

§13056-F. Historic Preservation Revolving Fund

1. Fund established; administration. The Historic Preservation Revolving Fund, referred to in this section as "the revolving fund," is established within the Maine Historic Preservation Commission, referred to in this section as "the commission," in order to provide funds to qualified nonprofit historic preservation organizations in the State for the purpose of acquisition of endangered historic properties of local, state or national significance, as determined by the commission, for resale to new owners who agree to preserve, rehabilitate or restore the properties as necessary, subject to preservation easements or covenants held by the qualified organization. The commission may provide funds to the qualified organization for purposes outlined in subsection 4.

All funds received must be deposited into the revolving fund.

[PL 2009, c. 414, Pt. G, §3 (NEW); PL 2009, c. 414, Pt. G, §5 (AFF).]

2. Review process. The commission shall review proposals for acquisition of historic properties by qualified organizations with funds from the revolving fund in accordance with this subsection.

[PL 2009, c. 414, Pt. G, §3 (NEW); PL 2009, c. 414, Pt. G, §5 (AFF).]

3. Applicant requirements. An applicant for funding under this section must be a qualified nonprofit historic preservation organization. For purposes of this section, "qualified nonprofit historic preservation organization" or "qualified organization" means a nonprofit preservation or historical organization whose purposes include preservation of historic property or a governmental body. A qualified organization must also demonstrate previous historic preservation, rehabilitation or acquisition activity; availability of staff with demonstrated professional training and experience in administration of historic preservation programs; and familiarity with preservation standards and with acquisition and resale of historic property.

The qualified organization must also demonstrate the capacity to undertake the project with a reasonable prospect of bringing it to a successful conclusion. In assessing an applicant's ability to meet the requirements of this subsection, the commission may consider all relevant factors, including but not limited to the applicant's organizational purpose; organizational history; previous historic preservation, rehabilitation or acquisition activity; scope of economic or revitalization vision; and evidence of success in previous efforts.

[PL 2009, c. 414, Pt. G, §3 (NEW); PL 2009, c. 414, Pt. G, §5 (AFF).]

4. Revolving fund expenditures. Payment from the revolving fund is made by the commission to qualified nonprofit historic preservation organizations for the purpose of preservation of significant endangered historic properties through acquisition and resale. Payments may include all costs associated with such an acquisition and carrying costs, as well as stabilization, rehabilitation and completion of a conditions study by the qualified organization for approval by the commission and may also include a fee for establishing a preservation easement or covenant to be held by the qualified organization. When possible, the qualified organization shall seek to secure the qualified property by option to be executed at closing to minimize carrying costs. The qualified organization shall seek to resell the property at fair market value to a new private, nonprofit or public owner who agrees to preserve, rehabilitate or restore the property as provided in the easement or covenant. Net proceeds from the resale of properties must be returned to the revolving fund within the commission. Funds returned to the revolving fund are to be used exclusively for the acquisition of additional historic properties, except that no more than 5% of the fund balance may be used by the commission to fund administration of the program by cooperating organizations.

[PL 2009, c. 414, Pt. G, §3 (NEW); PL 2009, c. 414, Pt. G, §5 (AFF).]
