

**STATE OF MAINE
ONE HUNDRED AND TWENTY-NINTH LEGISLATURE
FIRST REGULAR SESSION
JOURNAL OF THE SENATE**

In Senate Chamber
Tuesday
April 16, 2019

Senate called to order by President Troy D. Jackson of Aroostook County.

Prayer by Evelyn Salhany of Troop #612, Riley Shean of Troop #913, and Kelsey Record of Troop #11.

With reverence in our hearts we, Your children of many beliefs, united in the common purpose of Girl Scouting gather to offer this, our humble prayer of thanksgiving. As Girl Scouts we are thankful for the many gifts and talents given to our fellow sisters, members of our community, and ourselves. We are thankful for the freedom that we have to work together and that we have learned that we accomplish more as a team than any of us can accomplish alone. We are thankful for the opportunity to be of service to people young and old, our parents, and our community. Our joy is in celebrating young women who have grown and met challenges. Let them be reminded through the accomplishments of the many Girl Scout Take Action Projects that she who serves her fellow man is one of Your greatest followers. Most importantly, we are thankful for the gift of knowing that our prayers are heard. We each, in our own way, take this moment to silently add our own thanksgiving. With thanks in our hearts, we offer our prayers and ask that You be with each one present and guide us to do our best each day. Amen.

Posting of the Colors by Riley Record of Troop #683 and Kenyah Alen, Ivianne Gonzales, Taylor Mario, Juliana Martin, Caroline Rand, Caitlin Rubner, and Gabrielle Walker of Troop #1780.

National Anthem Performed by Megan Clark of Waldoboro.

Pledge of Allegiance led by the Girl Scouts of Maine.

Reading of the Journal of Thursday, April 11, 2019.

Doctor of the day, Duska Thurston, M.D. of Glenburn.

The following Joint Resolution:

H.P. 1047

**JOINT RESOLUTION
MEMORIALIZING THE PRESIDENT OF THE
UNITED STATES AND THE UNITED STATES CONGRESS
TO SUPPORT THE PLEDGES MADE BY THE UNITED
STATES IN THE PARIS AGREEMENT**

WE, your Memorialists, the Members of the One Hundred and Twenty-ninth Legislature of the State of Maine now assembled in the First Regular Session, most respectfully present and petition the President of the United States and the United States Congress as follows:

WHEREAS, the year 2016 was the hottest year in the modern temperature record; and

WHEREAS, there is increasing consensus among scientists and economists that there will be serious economic consequences if we fail to reduce global carbon emissions quickly; and

WHEREAS, a changing climate will irreversibly damage the global economy; and

WHEREAS, if left unaddressed, the consequences of a rising global temperature have the potential to adversely affect all Americans, hitting vulnerable populations hardest, hurting working families and harming productivity in middle class job sectors such as construction, agriculture and tourism, among others; and

WHEREAS, there has been an increase in extreme weather events across the United States that have affected supply chains, consumer behaviors and local economies; and

WHEREAS, the Paris Agreement provides a pathway forward to limit temperature rise to well below 2 degrees Celsius; and

WHEREAS, the Paris Agreement sends a powerful signal to the world that climate change is an immediate problem facing the planet; and

WHEREAS, if the United States withdraws from the Paris Agreement, the United States will face an international diplomatic backlash and will cede leadership on climate change and renewable energy issues to China; now, therefore, be it

RESOLVED: That We, your Memorialists, on behalf of the people we represent, take this opportunity to respectfully request that the President of the United States and the United States Congress work with our allies that signed the Paris Agreement; and be it further

RESOLVED: That We respectfully urge and request that the President of the United States not issue an Executive Order withdrawing the United States from the Paris Agreement; and be it further

RESOLVED: That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the Honorable Donald John Trump, President of the United States, to the President of the United States Senate, to the Speaker of the United States House of Representatives and to each Member of the Maine Congressional Delegation.

Comes from the House, **READ** and **ADOPTED**.

The Joint Resolution was **READ**.

On motion by Senator **DOW** of Lincoln, **TABLED** until Later in Today's Session, pending **ADOPTION**, in concurrence.

The following Joint Resolution:

H.P. 1104

**JOINT RESOLUTION
RECOGNIZING APRIL 2019 AS
AUTISM AWARENESS MONTH**

WHEREAS, autism is a spectrum disorder, which means no 2 people with autism are affected the same way, and it is a complex developmental disability that usually appears during the first 3 years of life and results in a neurological disorder that affects the functioning of the brain and social interaction and communication skills; and

WHEREAS, in the United States, one in 59 children is diagnosed with this spectrum disorder and prevalence has increased 30% since the United States Centers for Disease Control and Prevention's study in 2008; and

WHEREAS, autism knows no racial, ethnic or social boundaries and neither income nor lifestyle nor education affects its occurrence and it is estimated that more than 3,500,000 people live with autism spectrum disorder in the United States; and

WHEREAS, autism costs the United States over \$137,000,000,000 in annual health care costs, most of which are in adult services, and these costs are anticipated to increase; and

WHEREAS, while a single specific cause of autism is not known, current research links it to biological or neurological differences in the brain, and outdated theories and myths, such as autism being a mental illness, have been proven to be false; and

WHEREAS, with support, people with autism can live full lives and make meaningful contributions to society; now, therefore, be it

RESOLVED: That We, the Members of the One Hundred and Twenty-ninth Legislature now assembled in the First Regular Session, on behalf of the people we represent, pause in our deliberations to acknowledge that the month of April 2019 is Autism Awareness Month and to pledge our support and encouragement to all those affected by autism; and be it further

RESOLVED: That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the Autism Society of Maine as a token of our respect and support.

Comes from the House, **READ** and **ADOPTED**.

ORDERS

Joint Order

Expression of Legislative Sentiment recognizing:

Kathleen and Alvin McDonald, of Wilton, for their many years of community service, including over 19 years managing the Wilton Food Cupboard. We extend our congratulations and best wishes;
SLS 421

Sponsored by Senator BLACK of Franklin.
Cosponsored by Representative: HALL of Wilton.

The Joint Order was **READ**.

THE PRESIDENT: The Chair recognizes the Senator from Franklin, Senator Black.

Senator **BLACK:** Thank you, Mr. President. Good morning, ladies and gentlemen of the Senate. I am pleased that Kathleen "Kitty", and Alvin "Mac" McDonald of Wilton are able to join us here today. Kitty and Mac have spent thousands of hours volunteering in Wilton and surrounding communities over the years. They started back in the 1990s assisting with the operation of the local food pantry that eventually became managing the day-to-day operations for over the past 19 years. Their service to the pantry has touched more than 1,100 families annually. The food pantry is not the only entity that Kitty and Mac has assisted. They also have volunteered at the Franklin Memorial Hospital. It is estimated, combined, that over the years they have volunteered over 12,000 hours for the hospital. In addition to this, they both have been active members of the Wilton Methodist Church where they always have been found to be assisting with fundraising events and primary organizers for the church's blueberry festival activities. Also Mac has served the church for a number of years as treasurer. As active as they both are, I am sure I am missing other things that they both have been involved in. I want to personally thank them both for all they've done for the residents of Wilton and the surrounding communities over the years. Thank you, Mr. President.

The Joint Order was **PASSED**.

Sent down for concurrence.

THE PRESIDENT: The Chair would like to recognize in the rear of the Chamber Kevin McDonald, Jane McDonald, Katherine McDonald, Kathleen McDonald, Alvin McDonald, Karen Bates, Patrick Bates, Jeannie Burnett, and Jack Bates. They are all the guests today of the Senator from Franklin County, Senator Black. Would they please rise and accept the greetings of the Maine State Senate.

Joint Resolution

On motion by Senator **BELLOWS** of Kennebec (Cosponsored by Representative HARNETT of Gardiner and Senators: CARPENTER of Aroostook, CARSON of Cumberland, DOW of Lincoln, HAMPER of Oxford, HERBIG of Waldo, LAWRENCE of York, ROSEN of Hancock, WOODSOME of York), the following Joint Resolution:

S.P. 503

**JOINT RESOLUTION
DECLARING APRIL 14, 2019 MAINE AMATEUR RADIO
OPERATORS DAY**

WHEREAS, there are more than 700,000 licensed amateur radio operators in the United States and approximately 3 million worldwide; and
WHEREAS, more than 4,500 Maine citizens hold amateur radio operators licenses; and
WHEREAS, Maine amateur radio operators provide communications locally and statewide in times of emergency; and
WHEREAS, Maine amateur radio operators provide these services at no cost to local and county governments, State Government and nonprofit organizations; now, therefore, be it
RESOLVED: That We, the Members of the One Hundred and Twenty-ninth Legislature now assembled in the First Regular Session, on behalf of the people we represent, take this opportunity to recognize these dedicated individuals and their valued contributions and to declare April 14, 2019 as Maine Amateur Radio Operators Day.

The Joint Resolution was **READ**.

THE PRESIDENT: The Chair recognizes the Senator from Kennebec, Senator Bellows.

Senator **BELLOWS:** Thank you, Mr. President. Ladies and gentlemen of the Senate, before there was Facebook there was ham radio, a network of hundreds of thousands of men and women dedicated to communicating worldwide on emergency and non-emergency matters. When the power goes out and your phone runs out of battery, social media goes out, there is no Facebook but there is ham radio. When a disaster strikes ham radio is pivotal to survival. Operators become community lifelines with hams talking to each other and working with first responders to relay local conditions. Ham radio operators were so vital in keeping people safe during the worst of some of our storms and hurricanes and emergency disasters in our state. There's a group

that has breakfast once a week, every week, rain, snow, sun, at Dave's Diner in Gardiner and I'm thrilled that three of them, who also happen to be my constituents, are here today. I'm going to read their names and their call letters. Bill Crowley, K1NIT; Bill Mann, W1KX; and George Szadis, K1GDI. They are here today along with Eric Emery, KC1HJK, to celebrate this day with us and we thank them for their service.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Carson.

Senator **CARSON:** Thank you, Mr. President. I, too, want to rise to salute our ham radio operators. Very brief story, if the Senate will indulge me. After I was wounded in Vietnam I was sent out to the hospital ship sanctuary for ten days and I was asked by staff of the hospital whether I'd be okay with their sending a Marine or a Naval officer to my parent's home to tell them that I'd been wounded but I was coming home. Fearing that my parents would think the worst, I said, 'No, is there any other way?' They said, 'Well, when you're ambulatory you can go up to the bridge, get on a ham radio. You can call home', and be patched through Hawaii and through someplace in the upper Mid-West of the United States, back to my parent's home in Virginia. That's what I did and I can't tell you how relieved my parents were to hear me through a ham radio call where I said, 'Over,' so they switched it back and then my parents would say something and they would say, 'Over.' But our ham radio operators are truly extraordinary and I salute them. Thank you, Mr. President.

The Joint Resolution was **ADOPTED**.

Sent down for concurrence.

THE PRESIDENT: The Chair is pleased to recognize in the rear of the Chamber Bill Crowley, Eric Emery, Bill Mann, and George Szadis of Ham Radio Operators of Maine. Would they please rise and accept the greetings of the entire Maine Senate.

Comes from the House with the Majority **OUGHT TO PASS** Report **READ** and **ACCEPTED** and the Bill **PASSED TO BE ENGROSSED.**

Reports **READ**.

THE PRESIDENT: The Chair recognizes the Senator from York, Senator Deschambault.

Senator **DESCHAMBAULT:** Thank you, Mr. President. This is a divided report on An Act to Ensure the Availability of In-person Visitation in County Jails. I move Ought to Pass.

Senator **DESCHAMBAULT** of York moved the Senate **ACCEPT** the Majority **OUGHT TO PASS** Report, in concurrence.

THE PRESIDENT: The Chair recognizes the Senator from York, Senator Deschambault.

Senator **DESCHAMBAULT:** Well, things have been hitting the desks pretty hard here today. I'd like to advise the whole Senate on this. This is a bill that keeps coming up, I think, every session. Just about. But the way it is written this time it's obviously a very appropriate State policy that we should be working on. The bill's sponsor worked very diligently with the Sheriffs Association in writing this bill. I want to explain that before this bill was written, or as it was being written, I have here probably 20 pages of a Survey Monkey that was sent to every sheriff about how they proceed with their visitations. From that there were meetings to develop, again, this bill. The bill does require that every sheriff, or every department, provide in-person visitation for county jail prisoners. However it does allow for certain conditions and limitations. In-person visitations may be denied if the sheriff finds that the in-person between the prisoner and the visitor jeopardized the safety of the jail or if the jail is unable to provide a safe environment location or they're unable to allow any physical contact. So there is an out, but it does say. It's very important, once you are in jail, especially the county jails, you're there for 9 months sentence and we know what it means to have family contact and visitations. Many of those are for non-violent offenses, driving offenses, and to not provide in-person visitation is something that needs to be looked at. I want to also state that the Maine Sheriffs Association supported the bill, except for one sheriff who testified against it. I'd like to read a little about what the Sheriffs Association testified. They first stated they opposed the original version in the 128th. It died. 'However we supported the final amended language which is reflected in this bill. This language addresses the concerns expressed by the Maine Sheriffs Association about contraband coming into our jails. Additionally it allows the sheriff to determine if their facility is unable to provide a safe environment.' I conclude that they also said that this is an excellent example of Maine lawmakers working collaboratively with Maine sheriffs to construct a responsible bill that addresses the basic human needs of our inmates to spend time with their families. They unanimously supported this bill and this was read to us on behalf of the Maine Sheriffs Association by Sheriff Young of Piscataquis County. Thank you very much.

THE PRESIDENT: The Chair recognizes the Senator from Kennebec, Senator Cyrway.

Senator **CYRWAY:** Thank you, Mr. President. Ladies and gentlemen of the Senate, this bill is a dangerous bill. It represents visitation in the jails and, you know, I went to work for Kennebec County Jail as a Corrections Officer and got trained at the Academy as a Corrections Officer. Then I went as a Program

Coordinator. I set up all the programs for the inmates. I did that for two and a half years and I also was Assistant Jail Administrator for two and a half years. I've been a Deputy Sheriff for 25 years. This bill is look from the outside in, not from the inside out. We have to look at the safety for officers inside the jail and we have to look at the safety for the inmates inside the jail. If you allow visitations many times you've heard of maybe some inmate overdosing, or maybe getting stabbed, or maybe some incident that happens with shanks or items getting inside the jail. This is weakening our visitations so that more can get in. The language that they are proposing is to put in that you 'shall' instead of 'may' for the sheriffs to have this decision. The amendment authorizes, that I'd like to see, would change from what this bill is trying to do right now. Instead of requiring, as in the bill, the sheriffs of the county jail to provide for in-person visitation between a prisoner and a visitor of the prisoner subject to any conditions and limitations required for the safety and security of the jail as determined on a case-by-case basis by the sheriff. This would take that away, the current bill that's on the screen. So, you know, I've done a class at the Academy and I was chosen with another individual to go up front of the class and we hid four items on my person, and I went and did a roleplay for exchanging items in front of the class to see if they could pick it out if I did it. All four items I was able to get to the person without 30 some odd class members, that would be like this Senate right here, watching and could not see me exchange those four items, and they did not see one of them exchanged. That was from drugs to a paperclip to different items, one actually was a little jackknife, and they did not see it happen. I heard about driving offenses. That's not what this is about. This is about a sheriff being able to elect whether that person is a danger, or has drug background, where there may be a situation where he may feel that this is not idea for this individual to have that visitation. It's all nice if we could do visitations for everyone, but we have to look at what is safe for the people inside the jail. I don't think, you know, you would like it if you had a relative that got stabbed inside the jail and they say, 'How did they get this item?' or if you had somebody overdose that you knew was a drug addict and they were a member of your family and they said, 'How did they get drugs in the jail to overdose?' This is what this bill is doing. It's weakening and allowing that to happen. So I suggest, from my experience, to go with the amendment. Also the Sheriffs Association, I just spoke with Mary-Anne LaMarre, who is the person representing the Sheriffs Association, agrees with me this morning and said that they need Amendment "A" and not to go with this bill. There was only one sheriff out of the Sheriffs Association that was kind of on the fence for this bill as it is presented. So we need to support our sheriffs and there are 15 sheriffs that are for the Amendment "A". So follow my light please.

THE PRESIDENT: The Chair recognizes the Senator from Arostook, Senator Carpenter.

Senator **CARPENTER:** Thank you, Mr. President. I disagree with my good friend from Kennebec County where, by the way, they have in-person visitation both with and without physical contact today. Senator Deschambault talked about it, if any of you want to look and see what your sheriff does. I don't know whether the Sheriffs Association has changed their position or not. What I do know is after the last session of the Legislature they sat with the sponsor of this bill at length and worked this bill

out and they came in, in person, with written testimony and supported the bill. It sets up a default position. It says you've got to have in-person visitation except any case that is not safe, anyplace where it is not secure, you don't have to do it. It does make the jailor arguably, or the sheriff, work a little bit harder and say, 'You can have in-person but you can't because you're more dangerous.' If they can back that up that's fine. But they don't have to allow in-person visitation to everybody coming into the jail. That's just not accurate. All the amendment does is says - it's completely spurious because what it says is you can do what you're doing now. You may allow. Most of them are already allowing it. So I think this is a bit of an overblown situation. It leaves the authority to give contact visitation or not right in the hands of the sheriffs and they can make the determination if they wish. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Knox, Senator Miramant.

Senator **MIRAMANT:** Thank you, Mr. President. Men and women of the Senate, Senator Carpenter said many of the things I was going to say. I was sitting here reading the bill and it seemed to be exactly what Senator Cyrway was saying, that they need to have some flexibility. The part that I just remind everyone of is that these are jails. These are terms of less than a year. These are people who are just going to be - they made a mistake, they'll be out of the community for a very short period of time. We want to maintain their humanity so they come out and reconnect with everybody and don't stay on a path that will have them down in my constituency in Warren soon. I think without the amendment we're just fine in protecting the rights of the jailors, the protection of the jail, and the humanity of the prisoners. Thank you.

On motion by Senator **DOW** of Lincoln, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT: The Chair recognizes the Senator from Kennebec, Senator Cyrway.

Senator **CYRWAY:** Thank you, Mr. President. Ladies and gentlemen of the Senate, I'm just speaking from experience working inside the jail. I just heard one of our Senators say this is only a year's sentence. Well, it's not a sentence of a year. These people are just as harmful, if not worse, than when they go to a prison. Some of them are murderers. Some have sexual history of - I had one with over 38 courts and he was all over the United States. I've had some serious felons where they did armed robberies, where we had to have U.S. Marshals to take them to other states. We've had some that are very, very dangerous people. That is a temporary hold. It is not just a mere driving incident or something like this. These are situations that we are dealing with. When you talk about a visitation where it could mean a danger to a corrections officer, or to other inmates that may just be in there for driving, we have to look at their security and their safety. This is a very serious bill. I can't say it strongly enough, and when the Sheriffs Association, all except for one that was kind of on the fence, is saying to you that this is not a good bill the way it stands I would listen. They have the experience and I heard it this morning. This is not - and I've asked to table and it has been tabled. So I think this is really something to take

serious and I think if you can follow my light you will be saving, maybe, a corrections officer's life or another inmate's life. So thank you and follow my light.

THE PRESIDENT: The Chair recognizes the Senator from York, Senator Deschambault.

Senator **DESCHAMBAULT:** Thank you. Well, from someone that has also worked inside, I know that this does work and should work in the county jails. In the State facilities there are contact visits but there are also non-contact visits. How that's decided is by classification and that's what the sheriffs, it's not really case-by-case, you can classify based on the crime, based on their behaviors. If anything it improves the inmate's behaviors. Rather than talk to Mom on a video, if they knew if they kept their nose clean that they could see their mother or their children or their wife face-to-face, sitting across from one another, it does promote good behavior. That's one thing. I've seen it, and the other thing is we're just talking a few months they're in the county jail. They're away from their families. They've lost their jobs. It just needs that contact. As far as the Sheriffs Association, all I can tell you is that since last summer, I believe, they've been meeting with the sponsor. I was told that the sponsor has met with each sheriff individually. Pros and cons on how best to this and it can be done. It's called classification; who can have it and who can't, who loses it, who wins it. That's the way it should be done. So I would urge you to - I just don't understand the change. I think what this bill really does is it tells every county jail that they should at least have a provision for face-to-face visitation and not rely on all these other video or what have you. So I would urge you to follow my light. I've been there. I know it works and I think we deserve to do it for the county jails also. Thank you.

THE PRESIDENT: The pending question before the Senate is Acceptance of the Majority Ought to Pass Report. Is the Senate ready for the question?

Senator **MILLETT** of Cumberland moved the Senate **ACCEPT** the Majority **OUGHT TO PASS** Report, in concurrence.

On motion by Senator **DOW** of Lincoln, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Millett.

Senator **MILLETT:** Thank you, Mr. President. Mr. President, ladies and gentlemen of the Senate, this bill is a simple matter. It would simply request a whopping \$5,000 in seed money to aid in providing a historical commemoration and preservation of the history of Maine's maritime patrol aviation, highlighting role of the

Brunswick Naval Air Base. In 2015, with the help of the Mid-Coast Redevelopment Authority, the museum was able to purchase the former Navy Chapel to house the collection and create educational space. The Naval Museum and Memorial Garden is a 501C3 organization and has set an ambitious initial fundraising goal of \$770,000. These funds will bring the chapel up to code and help establish the educational spaces. I would ask you to support this effort. Thank you, Mr. President.

Senator **BELLOWS** of Kennebec moved the Senate **ACCEPT** the Majority **OUGHT TO PASS AS AMENDED** Report, in concurrence.

On motion by Senator **DOW** of Lincoln, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT: The Chair recognizes the Senator from Lincoln, Senator Dow.

Senator **DOW:** Thank you, Mr. President. My objection to this bill is not that there are any penalties at all. My objection is it violates one of the rules that I use in figuring out what penalties to use and I must admit I go back to biblical rules. The phrase 'an eye for an eye and a tooth for a tooth' has always been thought of as revenge, but it isn't. What it amounts to is that the penalty must fit the crime and here we're asking to change the penalty by five times the amount of it used to be and that's my objection. Thank you, Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from Kennebec, Senator Bellows.

Senator **BELLOWS:** Thank you, Mr. President. Ladies and gentlemen of the Senate, most employers play by the rules and this bill does not apply to them. This bill applies to a small minority of businesses who don't play by the rules, who fail to pay their workers that final check or, worse, pay their workers less than the minimum wage, who are guilty of wage and hour violations. The Roman Catholic Diocese of Portland gave very compelling testimony in favor of this bill and I quote: 'The economy truly does exist for the person and not the other way around and if we truly believe that economic life should be shaped by moral principles then the economic choices we make must be judged by how well they protect the life and dignity of the person.' The testimony went on to say: 'This bill is needed to protect the dignity of workers.' What the bill does is increase the fines for wage theft from \$100 under the law today to \$500. It gives the Department flexibility for subsequent violations to be between \$500 and \$2,500. It increases by four the number of labor and safety inspectors at the Department of Labor. I urge you to vote Ought to Pass.

THE PRESIDENT: The Chair recognizes the Senator from Penobscot, Senator Guerin.

Senator **GUERIN:** Thank you, Mr. President. Mr. President, ladies and gentlemen of the Senate, we certainly all want employees to be paid fairly. I stand in opposition to the pending motion on the grounds that the increase in fines is too great, it adds four new positions for investigations and it removes the discretion of the Department of Labor. L.D. 857 increases the fine for a business wage violation from a straight \$100 to \$500 for the first violation and up to \$2,500 for each subsequent violation, even when in the case of a multiple employee violation that was unintentional, such as a computer error that caused many violations at the same time for different employees. The bill also has another provision that perhaps is even more concerning. L.D. 857 removes the discretion of the Department of Labor to waive or reduce the fine in extenuating circumstances, such as the clerical error or other non-intentional violations. Please join me in voting against the pending motion.

THE PRESIDENT: The pending question before the Senate is Acceptance of the Majority Ought to Pass as Amended Report. If you are in favor of accepting that report you will be voting yes. If you are opposed you will be voting no. Is the Senate ready for the question?

The Doorkeepers secured the Chamber.

On motion by Senator **TIMBERLAKE** of Androscoggin, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Carson.

Senator **CARSON:** Thank you, Mr. President. Just very briefly, I think we all know the perils of polystyrene, how it stays in the environment, if not forever, for hundreds of years; how it can't be recycled; and the other problems that it has. I want to report that I had a brief conversation with the plant manager of Huhtamaki, the former Keyes Fiber plant, in Waterville yesterday. That plant has been in business putting Maine people to work since 1903. Huhtamaki makes recycled and recyclable paper products, including single use food containers. They buy newsprint on the open market, bring it to Maine, make pulp out of it, and make trays for multiple cups of coffee or other beverages. They make food trays that are both from recycled content material and compostable and, importantly, they make some, but not all, of the single use food containers such as paper plates. They are safe. They are from recyclable material. They are recyclable themselves and Huhtamaki in Waterville, Maine puts 500 men and women to work with good paying jobs. I urge you please to follow my light and vote Ought to Pass.

THE PRESIDENT: The Chair recognizes the Senator from Androscoggin, Senator Timberlake.

Senator **TIMBERLAKE**: Thank you, Mr. President. I think I was in error. Not that you've ever made one, but I have. I wasn't supposed to request a roll call. Can I withdraw the roll call on that one?

Senator **TIMBERLAKE** of Androscoggin requested and received leave of the Senate to withdraw his request for a roll call.

THE PRESIDENT: The Chair recognizes the Senator from Androscoggin, Senator Timberlake.

Senator **TIMBERLAKE**: Thank you, Mr. President. Ladies and gentlemen of the Senate, some people would think that maybe this bill was put in to save businesses money and the reason this bill was put in was not to save a business one penny. This was to, hopefully, let younger adults actually get a job because with what's happening in today's world of minimum wage and so forth going up so fast and they not being able to do an awful lot of jobs in a lot of businesses, whether it be mowing the lawn or sharpening chainsaw chains or blades or pumping propane, which they can't do. None of those things they can do or drive. There're a lot of reasons now that business aren't hiring younger kids like they used to. This is a very simple thing. It just rolls back minimum wage to kids under 18 years of age that are in school to 75% of ever the minimum wage is. If we want to protect our youth and to help our youth grow and learn the value of the dollar and to learn responsibility it's been a great experience for them. There are a lot of businesses that I talked to within my district that are not hiring as many youth as they used to because if they're going to pay that amount of money they'd rather hire an adult. I just look at this as way to help our kids. I get an awful lot of youth that come up to me and ask me, you know, what we can do. Our family hires youth and we're paying the wages and we're doing things, but there's a lot more that could be done and more that could be hired. In one business strip in Turner alone there is about five less youth working than what there used to be. When you go to talk to the businesses that are hiring them, most of them have to do with the raising of the minimum wage and having to pay that much. I ask you to oppose the pending motion and follow my light and I just thank you for the time. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Kennebec, Senator Bellows.

Senator **BELLOWS**: Thank you, Mr. President. Ladies and gentlemen of the Senate, I urge you to follow my lead and accept the pending motion of Ought Not to Pass for three reasons. First and foremost, we should not be placing into the law discrimination of any sort, including discrimination based on age. Our U.S. Constitution guarantees equal protection under the laws and that includes everyone. But it's not just a civil right issue. There's a real pragmatic aspect of this as well. Should we codify sub-minimum wage for youth we would, inadvertently, create discrimination against older adults because we'd create a preference for hiring young people over seniors who might need that part-time work. Third, this bill fails to recognize that there are young people who are working not for pocket change but because they have to. All people should be treated fairly, should earn equal pay for equal work. Let's not codify discrimination into the law. I urge you to join me in voting Ought Not to Pass.

THE PRESIDENT: The Chair recognizes the Senator from Penobscot, Senator Guerin.

Senator **GUERIN**: Thank you, Mr. President. Mr. President, ladies and gentlemen of the Senate, I would like to ask your indulgence and have you look back in your memory for a moment to your first job. My first job was a lot more fun than it was work. I really enjoyed it. I had almost total flexibility of when I would come to work or when I would not come to work. If my family went on vacation I was allowed to go. I really had a lot of fun at that job. Now I'd like to have you look forward to a job you had as a young adult, maybe a college student or someone who went to work after high school. Those jobs, for me, were a lot more serious in their commitment. My family went to Niagara Falls, I remained back at my job and sorely missed the freedom of those flexible first jobs. I ask you to look at those two scenarios in your life and think about if you were an employer if that training type job worth the same amount as someone who is a more seasoned worker. In this time of near full employment, I would urge you to vote against the pending motion and support the idea of a youth wage that would encourage employers to hire our young people for their first, hopefully, fun job. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Kennebec, Senator Cyrway.

Senator **CYRWAY**: Thank you, Mr. President. Ladies and gentlemen of the Senate, I think back when I was young and I started when I was like 10 or 11 years working, and I don't think I'd measure up to somebody at 20 or 21 or 18 at that age. But I enjoyed working and I learned quite a few things. In fact, when I was like 13 I think I learned how to back up a ton and a half truck before I could even go forward with it out in the cornfield. I learned a lot of different measures and how to plant and how to do a lot of different things. Also I went to work on other farms, a chicken farm. I went to work on delivering newspapers and doing different sort of works. Also, you know, when you think of sometimes piecemeal type stuff that you work. This is kind of mandating you're going to be at the same level as everyone and I think that this bill would have really helped young people to get a chance to get a work ethic and a work environment. So I'd like to just try to get these children a chance. Thank you and follow my light.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Millett.

Senator **MILLETT**: Thank you, Mr. President. A good number of us in this Chamber are getting on in our years and I would say that the world today for our kids is not the world that we knew when we were younger. One of the major topics that we've dealt with over the last number of years in the Education Committee is affordability of higher education and for many kids these jobs aren't just to go out and experience or have fun driving around a tractor. It is a way to make their way forward in their life and in their future and I hope we will respect their efforts of putting their own skin in the game and making their way forward. Thank you, Mr. President.

SENATE REPORTS - from the Committee on **LABOR AND HOUSING** on Bill "An Act To Help Small Employers by Making the Minimum Wage Increase More Gradual in Nonurban Areas" S.P. 330 L.D. 1098

Majority - **Ought Not to Pass** (8 members)

Minority - **Ought to Pass as Amended by Committee Amendment "A" (S-40)** (5 members)

Tabled - April 11, 2019 by Senator **BELLOWS** of Kennebec

Pending - motion by same Senator to **ACCEPT** the Majority **OUGHT NOT TO PASS** Report

On motion by Senator **KEIM** of Oxford, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT: The Chair recognizes the Senator from Oxford, Senator Keim.

Senator **KEIM:** Thank you, Mr. President. Ladies and gentlemen of the Senate, I thank you for the indulgence to take a few minutes of your time to speak on the issue of minimum wage. I absolutely must share with you the realities that this arbitrary increase in cost has had on my area of Maine. L.D. 1098, an Act to Help Small Employers by Making the Minimum Wage Increase More Gradual in Nonurban Areas, is legislation that's similar to that what was enacted in Oregon and New York who implemented a different minimum wage based on rural versus urban areas. This is a sensible approach that recognizes Maine's different economic realities while preserving the current wage structure approach for the Portland area. There is a dramatic different economic reality in rural Maine than in the Greater Portland area. The landscape of Western Maine, the part of Maine that I am most passionate about, is being gutted of local corner stores, grocers, ice cream shops, the small Mom and Pops that are community hubs where you can grab a pizza, a whoopie pie, catch up on town gossip, and feel connected. That kind of store and business is disappearing and they will not be back. To make up for the increase costs the Mom and Pops are working 80 plus hours a week, they're cutting back employee hours and they're on a path to burn-out because they are willingly trading their very lives for the future success of their family business. Only big business that can find other ways to cut costs, like McDonald's and Burger King and Walmart, are the ones that are going to be surviving and that is a really sad picture for my area of Maine. Additionally, I'm very concerned about the most vulnerable population. The rising costs are hurting them. The elderly, the handicapped, the veterans, anyone living on a fixed income and rural Maine has a higher percentage of this population. Seniors have approached me and said their social excursions, their time to get out and be together, is being hampered by rising costs. They simply can't afford to go out for breakfast and coffee as often, which is easy to understand when you consider that average Social Security income in Maine is \$16,256 a year, and this does not increase because of our increase in minimum wage. This is a matter of fundamental economics. This bill would slow down the increase so that we would reach, in rural Maine, \$12 an hour in 2022. The current structure is simply too much too fast and we need a little extra time to let it filter through the system. I thank you for your time.

THE PRESIDENT: The Chair recognizes the Senator from Kennebec, Senator Bellows.

Senator **BELLOWS:** Thank you, Mr. President. Ladies and gentlemen of the Senate, I rise in support of the pending motion, Ought Not to Pass, on this legislation. I'd like to share with you the consequences of the voter approved increase in the minimum wage in 2016. More than 100,000 workers saw a pay increase. It was for the first time in eight years. According to data from the U.S. Census Bureau, in that same year, at the start of the

minimum wage increase, 10,000 Maine children were lifted out of poverty, a greater number than any prior year in the previous decade. According to state and federal labor data from January to June 2017, employment actually grew in the state; 8,000 jobs were added statewide. Maine's unemployment rate remained under the national average. In fact, it has not exceeded 3.5%. It reached its lowest point a year ago at 2.6%. That unemployment underscores one of the greatest challenges in our state, and that is workforce shortages. My concern is if we create a differentiated minimum wage, lowering the minimum wage in rural parts of the state and having it remain high in more urban parts of the state, that is only going to exacerbate the flow of workers from more rural areas to more urban areas because if you are a young person in rural Maine and you know that you can get more money down in the Portland area and that the law, indeed, mandates that, it's basic economics that is going to contribute to the workforce shortages in our rural areas. I'd just finally like to say that not only have the number of jobs increased, not only has unemployment remained low, but, indeed, the number of hours has changed. Instead of losing hours 2018 data from Occupational Employment Statistics showed that on average Maine workers slightly expanded their schedules from 36.9 hours per week in 2016 on average to 37.1 hours per week in 2017. Indeed, similarly we did not see a huge increase in price inflation, rather grocery prices in Maine have fallen, according to the statewide data. So that's some of the statistics. I urge you to consider following my light and voting in favor of the Ought Not to Pass report. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Somerset, Senator Farrin.

Senator **FARRIN:** Thank you, Mr. President. Ladies and gentlemen of the Senate, I am opposed to the Majority Ought Not to Pass report. Representing one of the poorest counties in the state of Maine, we can talk about data, facts. I offer anyone to take a ride up 201 through Bingham, Jackman, Moscow, and see the effects that this minimum wage has had on businesses and people are leaving. We talk about setting up the difference between rural and urban areas and non-urban areas. They are leaving because businesses, the opportunities, aren't there. I have very many constituents that would love to stay in rural Maine, in Somerset County. Because the businesses and the opportunities are going they are moving for other opportunities outside to the urban areas. We need to slow down. It is hurting us. We can look at facts and studies and reports. Come spend a weekend with me. I'll take you through Somerset County and show you what the effects this is having and it's devastating. Thank you, Mr. President.
