Labor, Commerce, Research and Economic Development

This amendment is the majority report of the committee. It replaces the bill and prohibits an employer from requiring or entering into a so-called noncompete agreement with an employee earning wages that are at or below 300% of the federal poverty level. A noncompete agreement is defined as a contract or contract provision that prohibits an employee or prospective employee from working in the same or similar profession or in a specified geographic area for a certain period of time following termination of employment. If an employer requires a noncompete agreement for a position of employment, the employer must disclose that requirement in any advertisement for that position, and an employer must provide an employee or prospective employee with a copy of a noncompete agreement at least three business days before requiring that employee or prospective employee to sign the agreement. The terms of a noncompete agreement, except for a noncompete agreement with a physician, are not in effect until after an employee has been employed with the employer for at least one year or a period of six months has passed, whichever is later. An employer that violates this law commits a civil violation for which a fine of not less than \$5,000 may be adjudged. The Department of Labor is responsible for enforcement of the law. The amendment also adds an appropriations and allocations.

This bill establishes a rebuttable presumption under the laws governing workers' compensation that when a law enforcement officer, firefighter, corrections officer or emergency medical services worker is diagnosed by a licensed physician specializing in psychiatry or a licensed psychologist as having post-traumatic stress disorder, the post-traumatic stress disorder is presumed to have arisen out of and in the course of the worker's employment.

The amendment also eliminates corrections officers from the classes of employees that are eligible for the presumption. This amendment directs the Workers' Compensation Board to submit a report to the joint standing committee of the Legislature having jurisdiction over labor matters by January 1, 2022, analyzing the number of claims brought as a result of the provisions of the bill, the portion of those claims that resulted in a settlement or award of benefits and the effect of the provisions of the bill on costs to the State and its subdivisions. This bill provides that if a historic property occupied by a business is found to be out of compliance with the Maine Uniform Building and Energy Code or the fire safety codes during an inspection, the property must only meet the standards of the version of the relevant code adopted most recently after the business first received its license. The property owner must incrementally improve the property to meet the next subsequent version of the applicable code over each three-year period after the inspection until the property satisfies current code standards. MILLETT R FECTEAU R	OTP-AM ONTP	

This bill creates a right to paid sick leave for employees not covered by a collective bargaining agreement who are employed by an employer that employs 50 or more employees. It also creates a right to unpaid sick leave for employees of an employer that employs fewer than 50 employees. This bill takes effect January 1, 2019.

Committee Amendment "A" (S-126)

This amendment is the majority report of the committee. It amends the bill by allowing an employer to satisfy the requirement to offer paid sick leave or unpaid sick leave by offering leave that may be used by the employee for either sick leave or vacation time, as long as that leave accrues at the same rate. The amendment clarifies that accrued sick leave provided in accordance with this bill is not considered wages that would be due to an employee after leaving employment with the employer. It also changes the type of rules the Department of Labor is authorized to adopt in order to implement and enforce the bill from routine technical to major substantive. The amendment also adds an appropriations and allocations section.

This bill specifies that nothing in the chapters of law governing the licensure of osteopathic and allopathic physicians may be construed to require a maintenance of certification as a condition of licensure, reimbursement, employment or admitting privileges at a hospital in Maine. The bill defines "maintenance of certification" as a process, subsequent to initial board certification, that requires periodic recertification examinations to maintain specialty medical board certification.

This amendment prohibits the Board of Osteopathic Licensure and the Board of Licensure in Medicine from requiring a physician to obtain osteopathic continuous certification or maintenance of certification from a specialty medical board as a condition of initial licensure or license renewal. This amendment removes the provisions of the bill related to physician reimbursement, physician employment and hospital admitting privileges.

Joint Standing Committee on Labor, Commerce, Research and Economic Development

This bill was reported by the Government Oversight Committee pursuant to the Maine Revised Statutes, Title 3, section 997, subsection 2. It implements a number of changes around the requirements in current law requiring the Department of Economic and Community Development to conduct an independent evaluation of research and development activities and a separate evaluation of economic development incentives that are not covered in the research and development evaluation. This bill combines the statutory provisions related to both these evaluations into a requirement for conducting and funding one independent evaluation that encompasses both. The bill changes the required cycle for evaluation from every two years, with results reported to the Legislature during second regular sessions, to every four years, with results reported to the Legislature during first regular sessions. This bill also establishes the objectives for the evaluation and ties those objectives and any recommendations made to the State's long-term economic plan developed by the Maine Economic Growth Council pursuant to the Maine Revised Statutes, Title 10, section 929-A, subsection 1.

The bill requires the Commissioner of Economic and Community Development to present the results of the evaluation to the joint standing committee of the Legislature having jurisdiction over labor, commerce, research and economic development matters, and to report to the committee and the Governor on actions planned by the department and other entities to address the recommendations made in the evaluation with periodic updates on the implantation of the planned actions. It requires a recipient of state funding for research and development activities or economic development incentives, including General Fund appropriations, dedicated revenue, tax expenditures and general obligation bond proceeds for economic development, to collect, maintain and provide data as requested by the Department of Economic and Community Development. Similar to the current payments required of agencies and private entities that receive more than \$250,000 in economic development incentives, the bill also adds a requirement for agencies or private entities that receive General Fund appropriations or general obligation bonds of \$500,000 or more for research and development activities in any fiscal year to contribute an amount not to exceed 0.8% of the General Fund appropriations or general obligation bond proceeds to be applied to the Maine Economic Development Evaluation Fund.

LD 1222 An Act To Address the Policies Relating to Substance Use in the Workplace

Died Between Houses

Committee Report

Amendments Adopted

This bill was not referred to committee.

This bill makes changes to the laws governing employment practices concerning substance abuse testing, including the following.

1. It replaces the phrase "substance abuse test" and "substance abuse testing" with "substance use test" and "substance use testing" to reflect current usage.
2. It repeals a section of law that addresses nuclear power plants since there are no operating nuclear power plants in this State.
3. It authorizes an employer that has employees subject to a federally mandated substance use testing program to extend federal drug testing activities to its entire workforce in order to maintain a single testing program and specifies that the employer must prepare a substance use testing plan for employees who are not federally regulated, provide a copy of the plan to the employees and the Department of Labor before testing, follow federal notification and procedural protocols for such employees and annually report the results of testing to the department.
4. It streamlines the current substance use testing policy approval by requiring the Department of Labor to develop a uniform impairment and substance use testing policy applicable to all employers. Employers must certify their adoption of the policy and be approved by the Department of Labor prior to conducting substance use testing.
5. It removes the "probable cause" standard and replaces it with an "impairment detection" standard required before the employer may conduct substance use testing. For employers authorized to conduct substance use testing, only an employer or employee approved for impairment detection by the Department of Labor or a medical person may make an impairment detection. Among other things, this detection may be based on a single work-related accident, unlike the "probable cause" standard under current law. The employer may immediately remove the employee from the workplace pending resolution of the impairment detection.
6. It adds an "impairment determination" process that may be used as an alternative or in addition to a substance use test. Under this process, an occupational health care provider conducts a medical review in order to confirm the impairment detection, which may include a substance use test that includes testing for prescription drugs. If the impairment is confirmed, the employer may take employment action including firing or disciplining the employee, subject to any limitations under the Maine Human Rights Act and any other state or federal law. If the occupational health care provider finds that the employee was not impaired or that such impairment did not pose a safety risk, the employee is entitled to full reinstatement to the employee's position.
7. It adds a violation of an established drug-free workplace policy as grounds for employment action.
8. It adds a first impairment determination to the requirement, applicable to an initial confirmed positive substance use test, that the employer must provide the employee with an opportunity to participate in a treatment program

Joint Standing Committee on Labor, Commerce, Research and Economic Development

before discharging or disciplining the employee. The time frame for completing the treatment program is reduced from six months to 12 weeks, and an employer with between 20 and 50 full-time employees is no longer required to pay half of the costs of the treatment program. An employer with more than 50 full-time employees must pay half of treatment costs not covered by a group health insurance plan when the treatment program is required of the employee.

9. It modifies the current requirement that, prior to establishing a substance use testing program, an employer with over 20 full-time employees have a functioning employee assistance program, instead requiring the program of employers with over 50 full-time employees.

10. It expands the number of establishments that may undertake company-wide random substance use testing by authorizing such testing for companies with 10 or more employees instead of with 50 employees, as is the current standard.

11. It provides that a confirmed positive substance use test may be reported to the employee only by a medical review officer and allows an employee to provide a legitimate medical explanation for a positive test result for legally obtained medications, preventing the medical review officer from reporting a positive test for that substance to the employer.

12. It allows testing laboratories to use federal testing standards to encourage testing of biological samples beyond urine and blood.

13. It adds a new civil violation for any employer noncompliance with the substance use testing laws, for which a fine of not more than \$500 for the first violation, \$750 for the second violation and \$1,000 for third and subsequent violations may be adjudged.

This bill amends the Maine Human Rights Act to provide that evidence of discrimination with respect to compensation includes an employer seeking information about a prospective employee's prior wage history before an offer of employment, including all compensation, to the prospective employee has been made. It provides that this discrimination is also evidenced by an employer requiring that a prospective employee's prior compensation history meet certain criteria. The bill broadens a provision in the current equal pay law to prohibit an employer from preventing employees from discussing or disclosing other employees' wages and makes the practice evidence of discrimination with respect to compensation under the Maine Human Rights Act as well.

Committee Amendment "A" (S-173)

Committee Amendment "A" (S-109)

Joint Standing Committee on Labor, Commerce, Research and Economic Development

This amendment, which is the majority report of the committee, provides for a one-time appropriation of \$500,000 from the General Fund to the Maine State Housing Authority for treatment of contaminated private drinking water wells for families with household incomes no greater than 120% of the area median income. The amendment limits the portion of the funds that can be used for marketing and outreach to \$50,000 and authorizes the authority to use up to 15% of the total funds for program administration. The amendment strikes from the bill a separate appropriation of funds to the Maine Home Repair Program.

Senate Amendment "A" To Committee Amendment "A" (S-327)

This amendment requires the State Controller to transfer \$500,000 by June 30, 2018 from the Medical Use of Marijuana Fund to the unappropriated surplus of the General Fund to offset the one-time General Fund appropriation of \$500,000 in this resolve.

This bill amends the Maine Pharmacy Act to require that a drug distributed in this State must be made available for sale in this State to a person seeking to develop an application for the approval of the drug under the Federal Food, Drug, and Cosmetic Act or the licensing of a biological product under the federal Public Health Service Act. It establishes disciplinary actions for noncompliance.

Committee Amendment "A" (S-153)

This amendment, which is the majority report of the committee, clarifies that the bill's requirement that a drug distributed in this State be made available for sale to an eligible product developer applies only to manufacturers and wholesalers of drugs licensed in this State under the Maine Pharmacy Act. The amendment further requires sale of a drug distributed in this State to eligible product developers at a fair market price for purposes of supporting the eligible product developer's application for approval of a drug under the Federal Food, Drug, and Cosmetic Act, Section 505(b) or 505(j) or the licensing of a biological product under the federal Public Health Service Act, Section 351. The licensed manufacturer or wholesaler may not impose any restriction on the sale that would block or delay the eligible product developer's application in a manner inconsistent with Section 505-1(f)(8) of the Federal Food, Drug, and Cosmetic Act, 21 United States Code, Section 355-1(f)(8) (2016).

Senate Amendment "B" To Committee Amendment "A" (S-297)

The bill, as amended by Committee Amendment "A," requires that a drug distributed in this State be made available for sale to an eligible product developer by a manufacturer or wholesaler of drugs licensed in this State under the Maine Pharmacy Act. This amendment provides that a manufacturer or wholesaler is not liable for injuries alleged

to have been caused by the failure to include adequate safety warnings on a product's label or by a defect in the product's design if that product was not manufactured or sold by that manufacturer or wholesaler.

Senate Amendment "D" To Committee Amendment "A" (S-309)

This amendment requires a drug manufacturer or wholesaler to make a drug available for sale at a price no greater than the wholesale acquisition cost rather than at the fair market price as provided in Committee Amendment "A" and limits the price charged to customers for the drug obtained pursuant to this requirement to no more than the wholesale acquisition cost. This amendment also adds an intent section.

This bill is a concept draft pursuant to Joint Rule 208.

This bill proposes to implement programs to facilitate the transition of persons from rehabilitation for drug or alcohol addiction or economic dependency to self-sufficiency by providing employment opportunities while allowing their employers to reduce their tax liability. This bill would create a program, modeled on the federal Work Opportunity Tax Credit program operated by the United States Department of Labor, to encourage employers to hire from certain population segments, such as MaineCare and Medicare recipients, veterans, persons in the Temporary Assistance for Needy Families program or receiving general assistance, persons convicted of a crime who have been released from prison, persons recently out of residential treatment or detoxification for substance use disorder or who recently began medication-assisted treatment and disadvantaged teens. This amendment replaces the bill with a resolve that directs the Department of Labor to establish a new permanent position in the Bureau of Employment Services to expedite the processing of employer applications for certification required for the federal work opportunity tax credit under Section 51 of the United States Internal Revenue Code. The amendment also requires the Department of Labor to submit a report to the Joint Standing Committee on Labor, Commerce, Research and Economic Development with information concerning applications submitted by employers in 2017, including information on the extent of any backlog in application processing, by February 1, 2018. Amendments Adopted

This bill removes the provision of law affecting the disqualification for unemployment benefits of employees at an establishment at which there is a labor dispute and at which there would have been a work stoppage but for the employer's maintaining substantially normal operations through the use of other personnel. It also broadens the disqualification from unemployment benefits in current law for unemployment that is due to a stoppage of work caused by a labor dispute by eliminating the requirement that there be a stoppage of work. Instead, unemployment that is due to a labor dispute is sufficient grounds for a denial of benefits. It also updates the language of the exceptions to this disqualification in current law to reflect the elimination of the stoppage of work requirement.

Committee Amendment "A" (S-216)

In addition to making several technical changes to the language of the bill, this amendment:

1. Expands the exemption from the laws governing the Manufactured Housing Board for student-built modular homes to education programs that build more than two modular homes annually in accordance with board rules;
2. Clarifies that a practitioner trainee licensed by the State Board of Funeral Service must register with the Department of Labor's Maine Apprenticeship Program; and
3. Clarifies that a trainee plumber licensed by the Plumbers' Examining Board may work under the direct supervision of more than one licensed journeyman or master plumber and may be employed by either a master plumber or an entity that also employs at least one licensed master plumber.

Enacted Law Summary

Public Law 2017, chapter 210 makes the following changes to professional and occupational licensing laws.

1. It updates technical terminology in the laws governing warranties applicable to the manufacture and sale of manufactured homes; exempts modular homes built by students in secondary or post-secondary educational programs in accordance with rules adopted by the Manufactured Housing Board from the definition of "manufactured housing"; where appropriate, changes the terms "mobile home" and "mobile home park" to the terms "manufactured home" and "manufactured housing community"; clarifies the type of manufactured home that a licensed mechanic may service and a licensed installer may install; clarifies that a license is required to manufacture, broker, distribute, sell, install or service manufactured housing in Maine, regardless of the destination of the housing; and makes other technical changes to the laws governing manufactured housing.
2. It removes a residency requirement for licensed funeral practitioners and other licensees of the Board of Funeral

Joint Standing Committee on Labor, Commerce, Research and Economic Development

Service and clarifies the requirements for a practitioner trainee to receive credit toward licensure through the Maine Apprenticeship Program.

3. It repeals the provisions for licensure of companies by the Plumbers' Examining Board; clarifies that a trainee plumber licensed by the board may work under the direct supervision of more than one licensed journeyman or master plumber and may be employed by either a master plumber or an entity that also employs at least one licensed master plumber; creates an exemption from plumbing licensure for pump installers who are licensed by the Department of Health and Human Services, Maine Water Well Commission; clarifies that the board may discipline licensees for violation of rules adopted by the board and a municipality may penalize licensees who violate municipal ordinances; eliminates the requirement that an individual apply for a trainee license within ten business days of commencing work as a trainee plumber; and allows candidates for plumbing licensing examinations to retake the examination without paying a reexamination fee and to take the examination more than once time per year, regardless of the score received on the examination.

4. It repeals a transition provision added to the laws governing licensure of social workers in 1987, which is no longer relevant.

5. In the laws governing the Real Estate Commission, it authorizes the commission to deny or refuse to renew a license if the applicant had a professional or occupational license suspended or revoked for disciplinary reasons at any time in the past, not just in the past three years as in current law; it requires the designated broker of a brokerage agency to notify the commission when a licensee leaves the agency, but eliminates the requirement that the designated broker to return the license to the commission; clarifies that a designated broker may delegate functions only to an individual affiliated with the agency; authorizes nonresidents to apply for licensure if they hold licenses in any other jurisdiction, not just in their places of legal residence; and removes references to the obsolete term "branch office manager."

6. It removes provisions that require individuals to submit a photograph with an application for licensure as a transient seller as well as the dates of birth and social security numbers of their employees.

7. It makes technical corrections to the laws governing licensure of boiler and pressure vessel operators, including by repealing a reference to an examination committee that no longer exists.

8. It requires that secondary and post-secondary oil burner and solid fuel technician courses be approved by the Maine Fuel Board; allows propane and natural gas technicians to obtain more than one type of specialty authority; requires all applicants for propane and natural gas technician licenses to pass an examination approved by the board; and removes the term "limited" from certain license categories including energy auditors, tank installers and wood pellet technicians.

9. It restores language that was inadvertently omitted from a comprehensive revision of the laws governing dental practice enacted in the Second Regular Session of the 127th Legislature authorizing the Board of Dental Practice to file a complaint in District Court for suspension or revocation of a license.

S-267

This bill clarifies the standard of review in disputes between motor vehicle dealers and manufacturers regarding succession of motor vehicle dealerships and prohibits franchisors from denying dealer's incentive payment claims due to clerical errors or other technicalities, provided that the dealer corrects the clerical error or technicality. This

Joint Standing Committee on Labor, Commerce, Research and Economic Development

bill also makes the following actions by motor vehicle manufacturers or distributors unfair trade practices:

1. Using unreasonable performance standards, including by failing to consider local market factors, in assessing dealer compliance with franchise agreements; the manufacturer bears the burden to show its performance standards are reasonable by clear and convincing evidence;
2. Prohibiting dealers from selling new motor vehicles subject to a do not sell or drive directive or other manufacturer notice unless a remedy and parts are available to fix the problem; the manufacturer must compensate the dealer at least 1.7% of the dealer invoice price per month for each affected vehicle if the parts required to remediate the vehicle are not available within 15 days of the order;
3. Prohibiting dealers from selling used motor vehicles subject a do not sell or drive directive or other manufacturer notice unless a remedy and parts are available to fix the problem; the manufacturer must compensate the dealer at least 2.5 % of the vehicle's retail value per month for each affected vehicle if the parts required to remediate the vehicle are not available within 15 days of the order;
4. Using sales performance statistics against dealers during the time and 90 days thereafter in which used motor vehicles are subject to a recall, stop sale or do not drive directive if there is no remedy or the remedy exists but the parts are unavailable; dealers may also apply to manufacturers for an adjustment to sales performance standards during a similar period of time affecting new motor vehicles;
5. Preventing a dealer from providing manufacturer-created information to consumers related to conditions that might affect a vehicle's safety, durability, reliability or performance; and
6. Reducing payments to dealers for dealer-performed warranty repairs or required recall repairs, even if the dealer discovered the need for the repairs during the course of a separate repair request by the consumer or directly through a recall notice from the federal government.

Committee Amendment "A" (S-267)

This amendment retains the provisions of the bill that clarify the standard of review in succession planning for motor vehicle dealers and that prevent a manufacturer from denying claims due to clerical errors or technicalities. The amendment also makes it an unfair and deceptive trade practice for a motor vehicle manufacturer:

1. To use unreasonable performance standards in assessing motor vehicle dealer compliance with franchise agreements;
2. To fail to compensate a motor vehicle dealer for all of the reconditioning expenses and for all labor and costs associated with performing a recall repair on a new or used vehicle;
3. To fail to compensate dealers at a rate of 1.5% of the average vehicle trade-in value per month when a used motor vehicle in the dealer's inventory is subject to a do not drive order or a stop sale order based on a safety defect or violation of an emissions standard and no remedy exists or the parts are unavailable to remedy the defect or violation within 30 days;
4. To compete with a motor vehicle dealer by opening a dealership of any line make in the State without first obtaining a determination from the Maine Motor Vehicle Franchise Board that there is no dealer within the relevant market area available to own and operate a dealership of that line make; and
5. To deny a claim for a warranty repair or a recall repair on a vehicle when the need for the repair was discovered by the dealer during the course of a separate repair requested by the customer.

The amendment also enacts a provision that mirrors federal law by requiring a manufacturer to compensate a dealer

when a new motor vehicle in the dealer's inventory is subject to a do not drive order or a stop sale order based on a safety defect and there is a delay before the necessary remedy and parts are made available to the dealer to repair the vehicle.

This bill amends the law to specify the roles and responsibilities of the Department of Labor and the Maine Human Rights Commission in the development, execution and enforcement of the existing workplace training requirements for sexual harassment. It requires the commission to provide its sexual harassment poster to employers at no charge and requires the commission to develop and annually update the content of the sexual harassment training. 1. It provides that the Maine Human Rights Commission may provide its sexual harassment workplace poster at no cost to employers, instead of being required to do so.
2. It replaces the requirement that the Maine Human Rights Commission provide employers with a training guide and instead directs the Department of Labor to develop a compliance checklist and post it on the department's website. Employers must use the checklist to develop their required sexual harassment training program. Employers must keep a record of the training, including a record of employees who have received the required training, must maintain training records for three years and must make such records available to the department for inspection.
3. It removes the provision that would have prevented the Maine Human Rights Commission from challenging a determination or completed enforcement action by the Department of Labor related to the sexual harassment training requirements and provides that such actions do not limit or affect the authority or jurisdiction of the commission.

Public Law 2017, chapter 286 makes a number of changes to the laws governing the employment of minors, including the following.

1. It prohibits all employment for minors under 14, except for agricultural employment in the planting, cultivating or harvesting of field crops or other agricultural employment not in direct contact with hazardous machinery or hazardous substances. It maintains an exception for employment in a business solely owned by the minor's parents, as long as it is not hazardous employment prohibited under Department of Labor rules or federal law.
2. It adds establishments that cultivate, produce or sell marijuana or products in which marijuana is an ingredient and recreational marijuana social clubs to the list of employment and occupations not suitable for minors that the Department of Labor must prohibit by rulemaking.
3. It changes the laws relating to minors 14 and 15 years of age to allow them to work in bowling alleys and movie theaters and to clarify their employment in bakeries, hotels and rooming houses.
4. It moves the occupational restrictions for minors 16 and 17 years of age to the section with occupational restrictions for minors 14 and 15 years of age.
5. It clarifies that graduates of vocational, career and technical or cooperative education programs approved by the Department of Education who are under 18 years of age can work in the occupations for which they were trained.
6. It updates a provision regarding work permits for minors by deleting language dealing with triplicate permits and a master permit system, allowing for use of electronic permit submission and approval and changing the approval of the permit form from approval by the Attorney General to approval by the Office of the Attorney General.
7. It grants the Department of Labor, Bureau of Labor Standards authority to revoke a work permit for violations of

Joint Standing Committee on Labor, Commerce, Research and Economic Development

the laws regarding employment of minors.

LD 1566 An Act To Enact the Maine Fair Chance Employment Act

CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
TALBOT ROSS R VOLK A		

This bill enacts the Maine Fair Chance Employment Act and adds restrictions to the use of criminal history information in the context of employment decisions by private employers and the State and its political subdivisions and of licensing decisions by licensing agencies.

It prohibits an employer from asking an applicant for employment to disclose information concerning the applicant's criminal history, or considering such information, until after the applicant has received a conditional offer of employment. It restricts the way a private employer, or the State and its political subdivisions, may use criminal history information in the course of making employment decisions and adds similar restrictions to the existing restrictions applicable to licensing agencies' consideration of criminal history information. It also makes certain criminal history information in the possession of the State and its political subdivisions confidential and makes all criminal background check information obtained by the State in connection with an employment decision confidential.

The Maine Human Rights Commission is charged with enforcement of the Maine Fair Chance Employment Act and may seek civil penalties against a private employer for a violation of \$1,000 for the first violation and \$2,000 for each subsequent violation.

The bill also creates a private right of action that may be brought by an affected individual against a private employer that has violated the Maine Fair Chance Employment Act and, upon prevailing, the affected individual is entitled to such legal or equitable relief as the court may determine appropriate and reasonable attorney's fees and costs.

This bill was carried over to any special or regular session of the 128th Legislature by joint order, H.P. 1138.

LD 1575 An Act To Update the Statutes Governing the Bureau of Labor Standards To Promote Clarity for Workers and Employers

PUBLIC 219

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
CUSHING A STETKIS J	OTP-AM	S-252

This bill makes the following changes to the labor laws.

1. It removes a reference to the Director of Labor Standards as the "state factory inspector" to recognize that the workplaces governed by these statutes are not restricted to factories.
2. It requires posters regarding video display terminal safety and minimum wage and overtime requirements to be posted in the same location as other posters required by the Department of Labor, Bureau of Labor Standards and establishes a penalty structure for violations of the posting requirements within the section of law requiring posting.

Joint Standing Committee on Labor, Commerce, Research and Economic Development

3. It removes the requirement that a willful violation of the requirement to cooperate and comply with an investigation by the bureau is punishable as a criminal conviction because the statute does not provide a means to obtain a conviction and instead provides for a civil penalty of up to \$10,000 for a willful violation.
4. It brings the law prohibiting discrimination against tobacco use by employees into compliance with federal law by allowing an employer to discriminate against an employee who uses tobacco when determining health and life insurance premiums and other employee benefit plans but exempts from discrimination an employee's tobacco use that is part of a voluntary wellness program for the cessation of tobacco use.
5. It amends the law regarding the possession of firearms by employees to reflect the repeal of the requirement to obtain a concealed carry permit and clarifies that it does not authorize an employee to carry or possess a firearm where carrying or possessing a firearm is prohibited, including on worksites that are not owned by that employee's employer.
6. It amends the law regarding rest breaks to clarify the differences between paid rest breaks and unpaid lunch breaks.
7. It amends the exemption from rest breaks for those employees who have frequent rest breaks during the work day to specify that the exemption only applies if the rest breaks are paid rest breaks and of shorter duration than the 30 minutes otherwise required.
8. It amends the law regarding the exemption from mandatory overtime pay for salaried workers to specify that the exemption applies to a salaried employee who works in a bona fide executive, administrative or professional capacity who meets the test for a white collar exemption, including a minimum salary level, as established in the final rules adopted by the United States Department of Labor pursuant to the federal Fair Labor Standards Act and allows such employees to be paid on a monthly basis, instead of every 16 days, as for other employees.
9. It amends the law regarding timing of payment of wages to specify that the payment must include all wages earned for the prior pay period, instead of those earned within eight days of the payment date, and allows such payments to be made on the next business day when the payment date occurs on a day when the business is closed. The bill prohibits an employer from increasing any pay interval without providing notice to its employees.
10. Current law requires an employer to keep a record showing the date and amount paid to each employee and a daily record of time worked by an employee. This bill specifies that those records must be maintained by the employer for three years.
11. Current law requires an employee leaving employment to be paid within a reasonable time after demand at the office of the employer where payrolls are kept and wages are paid. Whenever the terms of employment include provisions for paid vacations, vacation pay on cessation of employment has the same status as wages earned. This bill removes the "reasonable time" requirement and instead specifies that when an employee leaves employment, that employee must be paid on the next established payday. The bill also specifies that payment of vacation is payable only in accordance with the employer's established policy or practice.
12. It repeals the exemption from the minimum wage and overtime laws for an individual employed as a switchboard operator in a public telephone exchange that has less than 750 stations.
13. It amends the definitions of "automobile mechanic," "automobile parts clerk" and "automobile service writer" to reflect provisions in federal law.
14. It changes the definition of "tip" and provisions regarding service charges to conform to the federal Fair Labor Standards Act, or FLSA. Current Maine law creates a wage violation under the FLSA by allowing a charge added to a customer's bill to be treated as a tip, whereas the FLSA treats it as a service charge, which is the employer's

Joint Standing Committee on Labor, Commerce, Research and Economic Development

property not the service worker's.

15. It clarifies the intent of the Legislature, to conform with federal law, that the distribution of certain products is exempt from the provisions governing overtime pay. It amends the 1995 law by reordering the series of exempt tasks for the purpose of eliminating any perceived ambiguity.

16. It adds the exemption adopted by the United States Department of Labor in 2015 for a domestic service worker employed to provide companionship services. The provision of care provided in conjunction with the provision of fellowship and protection cannot exceed 20% of the total hours worked per person and per workweek to qualify for exemption.

17. It repeals the definition of "hotel" for purposes of the subchapter on minimum wage since the term is not used in that subchapter.

18. It repeals and reallocates the provisions of the Maine Revised Statutes, Title 26, chapter 7, subchapter 4, article 1 regarding the application of the subchapter, record of work hours of minors and penalties.

19. It requires the bureau to conduct a survey every three years to determine the prevailing hourly wage and benefits rate in the construction industry. Current law requires the bureau to determine that wage and benefits rate annually.

20. It repeals the provisions of law regarding placement restrictions for a person required to work as a condition of receiving public assistance.

21. It updates the safety standard for inspection of firefighters' breathing apparatus to require that the inspection procedure follow the procedure specified in the manufacturer's operation manual. The document referred to in current law was never finalized for adoption.

Committee Amendment "A" (S-252)

This amendment makes a number of changes to the bill, including the following:

1. It restores the fine of up to \$20,000 for repeated violations of occupational safety requirements. It also removes the requirement for a conviction and instead provides that the fine is collectible upon a determination of a violation by the Department of Labor;
2. It allows an employer to offer a voluntary wellness program that offers incentives to employees for the cessation of use of tobacco products in compliance with federal regulations;
3. It eliminates the portion of the bill regarding possession of firearms by employees;
4. It amends the portion of the bill regarding rest breaks to specify that the 30-minute rest break may be used by the employee as unpaid mealtime only if the employee is completely relieved of duty, and limits the exception that allows small businesses with fewer than three employees on duty at any one time when the employee has frequent paid breaks of shorter duration to be exempted from the 30-minute rest break requirement only if the employees are completely relieved of duty during the frequent paid breaks;
5. It eliminates the portions of the bill regarding exemptions to mandatory overtime pay for certain salaried employees and automobile mechanics, automobile parts clerks and automobile service writers;
6. It eliminates the provision in the bill that allows a salaried employee to be paid on a monthly basis;
7. It eliminates the requirement in the bill that an employer preserve wage records for three years;

Joint Standing Committee on Labor, Commerce, Research and Economic Development

8. It changes the provision in the bill that specifies that when the terms of employment or the employer's established practice includes provisions for paid vacations, vacation pay on cessation of employment has the same status as wages earned;
9. It eliminates the exemption from minimum wage and overtime pay requirements in the bill for domestic service workers employed to provide companionship services;
10. It eliminates the provisions in the bill relating to the definition of "tip" and that make a mandatory service charge the property of the employer and not the service employee; and
11. It eliminates the provision in the bill that requires the Department of Labor, Bureau of Labor Standards to conduct a survey every three years to determine the prevailing hourly wage and benefits rate in the construction industry, instead of annually under current law.

This amendment also makes changes to the bill to provide further clarity regarding the current exemption from overtime contained in the Maine Revised Statutes, Title 26, section 664, subsection 3, paragraph F relating to work in the distribution of agricultural produce, meat and fish products and perishable foods. The bill and the current amendment are specifically intended to correct a perceived ambiguity identified by the United States Court of Appeals for the First Circuit in *O'Connor v. Oakhurst Dairy*, 851 F.3d 69 (2017). The amendment attempts to clarify current law by using semicolons to separate the applicable categories of work to which the exemption applies, and by changing the term "distribution" to "distributing" to conform to the grammatical convention of parallel usage by matching the gerund form of the other activities listed in the exemption, with the intent that work done in the distribution of, or distributing of, agricultural produce, meat and fish products and perishable foods is exempt from the overtime requirements of Title 26, section 664. The amendment also adds a retroactivity clause, applying the changes made to Title 26, section 664, subsection 3, paragraph F retroactively to September 29, 1995. This retroactivity applies to pending cases except, in deference to the authority of the judiciary to redress disputes, for cases pending on March 12, 2017. The Legislature does not intend any retroactive change to the overtime requirements for egg processing facilities enacted by Public Law 2011, chapter 681.

Enacted Law Summary

Public Law 2017, chapter 219 makes a number of changes to the labor laws, including the following:

1. It removes imprisonment as a penalty for an employer who willfully or repeatedly violates any standard, rule or order relating to occupational safety. It also removes the requirement for a conviction in order to enforce fines for such a violation and instead provides that a fine is collectible upon a determination of a violation by the Department of Labor;
2. It allows an employer to offer a voluntary wellness program that offers incentives to employees for the cessation of use of tobacco products in compliance with federal regulations;
3. It amends the law regarding mandatory rest breaks to specify that the 30-minute rest break may be used by the employee as unpaid mealtime, but only if the employee is completely relieved of duty. It also clarifies that the exception that applies to businesses with fewer than three employees on duty at any one time only applies if the employee is paid during the employee's frequent breaks of shorter duration;
4. It provides that when the terms of employment or the employer's established practice includes provisions for paid vacations, vacation pay on cessation of employment has the same status as wages earned; and
5. It clarifies that the exemption in the overtime wage laws regarding work involving agricultural produce, meat and fish products and perishable foods applies to work distributing such products and applies this change retroactively to pending cases, except for cases pending on March 12, 2017.

**PUBLIC 198
EMERGENCY**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
VOLK A	OTP-AM	S-211

This bill amends and updates technical terminology, removes outdated provisions and ambiguity and reorganizes existing provisions of the laws governing the Electricians' Examining Board in the Maine Revised Statutes Title 32, chapter 17.

The bill adds a definition of "dwelling unit" and amends the definition of "electrical installation" to include updated terminology. The bill repeals the definition of "supervision" and the existing provision of law outlining the qualifications and scope of practice of specific license types, replacing these provisions with a new section of law comprehensively outlining the qualifications, scope of practice and supervisory authority of all licenses issued by the board.

The bill clarifies existing provisions applicable to permitting, inspection and certification of electrical installations in non-residential and residential buildings. The bill moves provisions applicable to state electrical inspectors to a more appropriate section.

The bill clarifies that the Electricians' Examining Board is composed of five master electricians and two public members and reduces from ten years to five years the required years of licensed experience prior to board appointment. It expands the board's authority to license an applicant who holds a license from another state with different licensure qualifications, as long as the applicant can demonstrate comparable work experience, education, training or a combination thereof that is acceptable to the board.

The bill amends the reciprocity laws to reduce the minimum number of work hours that an electrician licensed in a reciprocal state must show to obtain a journeyman electrician or master electrician license in Maine.

Committee Amendment "A" (S-211)

This amendment adds provisions that allow a limited electrician to supervise licensed helper and apprentice electricians to the same extent as under current law and that allow applicants for a master electrician license to count hours worked as an apprentice electrician toward the 12,000-hour experience requirement, as is permitted in current law.

This amendment also makes technical changes to the bill and adds an emergency preamble and emergency clause.

Joint Standing Committee on Labor, Commerce, Research and Economic Development

"automobile parts clerk," "automobile service writer" and "tip" in the laws governing minimum wages. The bill amends the laws governing service charges in the minimum wage laws by making a compulsory service charge the property of the employer and not a tip that is the property of the service employee. Current law allows this practice only in a banquet or private club setting.

Committee Amendment "A" (S-246)

This amendment is the minority report of the committee. It strikes most of the provisions of the bill but retains the reduction in the scheduled increases to the minimum wage to 50 cents an hour per year until January 1, 2021, when the minimum wage will be \$11 per hour. It also keeps the elimination of the annual cost-of-living adjustment to the minimum wage in the bill and the \$1 an hour cap on the automatic increase in the state minimum wage when it is exceeded by the federal minimum wage. The amendment keeps the provision in the bill that makes a compulsory service charge the property of the employer and not a tip that is the property of the service employee.

Enacted Law Summary

Public Law 2017, chapter 32, extends the legal hours to harvest lobsters by allowing hauling lobster traps beginning at 4 a.m. during the period from October 1st to October 31st.

Public Law 2017, chapter 32 was enacted as an emergency measure effective April 28, 2017.

**LD 68 An Act To Implement an Owner-Operator Requirement in the Scallop
and Sea Urchin Fisheries**

PUBLIC 222

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
BLUME L LANGLEY B	OTP-AM	H-323

This bill implements an owner-operator requirement in the scallop dragging and sea urchin dragging fisheries.

The bill provides that a boat may not be used to drag for scallops unless the boat is owned by a scallop dragging license holder and the owner or a family member is on board. The bill implements the same ownership requirement for sea urchin dragging boats and license holders. The bill provides certain exceptions to the boat ownership requirement for illness or disability, for temporary inoperability of the owner's boat and for sale of the boat named on the license and to allow a license holder who meets certain requirements but who does not own a boat to continue fishing in the future. The bill allows a person who cannot meet the boat ownership requirements to hold a license to maintain eligibility for a future license in the limited entry scallop dragging fishery and in the limited entry sea urchin dragging fishery. The bill also provides that the holder of a scallop dragging license or a sea urchin dragging license may operate only the boat named on the license to drag for scallops or sea urchins. The bill provides certain exceptions to the boat operation requirement for illness or disability, for temporary inoperability of the boat and for sale of the boat named on the license. The bill requires the Commissioner of Marine Resources to provisionally adopt rules establishing a limited entry system in the scallop fishery no later than January 12, 2018.

Committee Amendment "A" (H-323)

This amendment replaces the bill. The amendment retains the provisions of the bill that create an owner-operator requirement in the scallop dragging and sea urchin dragging fisheries, but allows a person who fished with a family member in the 2017 fishing season on a boat the person does not own to continue fishing from that boat until the boat is no longer owned by that family member. The amendment also allows a person who does not meet the boat ownership requirements but who dragged for scallops or sea urchins and recorded landings in the 2017 fishing season on a boat the person does not own to continue fishing from that boat until January 1, 2020.

Joint Standing Committee on Marine Resources

The amendment specifies that the prohibition against fishing for or taking scallops from April 16th to November 30th applies only to scallop dragging.

The amendment allows the holder of a sea urchin dragging license to possess gear used for scallop dragging on the boat identified on the sea urchin dragging license if that boat is also listed on any scallop dragging license and there are no scallops on that boat.

Enacted Law Summary

Public Law 2017, chapter 222 creates an owner-operator requirement in the scallop dragging and sea urchin dragging fisheries, but allows a person who fished with a family member in the 2017 fishing season on a boat the person does not own to continue fishing from that boat until the boat is no longer owned by that family member. The amendment also allows a person who does not meet the boat ownership requirements but who dragged for scallops or sea urchins and recorded landings in the 2017 fishing season on a boat the person does not own to continue fishing from that boat until January 1, 2020.

Public Law 2017, chapter 222 specifies that the prohibition against fishing for or taking scallops from April 16th to November 30th applies only to scallop dragging.

Public Law 2017, chapter 222 allows the holder of a sea urchin dragging license to possess gear used for scallop dragging on the boat identified on the sea urchin dragging license if that boat is also listed on any scallop dragging license and there are no scallops on that boat.

4. If a person holding a Class I, Class II or Class III lobster and crab fishing license fishes lobster traps in a limited-entry zone other than the license holder's declared zone, subjecting the license holder to the most restrictive management measures of both zones; and
5. Requiring the Commissioner of Marine Resources to review annually rules regarding the relative number of second-zone tags that have been fished in each limited-entry zone and allowing the commissioner to propose rule changes to the Department of Marine Resources lobster trap tag system rules to ensure parity of zone access and stability of zone effort related to double tagging.

Committee Amendment "A" (H-172)

This amendment is the minority report of the committee. This amendment replaces the bill. The amendment expands upon the provisions of the bill and provides that a municipal shellfish conservation warden may seize and sell shellfish under certain circumstances pursuant to a libel proceeding.

LD 286 An Act To Promote and Encourage the Sustainability of the Elver Fishery PUBLIC 250

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
SIMMONS A MAKER J	OTP-AM	H-426

This bill sets at 425 the number of elver fishing licenses issued each year, not including licenses issued to federally recognized Indian tribes. The bill requires the Commissioner of Marine Resources to hold a lottery for elver fishing licenses through which a person who did not possess an elver fishing license in the previous year may become eligible to obtain one. The bill establishes a minimum allocation of elver quota to each elver fishing license holder of four pounds, unless that amount causes the State to exceed its overall annual quota set by the Atlantic States Marine Fisheries Commission. The bill requires the commissioner to adopt rules that provide a method for redistributing quotas allocated to deceased elver fishing license holders or license holders who for another reason will not fish those quotas.

Committee Amendment "A" (H-426)

This amendment allows the Department of Marine Resources to charge the holder of an elver fishing license an annual fee not to exceed \$35 for an elver transaction card. The amendment allows an applicant to the elver fishing license lottery to submit up to five applications per lottery year. The amendment removes the requirement in the bill that the Commissioner of Marine Resources hold an elver fishing license lottery each year. The amendment removes the provision of the bill that allocates at least four pounds of elver fishing quota to each license holder. The amendment increases the fees for all elver fishing licenses. The amendment removes the provision in the bill that requires rules regarding elver fishing quotas to provide a method for redistributing quota that will not be fished; that authority exists in current law. The amendment defines "bulk pile" for the purposes of the law on the seizure of illegally harvested elvers as all elvers in the possession of a harvester or dealer who fished for, took, bought or possesses elvers in violation of any law or rule regulating elvers. The amendment removes the requirement in the bill that the commissioner issue 425 elver fishing licenses each year and instead allows the commissioner to issue up to 425 licenses. The amendment adds an appropriations and allocations section.

Enacted Law Summary

Public Law 2017, chapter 250, requires the Commissioner of Marine Resources to hold a lottery for elver fishing licenses through which a person who did not possess an elver fishing license in the previous year may become eligible to obtain one. although it does not require the commissioner to hold the lottery every year. Public Law 2017, chapter 250 allows an applicant to the elver fishing license lottery to submit up to five applications per lottery year. LD 575 An Act To Improve the Enforcement of Maine's Lobster Laws

**PUBLIC 197
EMERGENCY**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LANGLEY B TUELL W	OTP-AM OTP-AM	S-200

This bill is a concept draft pursuant to Joint Rule 208.

This bill would enact measures to improve the enforcement of the State's lobster conservation laws and ensure the long-term sustainability of the lobster resource. These measures may include:

1. Establishing minimum penalties such as license suspension to deter violations, including scrubbing lobsters, fishing over the trap limit, fishing sunken trawls or untagged gear and molesting lobster traps;
2. Establishing minimum monetary fines to deter violations, including keeping short, over-sized, v-notched or egg-bearing female lobsters, and higher minimum penalties for repeat offenders;
3. Allowing the Commissioner of Marine Resources to revoke the marine resources licenses of those found guilty of sinking, burning or otherwise destroying another fisherman's vessel;
4. Requiring lobster fishing license holders found guilty of violating marine conservation laws to pay restitution equal to the cost incurred by the State to conduct the investigation for offenses, including scrubbing lobsters; fishing over the trap limit; fishing sunken trawls or untagged gear; keeping short, over-sized, v-notched or egg-bearing female lobsters; molesting lobster traps; or sinking, burning or otherwise destroying another fisherman's vessel; and
5. Requiring a lobster fishing license holder convicted of a marine resources violation resulting in a license suspension who reenters the lobster fishery to reenter as a new entrant limited to 300 traps and to have a vessel monitoring system aboard the license holder's vessel. Such a lobster fishing license holder would be allowed to build up the number of traps at a rate of 100 traps per year up to the lobster zone limit.

Committee Amendment "A" (S-200)

This amendment is the majority report of the committee. The amendment replaces the bill.

The amendment adds to the list of convictions or adjudications that are the basis for suspending a marine resources license a conviction for committing arson or aggravated criminal mischief. The amendment makes molesting lobster gear, which is currently a civil offense, a Class D crime. The amendment provides that fishing 25 or fewer

Joint Standing Committee on Marine Resources

untagged lobster traps is a civil violation and fishing more than 25 untagged lobster traps is a Class D crime.

The amendment expands the behavior for which a marine resources license may be suspended through an administrative process to include setting fire to, sinking or damaging a lobster boat, conduct that would violate certain provisions of the Maine Criminal Code and offenses committed against a marine patrol officer or the officer's family as a result of the officer's performing official duties, regardless of whether that offensive behavior occurs while undertaking an activity for which a marine resources license is required.

The amendment provides for minimum and maximum lengths for suspension of a marine resources license upon an administrative finding or conviction of molesting lobster gear, fishing over the lobster trap limit or fishing a sunken trap or trawl and provides for minimum lengths for suspension for scrubbing lobsters or setting fire to, sinking or destroying a lobster boat.

The amendment allows the Commissioner of Marine Resources to reduce the number of traps a lobster and crab fishing license holder may fish following a suspension for one of those offenses.

The amendment provides that a suspension based upon a conviction or adjudication is the same length as an administrative suspension.

The amendment allows the commissioner to require a person whose lobster and crab fishing license was suspended for certain offenses to install equipment that allows the Department of Marine Resources to track the geographic location of the vessel listed on that person's lobster and crab fishing license for a period immediately following the reinstatement of the license that may not exceed the duration of the license suspension. Costs associated with equipment required to be installed must be paid by the license holder.

Committee Amendment "B" (S-201)

This amendment is the minority report of the committee. The amendment replaces the bill.

The amendment adds to the list of convictions or adjudications that are the basis for suspending a marine resources license a conviction for committing arson or aggravated criminal mischief. The amendment makes molesting lobster gear, which is currently a civil offense, a Class D crime. The amendment provides that fishing 25 or fewer untagged lobster traps is a civil violation and fishing more than 25 untagged lobster traps is a Class D crime.

The amendment expands the behavior for which a marine resources license may be suspended through an administrative process to include setting fire to, sinking or damaging a lobster boat, conduct that would violate certain provisions of the Maine Criminal Code and offenses committed against a marine patrol officer or the officer's family as a result of the officer's performing official duties, regardless of whether that offensive behavior occurs while undertaking an activity for which a marine resources license is required.

The amendment provides for specific lengths for suspension of a marine resources license upon an administrative finding or conviction of molesting lobster gear, fishing over the lobster trap limit, fishing a sunken trap or trawl, scrubbing lobsters or setting fire to, sinking or destroying a lobster boat.

The amendment allows the Commissioner of Marine Resources to reduce the number of traps a lobster and crab fishing license holder may fish following a suspension for one of those offenses.

The amendment provides that a suspension based upon a conviction or adjudication is the same length as an administrative suspension.

The amendment allows the commissioner to require a person whose lobster and crab fishing license was suspended for certain offenses to install equipment that allows the Department of Marine Resources to track the geographic location of the vessel listed on that person's lobster and crab fishing license for a period immediately following the

reinstatement of the license that may not exceed the duration of the license suspension. Costs associated with equipment required to be installed must be paid by the license holder.

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
TUELL W	OTP-AM	H-347

This bill makes technical changes to Maine's marine resources laws. It clarifies that license revocation for a conviction of scrubbing egged lobsters may be permanent. It prohibits the sale of offal for use as bait to fish for or take lobsters or crabs. It creates a residency requirement for a commercial pelagic and anadromous fishing license, but allows for licensure of a nonresident if an applicant documents that the applicant's state of residence allows Maine residents to purchase a license and fish for pelagic and anadromous species in that state. Finally, it exempts

the holder of a marine harvesting demonstration license from the prohibition on hauling on Sundays in the summer.

Committee Amendment "A" (H-347)

This amendment retains the provisions of the bill that prohibit the sale of offal for use as bait to fish for or take lobsters or crabs and that exempt the holder of a marine harvesting demonstration license from the prohibition on hauling on Sundays in the summer.

The amendment removes the provision of the bill that specifies that license revocation for a conviction of scrubbing egged lobsters may be permanent.

The amendment removes the provision of the bill limiting the commercial pelagic and anadromous fishing license to residents unless a nonresident's state allows residents of Maine to fish for those species in that state.

The amendment provides that the definition of "offal" does not include fat attached to an animal hide from which the hair has been removed as long as the total thickness of fat and animal hide does not exceed one and a quarter inches.

The amendment provides that a holder of a Class I, Class II or Class III lobster and crab fishing license or noncommercial lobster and crab fishing license is not eligible to obtain a marine harvesting demonstration license and that the Commissioner of Marine Resources may permanently revoke the marine harvesting demonstration license of a person who sells, retains, ships or transports any portion of the catch or does not release all organisms alive into the area from which the organisms were harvested under that license. The amendment requires the holder of a retail seafood license buying directly from a harvester a species for which an electronic reporting requirement is in place to obtain an endorsement for that species from the Department of Marine Resources at no cost.

It changes the order of preference for lease applications to include in the second position an individual who currently holds a limited-purpose aquaculture license for the area. It provides a process by which a holder of a standard lease could seek an expansion of the lease area by up to 10% once during the duration of the lease without having to apply for a new lease. It places the licensed activities and criteria for limited-purpose aquaculture licenses in separate statutory provisions. It requires a

limited-purpose aquaculture license holder to specify if the license is for commercial or personal use and to identify the growing area and current classification of the area. It adds consideration of any risk to public health to the criteria used in determining whether to grant a limited-purpose aquaculture license. It adds to the eligibility criteria for a limited-purpose aquaculture license the completion of any educational courses that may be required by the Commissioner of Marine Resources.

Committee Amendment "A" (H-287)

This amendment increases the amount by which the contiguous area of a research or aquaculture lease may expand during the duration of the lease term from 10%, as provided in the bill, to 25%, except that the expansion may not be greater than four acres. The amendment clarifies that a person may submit comments to the Commissioner of Marine Resources regarding an application to expand a research or aquaculture lease for at least 30 days following the publication by the commissioner of the application summary. The amendment removes the provisions of the bill that require the commissioner to deny a lease expansion if comments are received opposing the expansion and instead requires the commissioner to consider all comments but to make the decision of whether to approve the expansion based upon the same criteria as would apply to a new lease application. The amendment prohibits the transport of organisms grown under a limited-purpose aquaculture license that is designated for personal use to an area that is the subject of a limited-purpose aquaculture license that is designated for commercial use.

This bill establishes the Maine Buy America Act and requires that all contracts for the construction, reconstruction, alteration, repair, improvement or maintenance of a public building or public work made by a state agency, board, commission or institution contain a provision that the manufactured goods, including iron and steel, used or supplied in the performance of the contract or any subcontract to the contract must be manufactured in the United States. This requirement does not apply to counties, municipalities or school administrative units.

The bill requires that, in the case of a manufactured good other than an iron or steel product, all of the manufacturing processes take place in the United States and the origin of the manufactured good's components or subcomponents meet a minimum level of domestic content as established by rule.

Joint Standing Committee on State and Local Government

Under the Act, a public agency may apply to the Governor or the Governor's designee for a waiver of the requirement if the executive head of the public agency finds that the application of the requirement would be inconsistent with the public interest, that the necessary manufactured goods are not produced in the United States in sufficient and reasonably available quantities and of a satisfactory quality or that inclusion of manufactured goods made in the United States will increase the cost of the overall project contract by more than 25%. The Department of Administrative and Financial Services is directed to develop rules regarding the Act, including rules to guide the waiver process and the process for public review and comment regarding requests for a waiver.

The bill requires that if the Department of Administrative and Financial Services has reason to believe that any person, business or other entity has intentionally made fraudulent representations about the domestic content of a manufactured good or has intentionally violated any provision of the Act, the department must, after a hearing, debar that person, business or other entity from contracts or subcontracts with the State for two years.

This bill changes the Lincoln County budget procedures in the following ways.

1. Current law requires an interim county budget before a final county budget is approved to be no more than 80% of the amount of the preceding county budget. This bill raises the level of the interim county budget to no more than the full amount of the preceding county budget.
2. Current law requires the Lincoln County Budget Advisory Committee to be comprised of three municipal officers per county commissioner district elected by their respective district caucuses and serving staggered three-year terms. This bill requires that each municipality has the option to have one municipal officer from that municipality selected by the municipality's governing body to serve on the committee for a one-year term.
3. Current law requires the committee to submit budget recommendations to the Lincoln County commissioners, who have the final say on the county budget. This bill gives the committee the authority to submit a budget to the commissioners, who need a unanimous vote to make any changes, and the power to veto any change to the budget by the commissioners by a 2/3 vote of the committee members present.

Committee Amendment "A" (H-78)

2. It makes the legislative member a nonvoting member, except in the case of a tie vote.
3. It requires a 2/3 vote of the advisory committee membership, rather than 2/3 of members present, to reject a change to the budget made by the county commissioners.

This bill requires that a state agency that contracts for or acquires lumber or other solid wood products give preference to lumber and solid wood products that are harvested in the State by in-state contractors, as long as the price, fitness and quality of the lumber or solid wood products are equal to that of lumber and solid wood products harvested outside the State. Under the bill, "state agency" includes departments and agencies of state, county and municipal government.

The bill also requires that if the State provides a subsidy to a person who purchases lumber or other solid wood products, the person must give preference to lumber and solid wood products harvested in the State by in-state contractors, as long as the price, fitness and quality of the lumber or solid wood products are equal to that of lumber and solid wood products harvested outside the State.

Committee Amendment "A" (S-269)

This amendment is the majority report of the committee. The amendment changes certain terminology and definitions in the bill to clarify the types of wood to which the provisions of the bill apply. The amendment replaces the terms "lumber" and "solid wood products" in the bill with the term "timber," which is further defined as "roundwood," meaning logs, bolts and other round sections of wood, and "residue," meaning by-products of a processed log. The amendment also adds a reference to state contracts for timber harvesting.

Senate Amendment "C" To Committee Amendment "A" (S-315)

This amendment removes the requirement that a person who receives a subsidy from the State and who purchases timber give preference to timber harvested by an in-state contractor. Instead this amendment requires a landowner who receives a subsidy from the State and who sells timber harvested from the landowner's land in this State to use an in-state contractor or a contractor from New Hampshire for the harvesting and transportation of that timber, as long as the price and quality of the work performed by that in-state contractor or contractor from New Hampshire is equal to the price and quality of work performed by a contractor from another state. It also provides that a landowner subject to the requirement to use an in-state contractor or contractor from New Hampshire to harvest and transport timber as the result of a subsidy provided under the Maine Tree Growth Tax Law may withdraw that landowner's land from taxation under the Maine Tree Growth Tax Law without penalty.

This bill is a concept draft pursuant to Joint Rule 208.

This bill proposes to change the method for providing property tax relief through State-municipal revenue sharing by providing benefits directly to property tax payers through a state tax credit rather than through distributions to municipalities. The maximum an individual taxpayer could receive would be 80% of the individual's annual property tax bill. The maximum a corporate taxpayer could receive would be 40% of its annual property tax bill. The credit would be calculated as a percentage of the total revenue sharing funds based on a taxpayer's annual bill, the percentage of total revenue sharing funds attributable to the municipality where the taxpayer's property is located and the taxpayer's annual property tax liability as a percentage of annual property tax liability statewide.

Part A of this bill requires the Department of Economic and Community Development to undertake by August 1, 2017 a pilot project to develop and evaluate a tax simulation model for state dynamic fiscal analysis of potential changes to the certified visual media production credit and the visual media reimbursement. Maine Revenue Services and the Office of Fiscal and Program Review are required to evaluate the pilot project and determine whether the changes proposed in Part B of the bill have a positive or negative impact on state revenue.

Part B of this bill repeals the certified visual media production credit, increases the reimbursement amount for certified production wages paid from 12% to 25% for residents of Maine, increases the cap on the reimbursement of wages from \$50,000 to \$100,000 and provides for a reimbursement of 20% of nonwage visual media production expenses. In order to qualify for the exemption, the contribution must have been made using income on which income tax was paid and is available only if the state in which the taxpayer resided at the time of the contribution provides a similar exemption to a former resident of Maine.

This bill reinstates the State's property tax deferral program, which was in effect for applications filed before April 1, 1991. The bill modifies the program to include households with at least one individual who is 65 years of age or older or who is retired from gainful employment due to disability and to surviving spouses who are at least 60 years of age or who are retired from gainful employment due to disability and provides that household income must be less than \$40,000. The amendment adds a maximum asset standard for eligibility of property owners and provides that property may not be subject to deferral under both the state deferral program and a municipal deferral program. The amendment also provides an appropriation to cover the cost of state administration of the program and the initial cost of making payments to municipalities for deferred taxes.

This bill restores state-municipal revenue sharing to 5% of the income tax, sales tax and service provider tax base and provides that 3/5ths of the revenue be deposited in a newly created Local Infrastructure Fund. The fund is administered by the Department of Transportation and must be used to provide matching grants to a municipality that undertakes a project in that municipality to maintain, improve or construct roads or bridges. The formula for determining the limit of a grant to a municipality is the same as the formula used to determine the distribution to a municipality from the Local Government Fund. The effect of this is to allow a municipality to receive 5% in revenue sharing, depending on the size of the infrastructure project undertaken by that municipality.

This bill is submitted by the Department of Administrative and Financial Services and proposes various changes to the property tax and the motor vehicle excise tax.

Part A specifies that holding land primarily for conservation or public access purposes is not a benevolent and charitable purpose, which is a condition necessary to obtaining an exemption from property tax. It allows a land trust organization to enroll land owned by it in the open space tax law program, which would provide up to a 95% reduction in the assessed value of that land as long as certain conditions are met. It also removes the 15,000-acre limit on the size of land that may be enrolled in the open space tax law program.

Part B expands the authorization for municipal assessment of service charges for certain municipal costs against certain property exempt from property tax. It permits service charges to be imposed on any category of exempt property identified in the Maine Revised Statutes, Title 36, section 652 except for houses of worship and parsonages. The service charges may be levied only against an owner that has total real estate assets in the municipality with an assessed value of \$10,000,000 or more. The existing cap of 2% of the gross annual revenues of the institution or organization is retained.

Part C reduces the rate of the excise tax imposed on motor vehicles for the first and second year from 24 mills to 18 mills and 17 1/2 to 16 mills, respectively; and increases the excise tax for the third, fourth, fifth and sixth year from 13 1/2 mills to 14 mills, 10 mills to 11.5 mills, 6 1/2 mills to 10 mills and 4 mills to 6 mills, respectively. This bill allows a municipality to impose a local option sales tax if approved by referendum of the voters in that municipality. The referendum question must identify the rate of the local option sales tax and the purposes for which the revenue will be used. The local option sales tax would be collected and administered by the State in the same manner as the sales and use tax. Revenue from the local option sales tax is distributed 50% to the municipality, 25% to the Local Government Fund for state-municipal revenue sharing throughout the State and 25% to the Regional Economic Development Revolving Loan Program for regional economic development. Revenue received by a municipality may not be used to reduce or eliminate funding otherwise due the municipality under other provisions of law.

Committee Amendment "A" (H-279)

This amendment restricts the local option sales tax authorized by the bill to taxation of sales of prepared food and lodging, provides that the revenue must be placed in a special account to be expended only if specifically authorized by the local legislative body and changes the distribution of revenue from the local option sales tax by increasing from 50% to 65% the amount transferred to the participating municipality and reducing the amount transferred to the Regional Economic Development Revolving Loan Program from 25% to 10%. LD 1551 An Act To Amend the Maine Tax Laws PUBLIC 211

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
BICKFORD B	OTP-AM	H-463

This bill is submitted by the Department of Administrative and Financial Services and makes changes to numerous provisions of tax laws.

Part A makes the following changes to the administration of the tax laws.

1. It adds a tax information confidentiality exception to allow disclosures by the Maine Revenue Services to the Revenue Forecasting Committee in order to make available relevant tax information in support of the committee's statutory duties.
2. It amends tax lien provisions beginning August 1, 2017 to increase the State's ability to be first in line in priority ahead of certain other creditors for payment on a tax debt. The changes also clarify that the new lien provision does not affect liens related to municipal property taxes.
3. It amends the general provision for the annual calculation of the interest rate applicable to the Maine Revised Statutes, Title 36 tax underpayments and overpayments, effectively reducing the applicable interest rate.
4. It adds an exclusion to allow the public disclosure of information, except when the statute specifically designates the information as confidential.
5. It broadens an existing authorization for disclosure of confidential tax information to allow disclosures to the Department of Administrative and Financial Services, Division of Financial and Personnel Services, as well as to

Joint Standing Committee on Taxation

the Department of Health and Human Services, for purposes of financial accounting and revenue forecasts in order to make available relevant tax information in support of statutory duties of the Department of Administrative and Financial Services with respect to financial accounting and revenue forecasts with respect to the specific taxes.

6. It removes services from the definitions of retail sales activity and retail sales facility under the business equipment tax exemption laws to make the amended definitions match the same definitions in the business equipment tax reimbursement laws. Aligning the definitions for the two programs will eliminate confusion over eligibility for certain personal property.
7. It aligns the business equipment tax exemption laws taxpayer appeal procedures with that of those of the Maine resident homestead property tax exemption program and allows municipalities that are aggrieved by an audit determination of the bureau to appeal in the same manner as persons requesting reconsideration.
8. It adds boat clubs and associations leasing storage, mooring or docking space to the list of entities required to maintain information on watercraft related to the lease. It also adds selling as an activity triggering the information collection requirement.
9. It changes, under the business equipment tax reimbursement laws, the year upon which to calculate energy primarily for sale from the year immediately preceding the property tax year for which a claim is made to the property tax year for which a claim is made.

Part B makes the following changes to the sales tax and fuel tax laws.

1. It requires the prepaid wireless fee to be remitted in the same manner as the service provider tax.
2. It provides that diabetic supplies are exempt from sales tax only when sold for use by human beings.
3. It provides a sales tax exemption for sales of prepared food by a civic, religious or fraternal organization, including an auxiliary of such an organization, at a public or member-only event, except when alcoholic beverages are available for sale at the event or it is a private function, for up to 24 days during a calendar year.
4. It replaces the bracket system for calculating sales tax with a conventional rounding algorithm, effective January 1, 2018.
5. It provides that refunds of the gasoline tax and special fuel tax may be made to the Federal Government.

Part C allows businesses subject to the Maine insurance premiums tax to be eligible for the educational opportunity tax credit, consistent with the credit allowed to taxpayers subject to the Maine income tax. The credit applies to tax years beginning on or after January 1, 2017.

Part D makes the following changes to the income tax laws.

1. It repeals the addition modification for a taxpayer's expenses for a qualified long-term disability income protection plan or qualified short-term disability protection plan in order to maintain consistency with the treatment of expenses for taxable corporations and to promote simplification.
2. It repeals the adjustment to itemized deductions for expenses included in the base for the adult dependent care credit tax.
3. It moves the due date for filing Maine financial institution franchise tax returns from the 15th day of the third month to the 15th day of the fourth month following the end of the tax year in conformity with recent federal changes to the filing due date for C corporation income tax returns. The change applies to tax years beginning on or

Joint Standing Committee on Taxation

after January 1, 2017.

4. It corrects a conflict created when three public laws enacted the Maine Revised Statutes, Title 36, section 5219-NN, all substantively different from each other. The conflict is corrected by repealing the versions enacted by Public Law 2015, chapter 490 and Public Law 2015, chapter 503 and enacting them as Title 36, section 5219-OO and section 5219-PP, respectively, with the following changes:

A. The employer credit for disability protection plans is limited to employees who were not covered under a disability protection plan offered by the employing unit in the tax year immediately preceding the year the employer is first eligible for the credit. The credit applies to eligible employees enrolled in a qualified disability plan after January 1, 2017; and

B. The tax credit for making a portion of an existing homestead accessible to an individual with a disability or physical hardship is clarified to specify that it applies to individuals, not businesses, making qualified expenditures, that the credit is nonrefundable and that an individual with negative federal adjusted gross income qualifies for the credit. Also, the aggregate annual cap of \$1,000,000 applicable to the credit is removed. The changes all apply to tax years beginning on or after January 1, 2017.

The version of Title 36, section 5219-NN as enacted by Public Law 2015, c. 388 regarding the Maine capital investment credit for 2015 and after remains as section 5219-NN.

5. It prohibits, for tax years beginning on or after January 1, 2017, married individuals filing separate income tax returns from claiming the property tax fairness credit. The change is consistent with a similar restriction under the sales tax fairness credit.

6. It repeals the additional extension of 30 days beyond the federal extension due date for filing Maine income tax returns for corporations and financial institutions. This change applies to tax years beginning on or after January 1, 2017.

7. It changes the date an information return, such as a Form W-2, must be filed with Maine Revenue Services from February 28th to January 31st following the calendar year to which the information return relates. The change in the due date applies to information returns filed for calendar years beginning on or after January 1, 2017.

8. It provides that court-ordered restitution obligations are afforded a priority for setoff from state income tax refunds pursuant to Title 36, section 5276-A that is just above the priority given to court fines and fees.

Part E makes the following changes with regard to Maine Revenue Services reporting requirements.

1. It repeals a requirement that the State Tax Assessor submit an annual report to the Legislature identifying the amount of public funds spent and the amount of revenues foregone as the result of economic development incentives.

2. It repeals a requirement that the State Tax Assessor submit an annual report to the Legislature on the costs incurred in creating and maintaining, and the tax revenues collected by using, the data warehouse authorized by the Maine Revised Statutes, Title 36, section 194.

3. It repeals a requirement that the State Tax Assessor submit an annual report to the Legislature regarding the consultation process required by Title 36, section 194-A and the issues involved with, and results of, each such consultation.

4. It requires that information regarding reimbursements of property taxes paid on certain business property made pursuant to Title 36, chapter 915 be added to the tax expenditure report submitted to the Legislature by the State Tax

Joint Standing Committee on Taxation

Assessor and changes the due date of that report from January 5th to February 15th of each odd-numbered year.

5. It changes the due date of the tax incidence report submitted to the Legislature by the State Tax Assessor from January 1st to February 15th of each odd-numbered year.
6. It specifies that the report submitted to the Legislature by the State Tax Assessor no later than February 1st annually identifying all requests for an adjustment of equalized valuation under Title 36, section 208-A pertains to the most recently completed fiscal year rather than the previous calendar year.
7. It repeals a requirement that the Commissioner of Administrative and Financial Services submit an annual report to the Legislature regarding the Mining Impact Assistance Fund.
8. It repeals a requirement that the State Tax Assessor submit an annual report to the Legislature containing information that includes a list of persons receiving reimbursement for property taxes both under the business equipment tax reimbursement program and under a tax increment financing agreement.

Committee Amendment "A" (H-463)

This amendment removes from the bill a provision requiring that a prepaid wireless fee be remitted in the same manner as the service provider tax and a provision that changes the application of the penalty in current law for a retailer knowingly charging or collecting excess sales tax.

Joint Standing Committee on Taxation

This bill, submitted by the Department of Administrative and Financial Services, makes the following changes to the sales and use tax laws.

Part A moves the point of taxation with respect to leases of tangible personal property from a use tax on the lessor to a sales tax on each lease payment, in order to simplify the law and provide consistency with the tax treatment of leases in other states that impose a sales tax. It updates the Maine Revised Statutes, Title 36, Part 3 to include leases, rentals and lessors in many existing provisions regarding sales and sellers and to add new provisions regarding leases, rentals and lessors that correspond to existing provisions regarding sales and sellers. It sources the first lease or rental payment to this State for taxation when the property is received in this State. Subsequent payments are sourced to this State as long as the primary property location for the period covered by the payment is in this State. It applies to sales occurring, and lease or rental agreements executed, on or after January 1, 2018.

Part B clarifies when owners of property that has been used outside of Maine are liable for a use tax when the property is brought into Maine. It updates several provisions, enacting a clear 90-day standard for use in Maine to give rise to a use tax liability. It applies to sales occurring, and lease or rental agreements executed, on or after January 1, 2018.

LD 1600 An Act To Establish an Opioid Addiction Prevention and Rehabilitation Treatment Program Funded by a Tax Imposed upon the Sale of Opioids **Accepted Majority (ONTP) Report**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
O'NEIL M BELLOWS S	ONTP OTP-AM	

This bill establishes the Opioid Addiction Prevention and Rehabilitation Program, to be funded by revenue generated by a tax imposed on the sale and distribution of products that contain opioids at the rate of 1¢ per milligram of active opioid ingredient.

Committee Amendment "A" (H-388)

This amendment, which was the minority report, provides that the tax on opioids that the bill proposes must be paid by manufacturers of opioids that are distributed in the State and changes the rate of tax to 0.1¢ per morphine milligram equivalent. The amendment removes wholesalers from the provisions of the bill and a provision basing the tax on the first sale within the State. The amendment excludes from the tax opioids that are used in medication-assisted treatment of substance use disorder and directs the Maine Board of Pharmacy to provide a list of those medications to the State Tax Assessor annually.

The amendment strikes from the bill the section establishing the Opioid Addiction Prevention and Rehabilitation Program and provides that revenue from the tax must be deposited in a special account to be used by the Department of Health and Human Services for the Opioid Health Home Program.

The amendment authorizes the State Tax Assessor to adopt rules to facilitate administration of this tax including requiring pharmacies or other persons in the State to provide information identifying manufacturers of opioids distributed in the State and the volume of opioids distributed by each manufacturer.

LD 1618 An Act To Support Maine's Working Families through Universal Child Care

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
SYLVESTER M	ONTP	

This bill establishes the Universal Child Care Program to ensure universal access to child care, without regard to income, beginning July 1, 2019. In the first year children age one and under are covered; in the second year, children age two and under; and in the third and subsequent years children age three and under are eligible.

The bill establishes the Universal Child Care Trust Fund, which is managed by a board composed of 13 members who represent child care providers and consumers of child care services. After initial appointments members of the board are elected for three-year terms from among their constituent groups. The board selects a director and staff that are responsible for administration of the program. The board receives advice from an advisory committee composed of the Commissioner of Health and Human Services, the Commissioner of Education and the Commissioner of Labor as well as the Treasurer of State, the President of the Senate and the Speaker of the House of Representatives.

Base funding for universal child care is provided from child care subsidies from the Temporary Assistance for Needy Families program and the federal Child Care and Development Fund block grant and other funds designated by the board.

Maine Revenue Services is directed to develop and submit to the Joint Standing Committee on Health and Human Services draft legislation to establish universal child care taxes. The taxes are to be structured to include three elements:

1. A tax on wages that is substantially equivalent to the federal Social Security Act's Old-Age, Survivors, and Disability Insurance program tax, but that applies only to earnings above the annual contribution and benefit base of the federal tax which is \$127,200 in 2017;
2. A self-employment tax applicable to taxpayers who are subject to the federal Self-Employment Contributions Act tax that is equivalent to that tax and applies to net earnings above the annual limit subject to taxation under that federal tax; and
3. A tax equal to the wage and self-employment taxes that is imposed on unearned annual income and that applies in a manner similar to the federal Net Investment Income Tax.

The bill directs the Joint Standing Committee on Health and Human Services to report out a bill to the Second Regular Session of the 128th Legislature to establish universal child care taxes to fully fund the Universal Child Care Program. See also LD 1612, summarized under the Joint Standing Committee on Health and Human Services which contains the same tax-related provisions.

This bill, which is a Governor's bill, creates a preforeclosure process that municipalities must follow in order to successfully foreclose a tax lien on property of a homeowner 65 years of age or older. The preforeclosure process includes active municipal assistance with an abatement application and mediation if necessary to create a reasonable tax payment plan. This bill also creates additional provisions concerning the sale of foreclosed property for all homeowners including allowing a homeowner to pay the tax lien with interest and costs before a tax sale; allowing a homeowner to remain in the home until the sale is completed; requiring the use of a real estate broker when the property is sold; and requiring the return to the homeowner of any net proceeds from the sale after adjustment for taxes owed, interest, fees and other allowable costs.

This bill was carried over to any special or regular session of the 128th Legislature by joint order, H.P. 1138.

**LD 1639 An Act To Promote Major Business Headquarters Expansions in Maine,
Promote the Commercialization of Research and Development in Maine
and Create Jobs**

PUBLIC 297

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
JACKSON T FREDETTE K	OTP-AM	S-294

This bill, which is a Governor's bill, creates a refundable Maine income tax credit for the construction or expansion of major business headquarters in the State if certain investment and employment levels are met. The refundable so-called "headquarters credit" is equal to 2% of the qualified investment per year for 20 years, subject to certain limitations.

In order to be eligible for the credit a business must employ at least 5000 full time employees and at least 25% of the employees must be based in Maine, the business must have locations in at least three other states or countries and it must intend to make an investment of at least \$35,000,000 within five years of the date of application for the credit.

The Commissioner of the Department of Economic and Community Development administers application, certification and eligibility for the credit. The commissioner may not approve more than \$100,000,000 aggregate qualified investment. A certificate of approval may be transferred subject to certain conditions. A certificate of approval must be revoked if the certified applicant or transferee fails to make a qualified investment within 5 years, if the applicant ceases operation of a headquarters in Maine or the certificate is transferred without the commissioner's approval.

The bill also allows a taxpayer receiving the headquarters credit to elect to have any unused credit carry-forward for the research expense tax credit, super credit for substantial expansions of research and development, jobs and investment tax credit and Maine capital investment credit be made refundable for any tax year to the extent of the headquarters credit.

Committee Amendment "A" (S-294)

This amendment makes the following changes to the bill.

1. It removes provisions authorizing a taxpayer receiving the headquarters credit to have any unused credit carry-forward for the research expense tax credit, super credit for substantial expansions of research and development, jobs and investment tax credit and Maine capital investment credit be made refundable for any tax year to the extent of the headquarters credit.
2. It removes from consideration as qualified investments expenditures for employee training and education and payment of student loan debt.

Joint Standing Committee on Taxation

3. It provides that no credit may be claimed in any year in which employment targets are not met. During the first 10 tax years for which the credit is claimed, the employment target is a rolling average of 80 new full-time Maine jobs added per year. In the first year of the credit, the 80 new jobs may include employees added since the first day of the tax year to account for the fact that the certificate of completion may be granted late in the tax year. In years 11 through 20 of the credit, the employment target requires that the 800 jobs created in years one through 10 be sustained. The amendment also provides that new jobs may not be counted to establish eligibility under more than one certificate of completion.
4. It provides that if the certificate of completion is transferred the transferee must meet the same eligibility requirements and conditions as applied to the original certified applicant.
5. It provides that reports by the taxpayer and the State Tax Assessor are public records and provides that the State Tax Assessor must disclose information regarding credits received to the joint standing committee of the Legislature having jurisdiction over taxation matters.
6. It requires the Office of Program Evaluation and Government Accountability to complete a design evaluation review of the credit, identifying the extent to which the design of the credit supports the accomplishment of the credit's purposes, intent and goals, the extent to which benefits are directed to the intended beneficiaries and the extent to which the administration of the credit is efficient and effective. The office is directed to include with its evaluation recommended performance measures for the credit and an identification of the data needed for effective evaluation.
7. It provides that the purpose of the credit is to create high-quality jobs in the State by encouraging the location or expansion of the headquarters of major businesses in the State.
8. It makes technical corrections.

Enacted Law Summary

Public Law 2017, chapter 297 creates a refundable income tax credit for the construction or expansion of major business headquarters in the State if certain investment and employment levels are met. The refundable so-called headquarters credit is equal to 2% of the qualified investment per year for 20 years, and is subject to the following conditions.

1. The business must employ at least 5000 full time employees, and at least 25% of the employees must be based in Maine, the business must have locations in at least three other states or countries and it must intend to make an investment of at least \$35,000,000 within five years of the date of application for the credit.
2. The Commissioner of the Department of Economic and Community Development administers application, certification and eligibility for the credit. The commissioner may not approve more than \$100,000,000 aggregate qualified investment. A certificate of approval may be transferred if the transferee meets the same eligibility requirements and conditions as applied to the original certified applicant. A certificate of approval must be revoked if the certified applicant or transferee fails to make a qualified investment within five years, if the applicant ceases operation of a headquarters in Maine or the certificate is transferred without the commissioner's approval.
3. A credit may not be claimed in any year in which employment targets are not met. During the first 10 tax years for which the credit is claimed, the employment target is a rolling average of 80 new full-time Maine jobs added per year. In the first year of the credit, the 80 new jobs may include employees added since the first day of the tax year to account for the fact that the certificate of completion may be granted late in the tax year. In years 11 through 20 of the credit, the employment target requires that the 800 jobs created in years one through 10 be sustained. The amendment also provides that new jobs may not be counted to establish eligibility under more than one certificate of completion.

Joint Standing Committee on Taxation

4. Reports by the taxpayer and the State Tax Assessor are public records, and the State Tax Assessor must disclose information regarding credits received to the joint standing committee of the Legislature having jurisdiction over taxation matters.

5. The Office of Program Evaluation and Government Accountability is required to complete a design evaluation review of the credit, identifying the extent to which the design of the credit supports the accomplishment of the credit's purposes, intent and goals, the extent to which benefits are directed to the intended beneficiaries and the extent to which the administration of the credit is efficient and effective. The office is directed to include with its evaluation recommended performance measures for the credit and an identification of the data needed for effective evaluation.

6. The law provides that the purpose of the credit is to create high-quality jobs in the State by encouraging the location or expansion of the headquarters of major businesses in the State.

LD 306 An Act To Require State Compliance with Federal REAL ID Guidelines PUBLIC 27

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DIAMOND B	OTP-AM OTP-AM	S-17

Joint Standing Committee on Transportation

This bill repeals the law that prohibits the State from participating in the federal REAL ID Act of 2005 and the Secretary of State from changing the procedures for applying for a driver's license or nondriver identification card in a manner to conform to the federal REAL ID Act of 2005. It directs the Secretary of State to issue driver's licenses and nondriver identification cards that conform to the federal REAL ID Act of 2005.

Committee Amendment "A" (S-17)

This amendment, which is the majority report, provides that the Secretary of State may issue a driver's license or nondriver identification card that meets the standards of the federal REAL ID Act of 2005. The amendment also establishes fees for REAL ID compliant driver's licenses and nondriver identification cards.

Current law allows the Secretary of State to exempt a person from having to present documentary evidence of legal presence in the United States if that person is renewing a noncommercial driver's license and that person has continuously held a valid driver's license since December 31, 1989 or was born before December 1, 1964. Current law also provides that the Secretary of State may exempt a person from having to present documentary evidence of legal presence for a nondriver identification card if that person has held a nondriver identification card or valid driver's license since December 31, 1989 or was born before December 1, 1964. This amendment repeals these exemptions in order for the Secretary of State to comply with the requirements of the federal REAL ID Act of 2005.

The amendment allows the Secretary of State to use biometric technology, including, but not limited to, retinal scanning, facial recognition or fingerprint technology, to produce a driver's license or nondriver identification card.

This amendment also adds an allocation to the Secretary of State for implementation of the federal REAL ID Act of 2005.

Committee Amendment "B" (S-18)

This amendment, which is the minority report, strikes the bill and replaces it with a resolve. The amendment requires the Secretary of State to request a waiver of the requirements of the federal REAL ID Act of 2005 from the United States Department of Homeland Security pending the results of federal legislation. The amendment requires the Secretary of State to establish a process to provide a passport card or passport book to residents of Maine who do not have the required photographic identification to access federal or federally controlled facilities or to board commercial aircraft and demonstrate significant financial hardship, making the fee for a passport card or passport book cost-prohibitive. The amendment also requires the Secretary of State to administer an educational campaign about the requirements of the federal REAL ID Act of 2005 and the availability of the United States Department of State passport cards and passport books as an option to access federal facilities and commercial aircraft and the opportunity for Maine residents who require financial assistance to apply for a state-funded passport card or passport book. The funds for these purposes are in an amount approximately equal to the Secretary of State's estimated cost of up to \$3,000,000 to implement the federal REAL ID Act of 2005. The amendment also adds an emergency preamble and emergency clause and provides a one-time allocation to the Secretary of State to issue passport cards and passport books.

Enacted Law Summary

Public Law 2017, chapter 27 provides that the Secretary of State may issue a driver's license or nondriver identification card that meets the standards of the federal REAL ID Act of 2005. The law also establishes fees for REAL ID compliant driver's licenses and nondriver identification cards.

Public Law 2017, chapter 27 repeals certain exemptions in the law in order for the Secretary of State to comply with the requirements of the federal REAL ID Act of 2005.

This bill requires a person who tows a commercial motor vehicle without consent to provide an itemized invoice, including a notice to direct complaints about overcharging to the traffic division of the State Police, and provides for a fine for failure to itemize an invoice. It provides a definition of "commercial motor vehicle" in language modeled on 49 Code of Federal Regulations, Section 390.5. It provides that a customer is not liable for a charge not included on the itemized invoice. It also prohibits a person holding or storing a commercial motor vehicle from holding the vehicle's cargo.

Committee Amendment "A" (H-153)

This amendment strikes and replaces the bill. Like the bill, the amendment requires a person who tows a commercial motor vehicle without consent to provide an itemized invoice before demanding payment for any charge relating to a commercial vehicle nonconsensual tow. Unlike the bill, the amendment does not require that a person holding or storing a towed vehicle place on the invoice a notice to direct complaints about overcharging to the traffic division of the State Police. The amendment also does not impose a penalty for failure to itemize an invoice or post the required notice or for the improper impoundment of contents or cargo of a commercial motor vehicle, all of which are required in the bill. Like the bill, the amendment defines "commercial motor vehicle" and "commercial motor vehicle nonconsensual tow." The amendment adds a definition of "perishable cargo."

LD 1089 *An Act To Prohibit the Use of Handheld Phones and Devices While Driving* Veto Sustained

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DIAMOND B	OTP-AM	S-272

This bill prohibits a person from using a mobile telephone or handheld electronic device while operating a motor vehicle unless the mobile telephone or handheld electronic device allows for hands-free operation and the hands-free feature of the mobile telephone or electronic handheld device is in fact being used by a person 18 years of age or older or the mobile telephone or handheld electronic device is being used in order to communicate with law enforcement or emergency services personnel under emergency circumstances.

The bill retains the prohibition in current law against the use of a mobile telephone or handheld electronic device, both handheld and hands-free use, for a person who has been issued an intermediate driver's license or for a person under 18 years of age.

The bill provides that the penalty for a first offense of the prohibition against using a mobile telephone or handheld electronic device while operating a motor vehicle is \$75. The bill also provides that the penalty for a second or subsequent offense within a three-year period is \$150.

Committee Amendment "A" (S-272)

This amendment replaces the bill. The amendment repeals the provision of law that prohibits a person who has been issued a learner's permit from operating a motor vehicle while using a handheld electronic device or mobile

Joint Standing Committee on Transportation

telephone. The amendment repeals the section of law that prohibits minors from operating a motor vehicle while using a handheld electronic device and mobile telephone. The amendment also repeals the section of law that prohibits any person from operating a motor vehicle while engaging in text messaging.

The amendment incorporates the definition of "mobile telephone" into the definition of "handheld electronic device." The amendment excludes text messaging from the definition of "using" to reflect the different penalties for using a handheld electronic device and for text messaging while operating a motor vehicle.

Like the bill, the amendment expands the prohibition on minors and a person who has been issued a learner's permit operating a motor vehicle while using a handheld electronic device to prohibit all persons operating a motor vehicle from using a handheld electronic device.

Like the bill, the amendment includes exceptions to the prohibition against using a handheld electronic device while operating a motor vehicle that allow for hands-free operation of the device and for using a handheld electronic device to communicate with law enforcement or emergency services personnel under emergency circumstances. The exceptions do not apply to text messaging.

Like the bill, the amendment provides that the penalty for a first offense of the prohibition against using a handheld electronic device while operating a motor vehicle is \$75 and the penalty for a second or subsequent offense within a three-year period is \$150.

The amendment adds an appropriations and allocations section.

HEAD F MAKER J	OTP-AM ONTP	H-160

This bill provides for issuance of special firefighter registration plates for emergency medical services persons. The bill also provides that the issuance of special firefighter registration plates for emergency medical services persons for those eligible is contingent upon the Secretary of State's receiving donations from public or private sources to cover the cost of the registration plates.

Committee Amendment "A" (H-160)

This amendment strikes the provision in the bill that provides for issuance of special firefighter registration plates for emergency medical services persons. Instead, the amendment provides for the issuance of emergency medical services registration plates for emergency medical services persons who are licensed by the Emergency Medical Services' Board and certified by the Director of Maine Emergency Medical Services within the Department of Public Safety. The amendment also strikes the contingent effective date in the bill and requires the Secretary of State to issue emergency medical services registration plates on or after January 1, 2018. The amendment applies to a vehicle that is left at a storage facility, if the owner failed to pay storage or rental fees, and to a vehicle left at a place of business after being repaired pursuant to a written work order signed by the person requesting the repair work.

That notification must be submitted to the Secretary of State within 14 days after the date on which the vehicle owner is responsible for any unpaid charges for authorized repair or for storage and any related towing expenses incurred by the owner or the owner's agent in possession of the vehicle.

The amendment also clarifies that if notification is not submitted to the Secretary of State, the person holding the vehicle may not collect more than 14 days of storage fees.

towing or carrying a vehicle or freeing a stuck vehicle;

2. Decriminalize certain provisions of law regarding fuel tax licensing and reporting. Displaying a false fuel use identification decal remains a Class D crime;
3. Specify that the version of the federal regulations incorporated by reference into rules of the Department of Public Safety is the most current version as filed with the Secretary of State;
4. Increase the class of crime from a Class E to a Class D crime for operating, or permitting the operation of, a motor vehicle without proof of financial responsibility and to a Class C crime if death or serious bodily injury results from an accident involving that motor vehicle;
5. Clarify that the exemption from inspection requirements for antique autos applies only if the vehicle is registered as an antique auto;
6. Require a truck tractor owner or operator to display on both sides of the truck tractor the name of the owner or lessee in letters that meet the standards set forth in the Code of Federal Regulations. Current law specifies the size of the letters;
7. Correct an error in the statute pertaining to splash guards to exempt a truck tractor from having splash guards when it is hauling a trailer or semitrailer;
8. Reallocate from the Maine Revised Statutes, Title 22 to Title 29-A the statute that prohibits a person from smoking in a motor vehicle when a person who has not attained 16 years of age is present in that motor vehicle; and
9. Clarify the statute governing vehicle lengths so that it explicitly states the statute applies to recreational vehicles and so that it conforms certain vehicle lengths to federal law.

Committee Amendment "A" (H-316)

Under current law, the definition of "wrecker" specifically excludes a vehicle designed to carry or tow more than one vehicle on its own body. This amendment amends that definition to include a vehicle designed to carry or tow up to two vehicles on its own body.

The amendment also strikes redundant language that seeks to clarify that the version of federal regulations incorporated by reference into the rules of the Department of Public Safety, Maine State Police is the most current version as filed with the Secretary of State. Current law already provides for this.

The amendment strikes from the bill the provision that creates the Class C crime of operating, or permitting the operation of, a motor vehicle without proof of financial responsibility if death or serious bodily injury results from an accident involving that motor vehicle.

The amendment makes a technical correction to a reference to a federal regulation.

Current law specifies that a truck tractor need not be equipped with splash guards when it is not hauling a trailer or semitrailer. The amendment repeals that exception.

The bill reallocates from the Maine Revised Statutes, Title 22 to Title 29-A the statute that prohibits a person from smoking in a motor vehicle when a person who has not attained 16 years of age is present in that motor vehicle. The amendment provides that a penalty for a violation of this prohibition is a traffic infraction rather than a civil violation.

Enacted Law Summary

Joint Standing Committee on Transportation

Public Law 2017, chapter 165 amends the motor vehicle and traffic laws to:

1. Clarify the definition of "wrecker" to specify that it applies only when the vehicle is in the act of towing or carrying a vehicle or freeing a stuck vehicle and amends that definition to include a vehicle designed to carry or tow up to two vehicles on its own body;
2. Decriminalize certain provisions of law regarding fuel tax licensing and reporting. Displaying a false fuel use identification decal remains a Class D crime;
3. Increase the class of crime from a Class E to a Class D crime for operating, or permitting the operation of, a motor vehicle without proof of financial responsibility;

7. Correct an error in the statute pertaining to splash guards, which are required on a truck, truck tractor, trailer and semitrailer at all times; and
8. Clarify the statute governing vehicle lengths so that it explicitly states the statute applies to recreational vehicles and so that it conforms certain vehicle lengths to federal law.

LD 30 An Act To Amend the Law Governing Special Amusement Permits for PUBLIC 13
Liquor Licensees

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
TURNER B MAKER J	OTP-AM	H-11

Current law provides that dancing and some other forms of entertainment are prohibited on the premises of an establishment licensed to sell liquor for consumption on the premises unless the licensee has been issued a special amusement permit from the municipality where the establishment is located. This bill provides that dancing does not include dancing done in conjunction with the singing activity commonly known as "karaoke."

Committee Amendment "A" (H-11)

This amendment replaces the bill. Current law states that a person licensed to serve alcoholic beverages for consumption on the licensed premises must prohibit, with some limited exceptions, music, dancing and entertainment unless the licensee has received a special amusement permit from the municipality where the establishment is located. The amendment provides that a municipality may require a permit for music, dancing and entertainment based on what is permitted or prohibited by local ordinance or regulation. The amendment further specifies that when the liquor license is up for renewal a municipality may deny renewal if the establishment fails to obtain a required permit or fails to comply with the permit. The amendment removes certain requirements imposed upon the municipality governing the process for issuance of a permit for music, dancing or entertainment.

Enacted Law Summary

Public Law 2017 chapter 13 provides that a municipality may require a permit for music, dancing and entertainment based on what is permitted or prohibited by local ordinance or regulation. Chapter 13 further specifies that when the liquor license is up for renewal a municipality may deny renewal if the establishment fails to obtain a required permit or fails to comply with the permit. It also removes certain requirements imposed upon the municipality governing the process for issuance of a permit for music, dancing or entertainment.

LD 31 RESOLUTION, Proposing an Amendment to the Constitution of Maine CARRIED OVER
To Require That Signatures on a Direct Initiative of Legislation Come
from Each Congressional District

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
ESPLING E DIAMOND B		

This resolution proposes to amend the Constitution of Maine to require that the signatures on a petition to directly initiate legislation be of voters from each of the State's two congressional districts and that the number of signatures from each congressional district be not less than 10% of the total vote for Governor cast in that congressional district in the previous gubernatorial election. This resolution provides that, if the required votes are cast in favor of the proposed amendment to the Constitution, the proposed amendment becomes part of the Constitution on March 1, 2018 instead of on the date of the Governor's proclamation.

This Resolution was reported out of committee and then recommitted to the committee; it was then carried over to any special or regular session of the 128th Legislature by joint order, H.P. 1138.

LD 53 RESOLUTION, Proposing an Amendment to the Constitution of Maine Died Between
To Prohibit Payment Per Signature for Citizen Petition Drives Houses

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
GUERIN S MAKER J	OTP-AM ONTP	

This resolution proposes to amend the Constitution of Maine to prohibit a person who collects signatures for a written petition for a people's veto or for the direct initiative of legislation from being paid based upon the number of signatures the person collects.

Committee Amendment "A" (H-436)

This amendment, the majority report, replaces the resolution proposing an amendment to the Constitution of Maine. The amendment instead amends the statutes governing ballot questions to prohibit the circulator of an initiative or referendum petition or a petition organization from receiving payment for the collection of signatures based on the number of signatures collected. The amendment clarifies that a salary or fee for the collection of signatures is not prohibited if it is not based on the number of signatures collected.

This amendment was not adopted.

LD 78 An Act To Permit Unenrolled Voters To Cast Ballots in Primary Accepted Majority
Elections (ONTP) Report

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
ACKLEY K KATZ R	ONTP OTP-AM	

This bill allows an unenrolled voter to vote in a primary election without having to enroll in a political party. An unenrolled voter may vote in only one party's primary election.

Joint Standing Committee on Veterans and Legal Affairs

Committee Amendment "A" (H-155)

This amendment, which is the minority report of the committee, provides that the Secretary of State, rather than municipal clerks, is required to establish procedures for voters who are not enrolled in a party to vote in a primary election. The bill removes the requirement that a voter must be enrolled in a party to participate in a caucus or convention. This amendment provides that a voter must be enrolled in order to take part in a party's caucus or convention. The amendment also adds an appropriations and allocations section.

This amendment was not adopted.

LD 85 An Act Regarding Public Service Berthing Vessels Licensed for the Sale of Liquor CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MIRAMANT D KUMIEGA W	OTP-AM	S-11

This bill authorizes the Department of Administrative and Financial Services, Bureau of Alcoholic Beverages and Lottery Operations to issue licenses to public service berthing vessels for the sale of spirits, wine and malt liquor on overnight voyages of at least one night. The bill establishes requirements and fees for such licensing.

Committee Amendment "A" (S-11)

This amendment replaces the bill. Like the bill, the amendment provides for a definition of public service berthing vessel. Unlike the bill, the amendment does not establish a separate license for a public service berthing vessel but rather makes the vessel eligible for a Class V liquor license that permits the sale of spirits, wine and malt liquor to passengers of the vessel. It also provides that the license may be issued for a single event or voyage. Like the bill, the amendment requires that the vessel acquire municipal approval to sell liquor on board the vessel to passengers while the vessel is docked. The amendment also makes a provision for storage of liquor to be sold by the licensed vessel and requires that records be maintained for each event when the licensed vessel sells liquor to passengers.

This bill was reported out of committee and then carried over to the next special or regular session of the 128th Legislature on the Special Appropriations Table by joint order, S.P. 601.

LD 88 An Act To Delay the Implementation of Certain Portions of the Marijuana Legalization Act PUBLIC 1 EMERGENCY

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LUCHINI L THIBODEAU M	OTP-AM	H-1

This bill delays the effective date of most of the provisions of the Marijuana Legalization Act as enacted by citizen initiative to February 1, 2018. The delayed effective date does not apply to the provision in the initiated bill that repeals the Maine Revised Statutes, Title 22, section 2382, subsection 1, which makes possession of up to 2 1/2 ounces of marijuana a civil violation, or the following provisions, which will be effective as of January 30, 2017:

1. A person 21 years of age or older may use, possess or transport up to 2 1/2 ounces of marijuana;
2. A person 21 years of age or older may transfer, without remuneration, up to 2 1/2 ounces of marijuana and up to six immature plants or seedlings to a person who is 21 years of age or older;

Joint Standing Committee on Veterans and Legal Affairs

3. A person 21 years of age or older may possess, grow, cultivate or transport up to six flowering marijuana plants, 12 immature plants and unlimited seedlings and possess all of the marijuana produced by the plants at the person's residence; and

4. A person 21 years of age or older may consume marijuana in a private residence.

The bill clarifies that possession of a useable amount of marijuana by a juvenile is a crime, unless that juvenile is authorized to possess marijuana for medical use. Finally, the bill prohibits the possession of any edible retail marijuana products until February 1, 2018.

Committee Amendment "A" (H-1)

This amendment strikes the definition of "cannabis" from the Marijuana Legalization Act. It amends the definition of "marijuana" and adds a definition of "marijuana concentrate." The amendment adds a provision to the Marijuana Legalization Act that prohibits a person from possessing more than five grams of marijuana concentrate as part of the 2 1/2 ounces of marijuana that a person may already legally possess under the Act. This amendment strikes a provision in the bill that, prior to February 1, 2018, limited personal marijuana consumption to a private residence. The amendment provides that personal marijuana consumption by a person 21 years of age or older may occur only in a private residence or on private property with permission of the owner. It further provides that consumption may not occur in a motor vehicle or in a private residence that is used as a day care or baby-sitting service during the hours of operation.

For the purpose of adopting major substantive rules relating to the retail framework under the Marijuana Legalization Act, which are required to be submitted within nine months of the effective date of the Act, the amendment allows the Commissioner of Agriculture, Conservation and Forestry to delegate rule-making authority to the Commissioner of Administrative and Financial Services or the Commissioner of Public Safety if the Commissioner of Agriculture, Conservation and Forestry determines that the expertise and resources of those other departments would be beneficial in the development of the rules.

The amendment also provides that possession of marijuana is a civil violation for a person who is 18, 19 or 20 years of age. The penalty for possession of up to 1 1/4 ounces of marijuana is a fine no less than \$350 to no more than \$600. The penalty for possession of up to 2 1/2 ounces is a fine of no less than \$700 and no more than \$1,000. These penalties are the same as those that were in law for any nonjuvenile prior to being repealed by Initiated Bill 2015, chapter 5. Finally, the amendment provides that it is a juvenile crime under the Maine Juvenile Code for a person under 18 years of age to possess marijuana and makes a corresponding technical cross-reference change.

Enacted Law Summary

Public Law 2017 chapter 1 delays the effective date of several provisions of the Marijuana Legalization Act to February 1, 2018. The delayed date does not apply to the provision in the Act, which was passed as a direct initiative, which provides that possession of up to 2 1/2 ounces of marijuana is a civil violation. The law changes the definition of "marijuana" and adds a definition of "marijuana concentrate." It adds a provision to the Marijuana Legalization Act that prohibits a person from possessing more than five grams of marijuana concentrate as part of the 2 1/2 ounces of marijuana that a person may already legally possess under the Act. Chapter 1 provides that personal marijuana consumption by a person 21 years of age or older may occur only in a private residence or on private property with permission of the owner. It further provides that consumption may not occur in a motor vehicle or in a private residence that is used as a day care or baby-sitting service during the hours of operation.

For the purpose of adopting major substantive rules relating to the retail framework under the Marijuana Legalization Act, which are required to be submitted within nine months of the effective date of the Act, this law

Joint Standing Committee on Veterans and Legal Affairs

allows the Commissioner of Agriculture, Conservation and Forestry to delegate rule-making authority to the Commissioner of Administrative and Financial Services or the Commissioner of Public Safety if the Commissioner of Agriculture, Conservation and Forestry determines that the expertise and resources of those other departments would be beneficial in the development of the rules.

Chapter 1 also provides that possession of marijuana is a civil violation for a person who is 18, 19 or 20 years of age. The penalty for possession of up to 1 1/4 ounces of marijuana is a fine no less than \$350 to no more than \$600. The penalty for possession of up to 2 1/2 ounces is a fine of no less than \$700 and no more than \$1,000. These penalties are the same as those that were in law for any nonjuvenile prior to being repealed by Initiated Bill 2015, chapter 5. Finally, this law provides that it is a crime under the Maine Juvenile Code for a person under 18 years of age to possess marijuana and makes a corresponding technical cross-reference change.

Public Law 2017, chapter 1 was enacted as an emergency measure effective January 27, 2017.

LD 121 An Act To Require Photographic Identification to Vote

**Accepted Majority
(ONTP) Report**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
FARRIN B COLLINS R	ONTP OTP-AM	

This bill requires that a voter provide proof of identity with photographic identification for the purpose of voting. The bill specifies the types of photographic identification that may be used to verify the identity of a voter. It provides that a person who does not present photographic identification may cast a provisional ballot and establishes the process for provisional voting. Under this process, if the person can verify the person's identity to the municipal clerk, deputy clerk or warden or an election clerk within five business days of the election by presenting acceptable photographic identification, the ballot will be cast as a regular ballot. Through the general election of 2018, a person who does not present acceptable photographic identification but is known to a municipal clerk, registrar or election official at the voting place may cast a regular ballot upon submission of an affidavit by the municipal clerk, registrar or election official attesting to the person's identity. Finally, the bill requires the Secretary of State to provide, at no fee, nondriver identification cards to eligible persons who do not have another form of acceptable photographic identification to verify identity for the purpose of voting.

Committee Amendment "A" (H-51)

Under the bill, a person who does not have proper photographic identification required to cast a ballot on election day has five days to provide photographic proof of identity to the municipal clerk, deputy clerk, warden or election clerk. This amendment, which is the minority report of the committee, reduces that time period to three days to reflect the number of days by which municipal election clerks must report election results to the Secretary of State. The amendment also adds a requirement that provisional ballots must be retained in tamper-proof containers separately from provisional ballot affidavits and the provisional ballot log. The amendment requires that rejected provisional ballots, provisional ballot logs and provisional ballot affidavits must be retained in the same manner as regular ballots and election materials. The amendment also adds a mandate preamble and an appropriations and allocations section.

This amendment was not adopted.

CYRWAY S BRADSTREET R	OTP-AM	S-98

This bill expands the causes for a seven-day notice of termination of tenancy to include: violence, a threat of violence or sexual assault against other tenants, their guests, the landlord or the landlord's employees or agents; an unauthorized occupation of the premises; and the provision of false information on the tenant's rental application.

Committee Amendment "A" (S-98)

This amendment clarifies that a victim of domestic violence, sexual assault or stalking who has taken reasonable actions to comply with a landlord's request for the protection of tenants, guests or invitees or the landlord from violence or the threat of violence or sexual assault is not subject to eviction with a seven-day notice of termination. The amendment also removes the provision of the bill permitting seven-day notice of termination of tenancy if a tenant provides false information on the tenant's rental application.

Enacted Law Summary

Public Law 2017, chapter 103 expands the causes for a seven-day notice of termination of tenancy. The law allows

Joint Standing Committee on Veterans and Legal Affairs

a landlord to terminate a tenancy upon seven days' written notice if the landlord can demonstrate that the tenant or the tenant's invitee or guest is the perpetrator of violence, a threat of violence or sexual assault against other tenants, their guests, the landlord or the landlord's employees or agents, except that a victim of domestic violence, sexual assault or stalking who has taken reasonable actions to comply with a landlord's request for the protection of tenants, guests or invitees or the landlord from violence or the threat of violence or sexual assault is not subject to eviction with a seven-day notice of termination. This bill is a concept draft pursuant to Joint Rule 208.

This bill proposes to amend current law to authorize the Secretary of State to administer recounts in an efficient and effective manner, to increase the number of voter signatures required for a statewide recount, to lower the threshold for a free statewide recount and to authorize the Secretary of State to develop by rule processes for multicounty and statewide recounts.

1. The amendment provides that when a recount is requested for a statewide office, congressional office, statewide referendum or county office that encompasses more than one county, the Secretary of State may direct the State Police to retrieve ballots from certain jurisdictions so that the recount may be conducted in stages.
2. The amendment provides for a new deposit and payment structure for recounts for statewide offices, congressional offices or county offices that encompass more than one county, such as District Attorney, so that a deposit is not required when the difference between the leading candidate and the requesting candidate is 1% or less of the total votes cast for that office or not more than 1,000 votes, whichever is less.
3. The amendment provides that for recounts for a statewide office, congressional office or county office that encompasses more than one county when the percentage difference exceeds the threshold for a no-deposit recount, the requesting candidate must pay a deposit of \$5,000 or 10% of the estimated cost of the first stage of the recount, whichever is greater. If the recount does not change the result of the election, the candidate must pay the actual costs to the State of conducting the recount. If the recount reverses the election, the requesting candidate receives a complete refund.
4. The amendment adopts a new deposit and payment structure for recounts of a statewide referendum that is the same as the one provided for statewide candidate recounts.
5. The amendment provides that if recounts are requested for more than one office or referendum question that are on the same ballot for one or more jurisdictions, the Secretary of State may determine a process for counting the ballots for both of the offices or questions simultaneously.
6. Finally, the amendment removes the provision in current law allowing an undeclared write-in candidate to request a recount.

LD 585 An Act To Allow Cash Qualifying Contributions under the Maine Clean Election Act

Accepted Majority (ONTP) Report

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MIRAMANT D SHEATS B	ONTP OTP-AM	

This bill amends the definition of "qualifying contribution" under the Maine Clean Election Act to include \$5 cash contributions in addition to those made by check or money order or via the Internet. Current law defines a qualifying contribution as a contribution in the amount of \$5 or more. This bill limits the contribution to \$5. The bill also provides a process to ensure that qualifying contributions made in cash are valid contributions. A contributor must attest, using a form designed by the Commission on Governmental Ethics and Election Practices, that a qualifying contribution was made using the contributor's personal funds and the contributor received nothing in return for the contribution. Finally, the bill provides that a candidate may submit a check to the Maine Clean Election Fund equal to the amount of qualifying contributions made in cash along with the receipt and acknowledgment forms required to be submitted to be certified as a participating candidate under the Maine Clean Election Act.

Committee Amendment "A" (S-140)

This amendment, the minority report; establishes an alternative method for collecting and submitting qualifying cash contributions collected by a participating candidate under the Maine Clean Election Act. The bill provides that a cash qualifying contribution is valid if the contributor signed a receipt and acknowledgment form. The amendment instead allows for qualifying contributions to be submitted in the manner prescribed in current law, which requires use of a money order, and adds that a cashier's check may also be used. Under the alternative method, the contributor signs a form, separate from the receipt and acknowledgment form required under current law. The amendment provides that the cash contributions may not be deposited into the candidate's campaign account.

This amendment was not adopted.

Amendments Adopted

This bill which was submitted to the Legislature pursuant to citizen's initiative, allows slot machines or a casino in York County. It authorizes the Department of Public Safety, Gambling Control Board to accept an application for a license to operate slot machines or a casino from an entity that owned in 2003 at least 51% of an entity licensed to operate a commercial track in Penobscot County that conducted harness horse racing with pari-mutuel wagering on more than 25 days in 2002 if certain criteria are met.

The operation of the slot machines or casino must be approved by the voters or the municipal officers of the municipality in which the slot machines or casino will be located. The slot machines must be located and operated in a slot machine facility or the slot machines and table games must be located and operated in a casino.

Current law provides that a casino operator license or slot machine operator license may not be issued to operate any casino or slot machine facility within 100 miles of a licensed casino or slot machine facility. The operation of the slot machines or casino is subject to regulation by the Gambling Control Board. The slot machine or casino operator must collect and distribute 1% of gross slot machine income to the Treasurer of State for deposit in the General Fund for the administrative expenses of the Gambling Control Board. The slot machine or casino operator must collect and distribute 39% of the net slot machine income to the Gambling Control Board for distribution by the board as follows:

1. One percent must be deposited to the General Fund for administrative expenses of the board except for a certain amount that must be transferred annually to the Gambling Addiction Prevention and Treatment Fund;

13. One percent must be forwarded to the municipality in which the slot machines are located.

The casino operator must collect and distribute 16% of the net table game income to the Gambling Control Board for distribution by the board as follows:

1. Nine percent must be credited to the Department of Education to be used to supplement and not to supplant funding for essential programs and services for kindergarten to grade 12;

2. Three percent must be deposited to the Gambling Control Board administrative expenses Other Special Revenue Funds account;

3. Two percent must be forwarded to the municipality in which the table games are located; and

municipality to be selected so that 33% of clerks were from one major party, 33% from another major party and 34% selected without regard to party enrollment. This amendment amends the process for selection of election clerks and clarifies other provisions regarding election clerks.

Specifically, the amendment retains the provision in current law allowing parties to nominate election clerks but also allows the municipal clerk or any registered voter to make nominations. Like current law, the amendment directs timely consideration of nominations but does not require municipal officers to appoint the election clerks from among nominees but allows them to appoint any qualified voter. Under the amendment, the minimum requirement is two election clerks at each voting place, one each from the two major parties. Similar to the bill, the amendment requires that at least half of the election clerks working at any election are affiliated with the major parties, and the rest of the election clerks may be affiliated with a minor party or be unenrolled.

The amendment also provides that if the municipal officers do not appoint a sufficient number of election clerks representing the major parties or an insufficient number of appointees are available to serve from the list provided by municipal officers, the municipal clerk may appoint additional election clerks without regard to party enrollment status.

This bill is presented in response to the United States District Court decision in Woodhouse, et al. v. Maine Commission on Governmental Ethics and Election Practices, et al., United States District Court, District of Maine, Docket No. 1:14-CV-266-DBH.

The bill provides that contributions received by a candidate for a primary election must be segregated from those received for the general election. The bill allows a candidate who is unopposed in a primary election to use in the general election primary election contributions received prior to the deadline by which primary candidates must submit petitions to take part in a primary election. Contributions carried forward from the primary election to the general election are subject to the dollar limits that apply to contributions made to a candidate by a single donor. The bill permits a candidate who defeats a primary opponent to carry forward to the general election unspent contributions received for the primary election. Regardless of whether the candidate was opposed in a primary election, if the sum of a primary election contribution and a general election contribution from the same donor exceeds contribution limits, the candidate must return at least the excess amount to the donor.

The bill specifies that contributions received for the purpose of supporting a candidate in a primary election may not be used primarily to support the candidate's general election campaign.

The bill repeals the limit of \$25,000 per calendar year on an individual's aggregate contributions to all political candidates.

This bill authorizes the Department of Public Safety, Gambling Control Board to accept an application from the Passamaquoddy Tribe to operate 50 slot machines at a gaming facility in Washington County at which high-stakes beano is conducted by the Passamaquoddy Tribe. The amendment also provides that fees collected from any one federally recognized Indian tribe in the State for the operation of high-stakes beano may not exceed \$5,000 in calendar year 2017.

Enacted Law Summary

Public Law 2017, chapter 233 reduces the annual license fee for high-stakes beano from \$50,000 to \$5,000. It also provides that fees collected from any one federally recognized Indian tribe in the State for the operation of high-stakes beano may not exceed \$5,000 in calendar year 2017.

RYKERSON D GRATWICK G	ONTP OTP-AM	

This bill amends the election laws to create a nonpartisan primary process for the election of Legislators, United States Senators, Representatives to Congress and other state and county officers.

The bill also amends the laws on the conduct of elections by requiring that a sample ballot be provided with an absentee ballot and that a sample ballot be posted in or near each voting booth on election day. It also removes the requirement that a voter must file an application to change party enrollment prior to January 1st to be eligible to file a petition as a candidate in that election year.

Committee Amendment "A" (H-527)

This amendment, which is the minority report, adds provisions to the bill that specify that primaries are held for the

Joint Standing Committee on Veterans and Legal Affairs

purpose of selecting two candidates to be placed on the general election ballot for the offices of United States Senator, Representative to Congress, Governor, State Senator and Representative to the Legislature. Primary candidates placed on the general election ballot for an office are the two candidates who received the highest number of votes. The bill provides that voters may participate in a primary election for these offices regardless of party enrollment. The amendment adds provisions inadvertently omitted from the bill that are consistent with the proposal to establish a nonpartisan primary election for state and federal offices. The amendment also adds an appropriations and allocations section to the bill.

This bill allows a municipality to extend the time for the sale or delivery of liquor by licensed establishments by one hour, by either opening earlier than 5 a.m. or closing later than 1 a.m., within that municipality. Veto Sustained

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
	OTP-AM OTP-AM	H-367

The bill amends the laws governing the financing of political campaigns and the Commission on Governmental Ethics and Election Practices by:

1. Clarifying that the definition of "election" covers both candidate and ballot question elections;
2. Requiring the commission to submit an annual statistical report of campaign finance activity to the joint standing committee of the Legislature having jurisdiction over legal affairs;
3. Amending the requirement for state party committees to provide names, mailing addresses and e-mail addresses of the chair and treasurer for municipal, district and county party committees to the commission;
4. Eliminating the requirement for unopposed primary election candidates to report contributions and expenditures of \$1,000 or more within 24 hours during the last 13 days before the primary election;
5. Requiring candidates to disclose the addresses of payees and creditors in their campaign finance reports;
6. Permitting candidates to spend surplus campaign contributions on expenses associated with a recount of an election;
7. Clarifying the reporting deadlines for state party committees, political action committees and ballot question committees. Under the bill, quarterly campaign finance reports are due every year; committees must file preelection and post-election reports on the 11th day before and the 42nd day after an election for both the primary and general elections during a candidate election year; and for elections held in other years, committees must file the preelection and post-election reports only if they received contributions or made expenditures for the purpose of influencing the election;
8. Clarifying that municipal, district and county party committees are not required to report large contributions and expenditures within 24 hours during the last 13 days before a primary election;
9. Increasing the potential penalty for an individual's failure to register as a candidate with the commission from \$10 to \$100;
10. Defining "caucus political action committee" to mean a committee designated by a party leader in the Legislature to promote the election of the nominees of their political party to the House or Senate;
11. Eliminating the requirement for candidates to report money order fees paid by the candidate with personal funds when seeking Maine Clean Election Act funding; and

Joint Standing Committee on Veterans and Legal Affairs

12. Prohibiting candidates and others from signing the name of a contributor on a receipt and acknowledgment form submitted to the commission, except when a contributor's immediate family member, domestic partner or live-in caregiver signs on behalf of the contributor due to a physical impairment or disability.

Committee Amendment "A" (H-367)

This amendment, which is the majority report of the committee, strikes the provisions in the bill that define "caucus political action committee" and the provision that requires each appointed legislative leader of a political party in the House of Representatives and the Senate to designate one caucus political action committee to promote the election of nominees to be the party's appointed leader. The amendment also strikes the provision in the bill that directs the Commission on Governmental Ethics and Election Practices to submit an annual statistical report of campaign finance activity.

Committee Amendment "B" (H-368)

TIMBERLAKE J	OTP-AM	H-494

This bill amends the law governing the issuance of absentee ballots to a voter who is a resident of a nursing home, a residential care facility or an assisted housing program. The bill prohibits a municipal clerk from issuing an absentee ballot to an immediate family member or a third person for a voter who has granted another person power of attorney and who is receiving medical care due to dementia unless the clerk acquires the consent of the person who has been granted power of attorney. The bill also prohibits a municipal clerk, when facilitating absentee voting at a nursing home, a residential care facility or an assisted housing program, from issuing an absentee ballot to a voter who has granted power of attorney to another person and who is receiving medical care due to dementia unless the clerk acquires the consent of the person who has been granted power of attorney.

Committee Amendment "A" (H-494)

This amendment replaces the bill, which proposes to prohibit the issuance of absentee ballots at nursing and residential care facilities to certain residents who have granted another person power of attorney in the absence of consent of that person who has been granted power of attorney. The amendment instead requires that the municipal clerk post notice of the date and time when absentee voting will be conducted at a licensed facility and requires the licensed facility to notify the contact person or persons, if any, for each resident at the facility that absentee voting will be conducted.

This bill makes the following changes to the laws governing veterans' services.

1. It changes the name of the Bureau of Maine Veterans' Services to the Maine Bureau of Veterans' Services.
2. It removes the authority of the bureau to provide grants of temporary and emergency cash assistance to veterans. It authorizes the bureau to accept money to provide financial assistance to veterans and to award grants to organizations that provide assistance to veterans such as housing or emergency assistance.

Committee Amendment "A" (H-140)

This amendment adds an emergency preamble and emergency clause to the bill. The bill repeals current law governing how the Department of Defense, Veterans and Emergency Management, Bureau of Maine Veterans' Services issues temporary financial assistance to veterans in financial crises and in its place authorizes the bureau to provide grants to private organizations for the purpose of providing financial assistance to veterans. The amendment strikes that provision and establishes an account within the bureau for the purpose of issuing temporary emergency financial assistance to veterans and provides for a transfer of \$375,000 from the administrative account of the bureau to the Other Special Revenue Funds account established by the amendment. The amendment adds a revision clause to change the name of the Bureau of Maine Veterans' Services to the Maine Bureau of Veterans' Services throughout the Maine Revised Statutes.

**LD 1232 An Act To Require the Secretary of State To Automatically Register
Nonregistered Persons Who Are Qualified To Vote through Records of
the Bureau of Motor Vehicles**

**Died Between

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
GOLDEN J	OTP-AM ONTP	

This bill establishes a method of automatically registering eligible individuals to vote. The Department of the Secretary of State, Bureau of Motor Vehicles, when receiving any documentation from an individual doing business with the bureau, including applying for or renewing a driver's license or nondriver identification card, is required to scan and electronically store the documentation provided by the applicant. If the documentation provides proof of eligibility to vote, including citizenship, age and residency, that individual is added to the central voter registration system and relevant information is transmitted to election officials unless the individual, at the time of the collection of the documentation, chooses not to be registered to vote.

An application or document used to collect information that may be used to register an individual must contain a notice that the individual's information may be used to register that individual to vote, meaning that the information would be available by persons other than the State or election officials. An election official must provide the same notice to an individual upon receipt of the registration record from the Bureau of Motor Vehicles and also must inform the individual of the ability to choose not to be registered to vote and to pick a party affiliation. If the individual fails to respond within 21 days, the individual is considered a registered voter.

The Secretary of State and the Governor are allowed to designate other state agencies and departments and public and private entities, such as colleges and municipal clerk offices, as so-called source agencies that are allowed to submit registration information to the bureau for inclusion in the central voter registration system, but only if those agencies, as part of their normal course of business, collect information that provides proof of eligibility to vote. Beginning in 2022, an entity that is designated under the National Voter Registration Act of 1993 as a voter-registration agency that collects information that provides proof of voter eligibility is designated a source agency. A source agency is required to comply with the same restrictions regarding sharing and use of documentation as the bureau. Information from a source agency may also be used to update an individual's voter registration.

Committee Amendment "A" (H-267)

This amendment, which is the majority report, replaces the bill with a resolve directing the Secretary of State to study the implementation of automatic voter registration. The Secretary of State is required to submit a report to the Joint Standing Committee on Veterans and Legal Affairs by March 1, 2018.

This bill requires persons who operate fantasy contests to register annually with the Department of Public Safety and pay a registration fee based on the gross revenues generated by that fantasy contest operator during the 12 months prior to registration or renewal. "Fantasy contest" is defined as a simulated game or contest in which one or more players pay an entry fee and compete for and win prizes of value based on outcomes that reflect the relative knowledge and skill of the players and that are determined predominantly by accumulated statistical results of the performance of individuals, including athletes in the case of sporting events.

This bill regulates the operators of fantasy contests, including by prohibiting the fantasy contest operator, an employee of the operator or a relative of the employee in the same household from participating in the contests; requiring the outcome to be based on more than just a score or point spread of a single game or contest; allowing an individual, on that individual's request to the operator, to be barred from playing in the contest; requiring the operator to provide notice of the prizes prior to the contest; and requiring the operator to establish a separate reserve account for the payment of prizes.

Finally, the bill exempts fantasy contests from the laws prohibiting games of chance and gambling.

This amendment, the majority report, replaces the bill and changes the title. Like the bill, the amendment sets up a structure to regulate the conduct of fantasy contests in the State.

The bill requires fantasy contest operators to register with the Department of Public Safety and sets a registration fee of 10% of the fantasy contest operator's annual gross fantasy contest revenues not to exceed \$5,000. Fantasy contest operators that receive less than \$100,000 in gross fantasy contest revenues are not required to pay the license fee but are subject to the application fee. The amendment establishes licensing criteria and conditions of licensure for the operators of fantasy contests and requires the director to adopt rules.

The amendment requires a distribution of 10% of gross fantasy contest revenues of fantasy contest operators that receive revenues of \$100,000 or more annually. The amendment requires that a circulator sign a petition in the presence of a notary public or other authorized person to verify by oath or affirmation that the circulator personally witnessed all signatures to the petition. After administration of the oath or affirmation by the notary public or other authorized person, the notary public or other authorized person is required to sign the notarial certificate in the presence of the circulator. It also requires the notary public or other authorized person to maintain a log of the petitions for which the notary public or other authorized person administered the circulator's oath.

The amendment also provides that a notary public or other authorized person is prohibited from notarizing a petition for a direct initiative or people's veto if the notary public or other authorized person is employed or compensated by a petition organization or ballot question committee for any purpose other than providing notarial acts.

Finally, the amendment strikes the provision in the bill that requires the Secretary of State to establish an online reporting system for suspected fraudulent signature gathering practices and instead directs the Secretary of State to establish a method to facilitate the acceptance of such reports from members of the public.

Enacted Law Summary

Public Law 2017, chapter 277 authorizes the Secretary of State to suspend, revoke or refuse to renew the commission of a notary public who has allowed another person to use that notary public's commission. The amendment strikes a provision governing notarial acts related to petitions for a direct initiative of legislation and a people's veto referendum. The bill also directs the Department of Labor to establish a manner for recognizing employers whose workplaces have been certified as veteran-friendly workplaces.

The employee must make reasonable efforts to consult with the employer before scheduling such an appointment in order to accommodate, so far as is reasonable, the needs of the employer. <u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
HICKMAN C	OTP-AM	H-364

This bill allows the sale of wine, spirits and malt liquor manufactured in Maine for off-premises consumption at taste-testing events and the sale of spirits manufactured in Maine at farmers' markets. Under current law, the sale of wine and malt liquor at farmers' markets is allowed. The bill also allows taste testings to be conducted at farmers' markets.

Committee Amendment "A" (H-364)

This amendment strikes the provisions in the bill that permit a manufacturer who takes part in a taste-testing event to also sell the manufacturer's products at that event for off-premises consumption. The bill eliminates the requirement that a manufacturer provide advance notice to the Department of Administrative and Financial Services, Bureau of Alcoholic Beverages and Lottery Operations that the manufacturer is selling its product at a farmers' market. The amendment maintains that requirement and requires that notice of a taste-testing event also be provided to the bureau. The amendment clarifies that spirits sold by a small distillery at a farmers' market may be sold in the same manner as permitted under current law when a small distillery sells spirits from its manufacturing facility for off-premises consumption. The amendment maintains the authorization in the bill that manufacturers of

The amendment specifies that the manufacturer must comply with the bylaws of the farmers' market in order to conduct a taste testing and that a farmers' market is limited to two taste-testing events per month at which a manufacturer may offer the manufacturer's product for taste testing.

Enacted Law Summary

LD 1561 An Act To Enact the Maine Citizens' Initiatives Clean Election Act

**Accepted Majority
(ONTP) Report**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
COREY P ROSEN K	ONTP OTP-AM	

This bill establishes the Maine Citizens' Initiatives Clean Election Act. It provides a public financing mechanism for committees that are Maine-chartered nonprofits or groups whose principal officers are Maine citizens and are formed to support or oppose a citizens' initiative ballot question or a people's veto or to support a competing measure to a citizens' initiative ballot question. The funding process is similar to that provided for clean election candidates under the Maine Revised Statutes, Title 21-A, chapter 14. It provides for limits on the amount of funds that committees seeking public funding may raise and spend prior to qualifying for public funding and the amount of qualifying contributions that a committee must raise to be certified to receive public funding, and it establishes the amounts that certified committees may receive. It also establishes procedures governing financial reporting and accounting, appeals of decisions, penalties for violations and other procedural matters to ensure the integrity of the process. In addition to other available funds, including qualifying contributions raised by committees and voluntary contributions through a tax checkoff program, funding for certified committees is provided by an annual appropriation of \$3,000,000.

Committee Amendment "A" (H-438)

This amendment, which is the minority report, provides allocations to finance certified committees and to pay administrative and enforcement costs of the Commission on Governmental Ethics and Election Practices.

This amendment was not adopted.

COLLINS R SCHNECK J		

Current law prohibits the transfer or assignment of a casino operator license. This bill requires that a corporation applying for a license must have had the same principal officers for at least five years prior to the issue of that license and must retain those officers for at least 10 years after the issue or renewal of the license.

This bill was carried over to any special or regular session of the 128th Legislature by joint order, H. P. 1138.

LD 1571 An Act To Amend the Election Laws Relating to Party Qualification

PUBLIC 254

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LUCHINI L	OTP-AM OTP-AM	H-439

This bill creates a new category of political party, defined as a "minor party," with a minimum of 5,000 and a maximum of 50,000 enrolled voters. A party with more than 50,000 enrolled voters is defined as a "major party" and nominates candidates through the primary election process. Minor parties do not participate in primaries but instead nominate candidates at state conventions and are required to file consent forms and statements of qualification for those candidates with the Secretary of State within 30 days of the convention or by August 8th of the election year, whichever first occurs. The bill modifies the timeline and procedure for major and minor parties to qualify and to retain qualified party status. It includes an administrative process, similar to the existing one for candidate petition challenges, by which a party may challenge a determination by the Secretary of State that it has failed to qualify. These changes to the party qualification process are intended to address legal issues raised by the Libertarian Party of Maine in a lawsuit filed in 2016, *Libertarian Party of Maine v. Dunlap*, Docket No. 2:16-cv-00002-JAW, and addressed by the United States District Court in a preliminary injunction order issued on May 27, 2016.

Committee Amendment "A" (H-439)

This amendment replaces the bill and is the majority report of the committee. The amendment extends the date by which a party may qualify as a party by submitting an application to the Secretary of State with the required number of voters enrolled in the proposed party. The amendment also provides that a party has two general election cycles to enroll the required number of voters to maintain party status. Current law provides for one general election cycle to enroll the required 10,000 voters. Like the bill, the amendment establishes an appeal process if the Secretary of State denies an application for party qualification. These changes to the process of party qualification are intended to address legal issues raised by the Libertarian Party of Maine in a lawsuit filed in 2016, *Libertarian Party of Maine v. Dunlap*, Docket No. 2:16-cv-00002-JAW, and addressed by the United States District Court in a preliminary injunction order issued on May 27, 2016.

This amendment also provides that the party qualifications in this amendment apply retroactively to November 1, 2016.

Committee Amendment "B" (H-440)

This amendment, which is the minority report of the committee, provides that a party that filed a certification with

Joint Standing Committee on Veterans and Legal Affairs

the Secretary of State in 2016 that it has at least 5,000 voters enrolled in the party and whose nominee for President of the United States appeared on the ballot at the general election on November 8, 2016 is qualified as a minor party as defined by the bill.

Enacted Law Summary

Public Law 2017, chapter 254 extends the date by which a party may qualify as a party by submitting an application to the Secretary of State with the required number of voters enrolled in the proposed party. The law provides that a party has two general election cycles to enroll the required number of voters to maintain party status. Current law provides for one general election cycle to enroll the required 10,000 voters. Chapter 254 establishes an appeal process if the Secretary of State denies an application for party qualification. These changes to the process of party qualification are intended to address legal issues raised by the Libertarian Party of Maine in a lawsuit filed in 2016, *Libertarian Party of Maine v. Dunlap*, Docket No. 2:16-cv-00002-JAW, and addressed by the United States District Court in a preliminary injunction order issued on May 27, 2016.

Public Law 2017, chapter 254 also provides that the party qualifications in this amendment apply retroactively to November 1, 2016.

Committee Amendment "A" (S-300)

This amendment replaces the resolution and proposes an amendment to the Constitution of Maine to authorize the Legislature, or the electors through the direct initiative process, to enact legislation for the determination of the winners of elections for the offices of State Senator, State Representative and Governor by popular vote.

This bill repeals provisions of the Maine Revised Statutes establishing ranked-choice voting enacted by the voters with Initiated Bill 2015, chapter 3.

Committee Amendment "B" (S-303)

This amendment replaces the bill. This amendment does not affect the use of the ranked-choice voting method for the primary nomination elections to the office of the Governor and to the Legislature. The amendment requires the ratification of an amendment to the Constitution of Maine that approves the use of the ranked-choice voting method for those offices before that method may be used.

This amendment requires the Secretary of State to adopt routine technical rules for the administration of ranked-choice voting, including the administration of recounts.

The amendment also adds an appropriations and allocations section.

This amendment was not adopted.

Committee Amendment "C" (S-304)

This amendment replaces the bill. It amends the laws governing ranked-choice voting to exclude the election of Governor, State Senator and State Representative. The ranked-choice voting method would still be applied to primary nomination elections for these offices. The amendment delays the implementation of ranked-choice voting for applicable offices until elections held after December 1, 2019. The amendment requires the Secretary of State to submit a report on the implementation of ranked-choice voting to the joint standing committee of the Legislature having jurisdiction over elections matters no later than January 1, 2019.

This bill requires that a voter provide proof of identity with photographic identification for the purpose of voting. The bill specifies the types of photographic identification that may be used to verify the identity of a voter. It provides that a person who does not present photographic identification may cast a provisional ballot and establishes the process for provisional voting. Under this process, if the person can verify the person's identity to the warden or an election clerk within three business days of the election by presenting acceptable photographic identification, the ballot will be cast as a regular ballot. Through the general election of 2018, a person who does not present acceptable photographic identification but is known to a municipal clerk, registrar or election official at the voting place may cast a regular ballot upon submission of an affidavit by the municipal clerk, registrar or election official attesting to the person's identity. Finally, the bill requires the Secretary of State to provide, at no fee, nondriver identification cards to eligible persons who do not have another form of acceptable photographic identification to verify identity for the purpose of voting.
