

**STATE OF MAINE  
ONE HUNDRED AND NINETEENTH LEGISLATURE  
FIRST REGULAR SESSION  
JOURNAL OF THE SENATE**

In Senate Chamber  
Thursday  
February 25, 1999

Senate called to order by President Mark W. Lawrence of York County.

Prayer by Reverend George Bovill, Retired of Portland.

**REVEREND BOVILL:** Let us pray. We pause before Thee at the beginning of another day, Thou who art our creator and sustainer, Thou who calls us to live nobly and unselfishly and we pray for the members of this assembly that they will, each and every one, this day and always, seek to do that which is acceptable in Thy sight and serve Thee and all the people of our State. We pray that Thou will cause each one to dream dreams. That Thou will give each one a new vision and help them as they reach for a shining goal. Call each one to search the depths of their hearts as they enact legislation that protects the beauty of this world that Thou hast given and yet allows our fishermen and women, our lumbermen and women, and those who make paper as so many within our State do to earn a living for themselves and their families. We know that what these people are called upon to do is not easy, so we pray that Thou will strengthen each one as she or he makes the decisions that must be made. Strengthen each one as he or she makes decisions that effects the lives of our children, the younger children, the school children, the parents who raise them, and the elderly. Yea, all our citizens. May Thy will be done. God bless America and our beloved State of Maine. Amen and Amen.

Doctor of the day, Ronnie Marrache, M.D., Waterville.

## ORDERS

### Joint Resolution

On motion by Senator PINGREE of Knox, under unanimous consent on behalf of President LAWRENCE of York (cosponsored by Speaker ROWE of Portland, Senator MILLS of Somerset, Senator PINGREE of Knox, Senator RAND of Cumberland, Representative SAXL of Portland, Representative SCHNEIDER of

Durham, Representative SHIAH of Bowdoinham) (Approved for introduction by a majority of the Legislative Council pursuant to Joint Rule 214), the following Joint Resolution:  
S.P. 517

### JOINT RESOLUTION MEMORIALIZING CONGRESS TO PROTECT AND PRESERVE SOCIAL SECURITY

WE, your Memorialists, the Members of the One Hundred and Nineteenth Legislature of the State of Maine, now assembled in the First Regular Session, most respectfully present and petition the Congress of the United States as follows:

WHEREAS, For 60 years Social Security has provided a stable platform of retirement, disability and survivor annuity benefits to protect working Americans and their dependents; and

WHEREAS, the American and world economies continue to encounter periods of high uncertainty and volatility that make it as important as ever to preserve a basic and continuous safety net of protections guaranteed by our society's largest repository of risk, the federal government; and

WHEREAS, Social Security affords protections to rich and poor alike; and no citizen, no matter how well off today, can say that tomorrow's adversities will not create future dependency; and

WHEREAS, average life expectancies are increasing greatly and people are commonly living into their 80's and 90's, making it more important than ever that each of us be fully protected by defined retirement benefits; and

WHEREAS, medical scientists are daily discovering more creative ways to preserve the lives of the profoundly disabled, thus making it more important than ever that each of us be protected against the risk of our own dependency, against the risk of becoming a burden to relatives, and against the risk of succumbing to a disability unrelated to the duration of life; and

WHEREAS, the lives of wage earners and their spouses are seldom coterminous; one often outlives the other by decades, making it crucial to preserve a secure base of protection for family members dependent on a wage earner who may die or become disabled; and

WHEREAS, the children of working Americans require protection against the untimely death or disability of their wage-earning parents, contingencies that are too often uncovered by working Americans and their employers; and

WHEREAS, the costs to administer Social Security are less than one percent of the benefits delivered; and

WHEREAS, the single purpose of Social Security is to provide a strong, simple and efficient form of basic insurance against the adversities of old age, disability and dependency; and

WHEREAS, Social Security was founded on the sanctity of work and the preservation of family integrity in the face of death or disability; and

WHEREAS, Social Security, in current form, reinforces family cohesiveness and enhances the value of work in our society; and

WHEREAS, Congress currently has proposals to shift a portion of Social Security contributions from insurance to personal investment accounts for each wage earner; and

WHEREAS, Social Security, our largest and most fundamental insurance system, should not be splintered into individualized stock accounts. Social Security can not fulfill its protective function if it must also create and manage millions of small risk-bearing investments out of a stream of contributions intended as insurance. Private accounts can not be substituted for Social Security without eroding basic protections for working families. For such protections to be strong, they must be insulated from economic uncertainty and be backed by the entity best capable of spreading risk, the American government; and

WHEREAS, The diversion of contributions to private investment accounts would dramatically increase financial shortfalls to the Social Security trust fund and require major reductions in the defined benefits upon which millions of Americans depend. To administer 150,000,000 separate investment accounts would create an ever proliferating bureaucracy; the resulting expense and the cost of converting each account to an annuity upon retirement would consume much of the profit, or exacerbate the loss, realized by each participant; and

WHEREAS, It is an entirely different question whether part of the Social Security trust fund should be diversified into investments other than government bonds. For the fund to invest collectively in a broad selection of equities and private bonds may well increase returns over time and thus enhance the capacity of the fund to meet its obligations to pay benefits as presently defined. The central management for such investments would be a minor expense compared to the staggering cost of overseeing millions of splintered accounts. Central investment also preserves the spreading of risk across the entire spectrum of Social Security participants. Individualized accounts, by contrast, would create an array of winners and losers, thus converting part of our retirement system into a national lottery. Those who become disabled, those who must retire early and dependents with the earliest and greatest need would receive the least return from an individual account. On the other hand, those with the least need, those with the capacity to defer withdrawal and those with no need at all would receive the most in return. The system would be perversely contrary to basic principles of insurance and risk distribution; and

WHEREAS, Diverting Social Security contributions to private accounts is redundant to existing programs. Through amendments to the Internal Revenue Code of 1986, Congress has created a full menu of provisions by which working Americans and their employers may contribute by choice to tax-sheltered accounts that are open to the opportunities and exposed fully to the risks of our speculative and vigorous investment markets. Half of American families are already covered by these recently created systems; now, therefore, be it

RESOLVED: That We, your Memorialists, respectfully recommend and urge Congress to enact laws to encourage

workers and their employers to save or invest for retirement, but, these provisions should supplement the basic benefits of Social Security insurance and not substitute for core protections that are vital to American working families; and be it further

RESOLVED: That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the President of the United States Senate, the Speaker of the House of Representatives of the United States, and each member of the Maine Congressional Delegation.

On motion by Senator **PINGREE** of Knox, **TABLED** until Later in Today's Session, pending the motion by President **LAWRENCE** of York to **ADOPT**.
