

**STATE OF MAINE  
ONE HUNDRED AND TWENTIETH LEGISLATURE  
FIRST REGULAR SESSION  
JOURNAL OF THE SENATE**

In Senate Chamber  
Wednesday  
April 11, 2001

Senate called to order by President Pro Tem William B. O'Gara of Cumberland County.

Prayer by Pastor David Kelley of the Grace Bible Church in Sangerville.

**PASTOR KELLEY:** I consider it an honor and a privilege to be with you here this morning. I'd like to share a very brief prayer, tucked away in First Chronicles, chapter 4. The rest of the whole chapter is nothing but a list of names, but what's significant about this individual, Jabez, is that his prayer is recorded for us, recorded for all times. The only thing that is noted about him other than his name is that God had blessed him. That's indeed what we're asking for this morning. Let's bow in prayer.

Dear God and Father in Heaven, I pray that You would bless us indeed. May You enlarge our territory. May Your hand be upon us and we ask that You would keep us from evil. We ask You these things in the name of Jesus Christ, our Lord. Amen.

An Act to Reduce Noise Pollution  
 S.P. 153 L.D. 497  
 (C "A" S-33)

**THE PRESIDENT PRO TEM:** The Chair recognizes the Senator from Aroostook, Senator Martin.

Senator **MARTIN:** Mr. President, members of the Senate. The title sort of intrigued me and I would ask you to take L.D. 497 with the amendment and take a look at the bill. "An Act to Reduce Noise Pollution." I was involved with a similar idea a number of years ago dealing with a problem we had in Aroostook County on agricultural noise. When we got through it, we realized that in order to enforce anything dealing with noise, someone needed to have a noise meter. What this bill does is to say that you can't be riding a vehicle, and the amendment is amended to say "on a public way at a volume that is audible at a distance of greater than 25 feet and exceeds 85 decibels." So as you're riding your vehicle, or someone is but it won't be me as I don't like to hear the sound that loud to begin with but some of the teenagers that we all know do, someone is going to stop them and say it's too loud. Now someone's going to need a decibel meter. State Police do not carry those. Are they then going to cease the car at the noise level that it's at and then go find a decibel meter and then test it? I think we're asking for trouble. The fine sponsor is a member of this body, the Senator from York, and I'd like him or members of the Transportation Committee to explain how we're going to be able to enforce it, what the cost will be of the decibel meters that we're going to have to provide to Municipal and State Police, and whether or not this potentially becomes a method of harassment

for Maine's young people. So I hate to pose those questions because I know it was a unanimous report and you know how we pride ourselves on saying we shouldn't mess with one another's bills when they are unanimous. I have some real concern that we're going to create a bill and the law subsequent to the bill that is going to drive all of us crazy when we get out of here with phone calls from our constituents. Maybe now is not the time for those questions to be answered. Maybe the time is to table it and see if there's a way to deal with it. Maybe the thing to do is to refer it back to committee. But I think we'd better stop before we go too far.

On motion by President Pro Tem **BENNETT** of Oxford, **TABLED** until Later in Today's Session, pending **ENACTMENT**, in concurrence.
